

Second Grade News

Here's what's happening November 2-13

Reading: As we enjoy reading **A Trip to the Fire Station** and **At Play: Long Ago and Today** we will be working on asking meaningful questions to better understand the text. Also, we will identify the “big idea” of the text. We will practice our fluency and expression as we perform a readers theater. We will be reading many other stories on our reading levels as we practice these skills.

Word Work: We will be identifying new patterns such as long e with the spelling of ey and y. Some groups will continue to work on short vowels. Please continue to sign the Space Spelling homework sheets that are returned on Fridays.

Writing: We will continue with our writing unit “personal narratives” by writing about our favorite things. We will focus on small moments and adding details to make our writing more interesting. We will work through the writing process as we prewrite, draft, edit, revise and publish!

Math: We will wrap up unit 3 Place Value, Money and Time the week of November 9. Please help your child prepare for the test by revisiting the homelinks that are in your son/daughter's math folder. We will begin unit 4 called Addition and Subtraction. We will begin adding and subtracting double digit numbers. **Keep practicing that fact power!!** The second graders will begin to bring their Math Reference books back and forth to school. Please help your child cover these books so they stay in great condition. Our hope is that you and your child will enjoy playing the games that they have been taught and that you can refer to the book when there is a question.

Science/SS: Some classes are learning about Earth and Space and others are working on the Where we Live unit.

**** special notes****

- The Gator Aid is updated weekly with important Gator information
- Cover the Math Reference books and PLEASE return to school each day!

Dates to Remember:
