

Capital Budget

Program Overview

The Facilities Management Department Division of Planning and Construction develops school facilities that meet student population and educational program requirements. The department is responsible for managing planning and construction activities that are coordinated for the purposes of modernizing, renovating and improving educational facilities for the students and staff of HCPS. The department utilizes demographic information, educational specifications, procurement practices, architectural and engineering parameters, and budget data to deliver planning and construction related services in support of High Student Achievement.

Each year the Board of Education, school staff, and community, review and analyze the Capital Improvement Program (CIP) for the Board to establish priorities as it secures future funding. This review includes the status of county and state funding levels from the previous fiscal year, the volume and status of current approved capital projects, an analysis of enrollments and capacities, and a study of population growth within Harford County. In addition, information obtained from system wide building evaluations, a review of project categories, and the infusion of technology into our facilities are considered.

All construction projects are budgeted in the School Construction Fund, which is often referred to as the Capital Budget. School construction is budgeted on a project basis. Projects may be funded over several years with funding allocations carried forward over multiple years until completion.

The Harford County Board of Education lacks taxing authority and remains revenue dependent upon Harford County Government and the State of Maryland to fund the Capital Budget. State funds are approved based on the recommendations of the Interagency Committee on School Construction (IAC).

The Capital Improvement Plan is managed by the Facilities Management Department Division of Planning and Construction and the Office of Operations. Harford County Public Schools has developed a multi-year capital improvement plan and updates the plan annually based on changing enrollments and conditions of schools. The School Construction Fund accounting is handled by the Finance Department in Business Services.

Harford County Public Schools School Construction Fund Capital Projects					
	Actual FY 2016	Actual FY 2017	Budget FY 2017	Budget FY 2018	Budget FY 2019
Revenues:					
State	\$9,514,383	\$3,963,370	\$8,732,000	\$13,592,000	\$14,111,000
Local	\$22,676,418	\$19,129,002	\$11,616,948	\$35,023,000	\$68,426,858
Federal	-	-	-	-	-
Other Revenue	\$820,031	\$75,442	-	-	-
Total Capital Revenue	\$33,010,832	\$23,167,814	\$20,348,948	\$48,615,000	\$82,537,858
Total Capital Expenditures	(\$33,285,201)	(\$23,576,768)	(\$20,348,948)	(\$48,615,000)	(\$82,537,858)
Excess/deficit	(\$274,369)	(\$408,954)	-	-	-
Capital Projects Beginning Fund Balance	\$2,402,814	\$2,128,445	\$2,128,445	-	-
Capital Projects Ending Fund Balance	\$2,128,445	\$1,719,491	\$2,128,445	-	-

School construction is accounted for by individual projects, where revenues are recognized at the same time as related expenditures. Under the budgetary basis of accounting, this normally results in a fund balance of zero at the end of each period.

Capital projects funds are used to account for financial resources used in the acquisition, construction, or improvements of major capital facilities. A capital expenditure is the amount used during a particular period to acquire or improve long-term assets such as property, plant, or equipment. However, some capital expenditure designations have been determined by the way Harford County Government funds the expenditure (i.e. Textbook/Supplemental Refresh).

Capital Improvement Impact on the Operating Budget

When the School Construction Fund pays for a new building or the expansion of a school, there is an impact on the Operating Budget. The Executive Directors of Elementary, Middle and High School determine the staffing needs at the school, while the Executive Director of Facilities and the Assistant Superintendent of Operations determine the building maintenance needs.

As the Capital Improvement Plan is implemented and facilities are expanded, the Board of Education determines staffing additions based on:

- Enrollment projections
- State rated capacities and percentages of utilization
- Availability of operating funds

While some of the capital improvements involve maintenance of facilities, which should help keep operational costs down, building expansions often involve shifting students from portable classrooms to permanent instructional facilities. This often minimizes the effect on the operating budget since the instructional support is already in place. Traditionally, when a new school opens, the Board of Education has provided supplemental budget allocations for the purchase of textbooks, library materials, and other related instructional items. The custodial staffing allocation is calculated based on square footage and special needs.

Each year, a review of the operating impact of new construction or renovations is undertaken and funds are requested during the budget development process. The county government determines the projects to be included in the capital program by their funding of the projects. Projects include new building construction, renovations, modernizations, additions, roof repairs, HVAC repairs, textbooks, technology, and various other equipment or improvements.

BOARD OF EDUCATION OF HARFORD COUNTY CAPITAL IMPROVEMENT PROCESS

DEVELOPMENT OF THE FY 2019 CAPITAL IMPROVEMENT PROGRAM

Each year, the Board of Education reviews and analyzes the capital needs of the school system. Factors such as the age of existing facilities, student enrollments, school capacity, population trends, residential development, and existing building systems are all studies to develop a list of capital priorities.

THE CAPITAL IMPROVEMENT SCHEDULE

October 2016 to April 2017	Superintendent's Technical Advisory Committee
January to May 2017	CIP Priorities List Developed
June 2017	Facilities Master Plan Approved
July 2017	First Reading of CIP to Board of Education
September 2017	Board of Education Adoption of CIP Priorities
September 2017	Presentation to Planning Advisory Board
October 2017	Presentation to Harford County Government
October 2017	Submission to Interagency Committee (IAC)
January 2018	Submission to Harford County Government
May 2018	Approved by Board of Public Works
June 2018	Approved by Harford County Council
July 2018	Funds Available

			\$ 14,111,000		\$ 68,426,858		\$ 82,537,858	\$150,904,858

Notes

¹ The State - Local Cost Share percentages were approved by the State Board of Public Works on October 18, 2017. For FY2019, the state share percentages of public school construction funding for eligible costs of approved projects for Harford County Public Schools is 63%.

² The Havre de Grace Middle/High School replacement calculations were based on FY 2018 Average Statewide per Square Foot School Building Cost (\$315.35/s.f.). The IAC adjusted the FY 2018 Average Statewide per Square Foot School Building Cost on April 7 2017 to \$348.67 / s.f. This will affect the State-Local cost share for the Replacement of the Havre de Grace Middle/High School.

³ The Bel Air Elementary School HVAC/Open Space Enclosure project received full funding from the County in the FY 2018 CIP. The State funded \$3,023,000 in the FY 2018 CIP, \$568,000 is the remainder of the State funds required to complete the project.

⁴ Some projects receive funding over multiple years. The TOTAL PROJECT COST column identifies the total cost budgeted for a project receiving funding over multiple fiscal years. The STATE REQUEST, LOCAL REQUEST, and TOTAL FY 2019 CAPITAL FUNDING REQUEST columns identifies the funding requested for fiscal year 2019.

PROJECT:	SPECIAL EDUCATION FACILITIES IMPROVEMENTS	LOCATION:	Various	REQUEST NO:	1	of	35	TYPE OF PROJECT	PROJECT NUMBER	BB13012
----------	---	-----------	---------	-------------	---	----	----	-----------------	----------------	---------

Project Description / Justification:

This capital project funds the necessary renovation and upgrades for our facilities to comply with special education laws and mandates. The State and Local code mandates are unknown at this time, but can be issued without notice. Currently in Hartford County, autism classrooms for elementary and middle schools are at capacity. Based on the projected growth, there is a need to modify additional classrooms to accommodate the special needs and anticipated growth of these planning, design, and construction. Middle school children with autism require two additional classrooms - one with a bathroom, a sensory area and a seclusion room. The project requires six (6) additional Special Needs buses to meet projected special needs requirements.

FY 2019 - Elementary children with autism require two additional classrooms - one with a bathroom, a sensory area and a seclusion room. Future Link on campus - Add 2 life skills classrooms in high schools to meet growing needs of the 18-21 year old population. High school students with autism require two additional classrooms - one with a changing area, one with a kitchen area, a sensory area and a seclusion room.

