Notes

¹ State and local request amounts are subject to change. The state and local cost share percentages are updated every 2 years based on a pre-defined formula. The state and local cost share percentages for FY 16 - FY19 were - state 63% and local 37%. For the FY 2020 request, the percent cost share will be updated. The current proposed state and local cost share for Harford County is 60% state and 40% local. The proposed cost share percentage updates are pending approval of the State Interagency Commission (IAC).
