

# Math Test

Please review the following concepts with your child as well as looking through worksheets that have come home, My Reference Book, and Home Links pages. Good luck!

- Tell time to the hour using an analog clock
- Count and draw the value of a given set of mixed currency (nickels and pennies)
- Count tally marks for a given number
- Add and subtract numbers using 1 or 0
- Use a number grid to start at a given number and then count forwards or backwards
- Listen to addition and subtraction story problems and give an answer (drawing a picture/using the number line/using manipulatives)
- Count forward and backwards by 1's, starting at a number other than one
- Skip count by 2's and 5's

## My Reference Book:

Practice using a number line and grid: Pages 6-8, 23-24

Tallies: Page 40

Telling time: Page 78-83

Money: Page 88