FY 2020 - Future Link on campus - Add 2 life skills classrooms in high schools to meet growing needs of the 18-21 year old population. High school students with autism require two additional classrooms - one with a changing area, one with a kitchen area, a sensory area and a seclusion room.

FY 2021 - Enhance life skills classrooms in high schools to include independent living instruction (kitchen and laundry appliances). Facility improvements to meet special education needs and State and Local mandates. Early Learner/Early Intervention require two additional classrooms - each with a bathroom, a bathroom, a shared sensory room. Elementary children with emotional disabilities require two additional classrooms - one with a bathroom, a sensory room, and a seclusion room.

FY 2022 - Enhance life skills classrooms in high schools to include independent living instruction (kitchen and laundry appliances). Facility improvements to meet special education needs and State and Local mandates.

FY 2023 - Enhance life skills classrooms in high schools to include independent living instruction (kitchen and laundry appliances). Facility improvements to meet special education needs and State and Local mandates.

FY 2024 - Enhance life skills classrooms in high schools to include independent living instruction (kitchen and laundry appliances). Facility improvements to meet special education needs and State and Local mandates.

Capital plans/funding are based on the implementation of IDEA and the compliance of laws and mandates associated with supporting students with disabilities in HCPS. Failure to address student needs may lead to litigation and much higher costs.

PROJECT: HAVRE DE GRACE MIDDLE/HIGH REPLACEMENT SCHOOL**DISTRICT:** Havre de Grace, MD**LOCATION:** Havre de Grace, MD**REQUEST NO:** 2**of****35**

Project Description / Justification: The Havre de Grace High School consists of two (2) buildings with a main administration and classroom facility built in 1955. The building was renovated in 1984 and had additions built in 1958, 1971, 1976 and 1984. Constrained by the urban setting, the second building, part of the 1971 addition, was built across Congress Street and includes the auditorium, gymnasiums, and music wing. Havre de Grace Middle School was built in 1967 and has had no major renovations or modernizations. A scope study was performed to evaluate options, and on 9/23/13, the Board of Education approved a recommendation to build a new building combining the middle and high school population in a single school. The Board of Public Works approved Local Planning for this project in the FY2015 CIP under the Sustainable Communities Program. Educational Specifications and Schematic Design for the new building were approved by the BOE on August 4th and 18th (2014) respectively, for a new building of 250,111 square feet and a combined state rated capacity of 1542.

Project Band 1 Major Construction

Project Schedule: Construction to begin 2018, with building completion expected July 2020
Demolition of existing buildings to follow

PROJECT: TECHNOLOGY SYSTEMS REFRESH
COUNCIL DISTRICT: LOCATION: Various

REQUEST NO: 35 **REQUEST OF:** 3 **PROJECT NUMBER:** B044118

Project Description / Justification:

This project addresses critical annual investments required for a rapidly growing, technology rich environment. These investments are essential to maintain a high level of operational efficiency, avoid obsolescence, address increased bandwidth demands and preserve compatibility to industry standards for technology infrastructure components. This over-arching project includes refresh programs for instructional and administrative computers; network, information security, data storage and communications equipment; servers; and auditorium/gymnasium audio/video/theatrical lighting systems. The project also encompasses the integration of multi-media interactive technologies into classrooms to promote stronger student engagement. Additionally, the project is a strategic information technology collaboration involving all the government agencies to address current and future technology initiatives of Hartford County. The future year projections represent a place holder. The Technology Department will provide a detailed estimate of costs.

The FY 2019 request comprises

Network Equipment Replacement (7-8 year cycle): 1,310 wireless access points must be replaced due to End of Life (EOL) support. The \$406K is the matching funds required by Erate to fully fund the replacement. Additional firewall to create redundancy on the instructional wireless network. \$795K for replacement of Extreme switches which end support Oct 2018 (AMS, BAHS, EHS, DFES, MVES, JOES, CMW, COHA) and core replacement in (FMS, JHS, NHMS, RPES, SMS, AHS)

Replacement Desktop/Mobile (4 year cycle): Refresh of computers at EOL support. FY19 is cost of phase II for 1 device per student along with refresh of non-instructional devices (teacher/clerical/admin)

Phone Systems Replacement: Replace antiquated analog phone systems where 50% are approaching 20+ yrs. old. Doing so we can save approx. \$300K of operating budget on phone lines by using HMAN. Existing vendor, Toshiba, closed their Telecommunications Division March 2017.

Multi-media (projectors) Replacement: Refresh aging LCD projectors. Replacement bulbs, if available, cost more than a replacement projector with higher brightness and newer technology bulbs.

Auditorium/Gymnasium Audio/Video Systems: AHS Auditorium Sound Modification, NHHS Auditorium Sound/Video Modification

PROJECT: Bel Air Elementary School HVAC Systemic Renovation & Open Space Enclosure

COUNCIL DISTRICT: Bel Air, MD

REQUEST NO.: 4 **of** 35

TYPE OF PROJECT

PROJECT NUMBER _____ **NEW** _____

Project Description / Justification: This project will address the replacement of the HVAC system in place at the school, with the exception of the chiller and associated pumps that were replaced in 2011. Additionally, the project will address the open space classroom configuration on the first floor by the erection of wall partitions and separate doors for each classroom. Fire sprinkler service will be extended to serve all the interior spaces. LED lighting for the school will be considered as an add alternate since Bel Air ES previously participated in fluorescent lighting upgrades. A back-up generator for the school and compliance with MEMA will be considered under this project. The existing HVAC system consists of chiller / boiler, dual pipe HVAC system with unit ventilators / fan coils in the classrooms and offices. The cafeteria/stage and gymnasium are served by air handling units. The kindergarten area is served by multi-zone roof top unit.

This project was fully funded by the County and partially funded by the State in FY 2018. This is to request the remaining State funding needed to complete the project.

Priority Band 1 Major Construction

Project Schedule: Design summer/fall 2017. Bid spring of 2018. Construction to begin summer 2018 and take approximately six months.

Project Status: N/A

PROJECT MANAGER: TBD

PROJECT: EMERGENCY SYSTEMS & COMMUNICATIONS
COUNCIL DISTRICT: LOCATION: Various
Project Description / Justification: Funds are utilized for the installation, replacement or addition of generators to provide life safety measures in the event of power failure in school facilities. This includes replacing recalled sprinkler heads for sprinkler code compliance.

TYPE OF PROJECT
REQUEST NO. 35
PROJECT NUMBER B004112

The following projects are scheduled for future years:

- FY 2019 - Replace recalled sprinkler heads at Bakersfield, Havre de Grace, and Roye Williams Elementary Schools for sprinkler code compliance.
 - FY 2020 - Upgrade the existing Edwards EST-2 panels to new EST3x panels and change out any non-compatible devices at Aberdeen HS, Bakersfield ES Edgewood MS, Forest Lakes ES, Halls Cross Roads ES, Harford Tech HS, North Harford HS, and Red Pump ES. Full replacement of fire alarm systems at Homestead Wakefield. Upgrade fire alarm system at Bel Air MS
 - FY 2021 - Upgrade fire alarm systems and install a generator at Church Creek ES
 - FY 2022 - Upgrade fire alarm systems at CEO Building
 - FY 2023 - Upgrade fire alarm systems at Mountain Green ES and Fallston MS
- Future Upgrades as needed*

PROJECT: Fallston Chiller Replacement
COUNCIL DISTRICT: LOCATION: Fallston, MD

Project Description / Justification: This project is to replace the water-cooled chiller at Fallston Middle School with an air-cooled chiller. The existing cooling tower enclosure will require updates to make room for the air-cooled chiller. The current chiller has been previously identified as requiring replacement. Recently, it has experienced increased failures that caused the school to be without cooling for a short period. Future problems could lead to additional damage done to the internal components of the chiller. There is risk of possible permanent damage and loss of cooling for an extended period of time.

PROJECT:	REPLACEMENT BUSES	TYPE OF PROJECT	
COUNCIL DISTRICT:	LOCATION:	REQUEST NO:	PROJECT NUMBER
Project Description / Justification:	Various	7	B024118
	Special needs buses are required to meet the needs of growing numbers of students, programs and schools. These buses must comply with Federal regulations and meet IEP requirements for special needs transportation. The MD State Department of Education requires that school systems replace buses after 12 years of use. The FY19 request reflects the cost of replacing all buses that passed the 12 year replacement cycle and allows time to be sure the funds are available prior to bidding and building the buses. (2% annual increase built into projections.)	of 35	

The replacement bus quantity, type and budget amount are scheduled as follows:

FY 2019 40 buses total - 4 buses due for replacement in FY 2016, 12 due in FY2017, 14 due in FY2018; 10 due

in FY2019	FY 2020 6 replacement special education buses	FY 2022 5 replacement special education buses
	FY 2021 11 replacement special education buses	FY 2023 7 replacement special education buses
		FY 2024 3 replacement special education buses

PROJECT: ROOF REPLACEMENT Aberdeen Middle School
COUNCIL DISTRICT: LOCATION: Aberdeen, Maryland

REQUEST NO: 8 _____ of 35 _____

Project Description / Justification: The periodic replacement of roof systems is necessary to prevent damage to the interior of the building and to prevent indoor air quality issues. Additionally, aging schools require window, door, masonry or siding renewal outside the modernization. Improvements will provide enhanced security, energy conservation and weatherproofing.

The roof at Aberdeen Middle School is in need of replacement and masonry point up and waterproofing of the exterior brick walls is needed in FY 2019.

Projects are submitted for funding consideration through the State Capital Improvement Plan request.

PROJECT: ENVIRONMENTAL COMPLIANCE
COUNCIL DISTRICT: LOCATION _____ **Various** **REQUEST NO:** _____ **9** **of** _____ **35** **TYPE OF PROJECT**
PROJECT NUMBER _____ **B974118**

Project Description / Justification: Environmental regulations demand compliance in a number of areas - indoor air quality, waste management, fuel tank replacement, water quality control, radon testing, asbestos removal and other similar matters. Asbestos abatement will occur based on current conditions at the time and available funding.

The following projects have been identified based on priority need:

- FY 2019 - Homestead Wakefield ES (both buildings) - Underground storage tank removal (2) and conversion to natural gas fired boilers (4)
- FY 2020 - Halls Cross Roads Crawl Space ACM Removal
- FY 2021 - George D. Lisby @ Hillsdale Tile and Acoustic Plaster ACM Removal
- FY 2022 - John Archer School Underground Storage Tank Removal
- FY 2023 - North Harford Elementary School Underground Storage Tank Removal
- FY 2024 - Aberdeen Middle Underground Storage Tank Removal

PROJECT:	STORMWATER MANAGEMENT, EROSION, SEDIMENT CONTROL	TYPE OF PROJECT	
COUNCIL DISTRICT:	LOCATION Various	REQUEST NO:	10 of 35
Project Description / Justification:	This capital item funds the restoration of grounds and stormwater management facilities including erosion control, aeration, fertilization, and control of invasive species. Funds are also used to address critical Stormwater piping failures and infrastructure repairs throughout the County. These funds are needed to comply with Federal, State and Local laws pertaining to Stormwater management and ground water discharge. Failure to address identified items impacts the County's compliance to State regulations.		

This funding will be used to address the following projects identified during 2017 inspections as being out of compliance:

- FY 2019 - Stormwater repairs at North Harford Campus, Bel Air HS, Jarrettsville ES, North Bend ES, and Patterson Mill Middle/High School
- FY 2020 - Hickory Annex - Install Bus / Truck Wash Station connected to the sanitary sewer at Hickory
- FY 2021 - Aberdeen High School Slumping Dam

*Future repairs as identified by annual inspection reports

PROJECT: MAJOR HVAC REPAIRS
DISTRICT: Various
Project Description / Justification: This capital project provides funding for large major equipment repairs and replacement of HVAC equipment at various school buildings. All minor repairs are handled through the Harford County Public Schools normal maintenance operating budget.

TYPE OF PROJECT
PROJECT NUMBER B064145

REQUEST NO: 11 **of** 35

Planned future year HVAC replacement projects are as follows:

- FY 2019 - North Bend Elementary Central Plant/Fire Alarm Upgrades.
- Relocate and install boilers currently at Dublin to HCPS Central Office
- FY 2020 - Abingdon Elementary Chiller Replacement and Pneumatic Controls, Bel Air Middle School Chiller Replacement
- FY 2021 - Hickory Elementary Chiller Replacement and burner replacement, Edgewood MS Chiller replacement
- FY 2022 - Church Creek Elementary Boiler and Pneumatic Controls;
- FY 2023 - Old Post Road (2) Boilers Replacement, Joppatowne HS (2) Boiler Replacement
- FY 2024 - North Harford Energy Recovery Units

PROJECT: REPLACEMENT VEHICLES**COUNCIL DISTRICT: LOCATION** Various**REQUEST NO:** 12**or**

35

TYPE OF PROJECT**PROJECT NUMBER** B034115

Project Description / Justification: This category of funding provides for replacement vehicles for facilities maintenance, transportation, food services and warehouse activities. Also included are school based tractors and equipment, and facilities grounds equipment. Vehicles are planned to be on a five year replacement cycle in accordance with fleet standards utilized by Harford County government. These standards were derived from APWA (American Public Works Association) standards. The non-bus fleet covered by this category consists of approximately 320 pieces of equipment, not including small equipment such as push mowers, weed eaters, snow blowers, etc. Due to a lack of funding for the last FIVE fiscal years, the fleet is becoming increasingly difficult to maintain. HCPS has had to rent vehicles for snow removal and salt in order to open schools after inclement weather. The continued ability to maintain our buildings, lots and grounds is dependent upon receiving funding to replace or repair vehicles and equipment in this category.

Based on the County's Fleet Management Study recommendation, the budget below reflects consistent approach to replace the HCPS aging non-bus fleet.

PROJECT:	ADA IMPROVEMENTS	TYPE OF PROJECT	
DISTRICT:	LOCATION: Various	REQUEST NO.	<u>35</u>
Project Description / Justification:			
	This project provides for building and grounds improvements to bring schools into compliance with current Americans with Disabilities Act accessibility guidelines, and the Maryland Accessibility Code. Exterior work includes pavement markings, curb cuts, sidewalk work, and providing accessible pathways to playground areas. Inside work includes making restrooms, water fountains and public areas accessible. Additionally, elevators and lifts are needed within the schools system to provide adequate provisions for students and community members with special needs to access all levels of the school building. As the elevator systems age, the systems require increased maintenance and eventually replacement. This category includes planned projects and allowance. By law, accommodations must be made to a school receiving new students or staff requiring accommodations. A funding source to complete these modifications is needed in order to avoid liability.		

- FY 2019 - CEO Front entrance storefront replacement and additional parking and ramps; Harford Tech HS Elevator Replacement
 FY 2020 - Restrooms and fountains at Edgewood MS; C. Milton Wright HS Elevator Replacement
 FY 2021 - Fountains at North Harford MS - Old Post Elementary Front entrance storefront replacement and additional parking and ramps; Fallston HS Elevator Replacement
 FY 2022 - Fallston HS Front entrance storefront replacement and additional ramps and parking
 FY 2023 - Restrooms and fountains at Prospect Mill Elementary School

PROJECT: SEPTIC FACILITY CODE UPGRADES
COUNCIL DISTRICT: LOCATION _____
REQUEST NO: 14 _____ **of** 35 _____

Project Description / Justification: This capital project funds septic system upgrades to the new standards of the Maryland Department of Environment. The funding allows for the design, permitting and construction of new systems as well as the repair or upgrade to failing systems currently operating.

Funds will be used to maintain, upgrade and inspect the septic systems at the following schools such as North Harford, Norrisville, Jarrettsville, North Bend, Dublin, Churchville, Darlington, and Forest Hill Elementary Schools.

Common repairs include the replacement of blowers (\$11,800 per blower), grinder pumps (\$5,400 per pump) PLC (\$37,000 per PLC) and IO Card (\$19,000 per

PROJECT: Domestic Water and Backflow Prevention **COUNCIL DISTRICT:** LOCATIO^N **LOCATION:** Various
REQUEST NO: 15 **of** 35 **TYPE OF PROJECT**
PROJECT NUMBER B054111

Project Description / Justification: Funding in this category is used to design and implement backflow prevention in order to separate school water systems from backing up into county water supply. This account is also utilized to perform major domestic water repairs, as well as piping serving condensate, steam, etc.

Funding is planned for the following projects.

- FY 2019 - Roye Williams Domestic Water line; Havre de Grace ES - Backflow Prevention.
- FY 2020 - Joppatowne HS - Replace 4" domestic water line.; Fallston MS and Joppa High School - Install Backflow Prevention
- FY 2021 - Harford Technical HS and William Paca/Old Post - Install Backflow Prevention
- FY 2022 - Churchville ES and North Harford ES - Install Backflow Prevention
- FY 2023 - Halls Cross Roads ES and Forest Hill ES - Install Backflow Prevention
- FY 2024 - Meadowvale Elementary and North Bend ES - Install Backflow Prevention
- FY 2025 - Edgewood Elementary and Harford Glen - install backflow preventer
- FY 2026 - Hickory Elementary and Homestead/Wakefield Elementary - install backflow preventer

PROJECT: TECHNOLOGY EDUCATION LAB REFRESH

COUNCIL DISTRICT: LOCATION: Various

REQUEST NO:

17 _____ of 35 _____

PROJECT NUMBER B994124

Project Description / Justification: This project provides funds to upgrade middle and high school Technology Education (old Industrial Arts shops) classrooms with current computer equipment and technology to reflect program changes defined by MSDE. The "Foundations of Technology" (FOT) course is required for all students in Hartford County Public Schools as part of the Maryland Department of Education's graduation requirement.

The implementation of these programs is an essential component of the K-12 STEM Education Strategic Plan for Hartford County Public Schools.

FY 2019 - Update Technology Education Lab computers and equipment to handle Autodesk suite at Fallston High School, Joppatowne High and North Hartford High School. Update Technology Education Lab computers and equipment to handle Autodesk/ PLTW and Robotics software Havre de Grace Middle, and Edgewood Middle.

FY 2020 - Update Technology Education Lab computers and equipment to handle Autodesk/ PLTW and Robotics software at Bel Air High.

PROJECT: OUTDOOR TRACK RECONDITIONING
COUNCIL DISTRICT: LOCATION: Various

REQUEST NO: 18 **of** 35
PROJECT NUMBER BB13018

Project Description / Justification: This account provides funding to maintain existing high school tracks, and replace specific surface areas to provide a seamless safe surface for the use by students and the public. The funds will provide minor repair for the running tracks consisting of power washing, repair patching and new layout track lines.

Due to funding limitations, the last track repair was completed in 2013. This lapse in time has created a backlog in required work. Track closure have occurred at Fallston HS and Aberdeen HS. As a result, HCPS had an independent consultant evaluate all of the High School track conditions. The resulting evaluation recommended full surface replacement of two tracks and prioritized the tracks needs for repair and maintenance. The priorities below are the result.

2019 - Track needs to be stripped of existing rubber, milled, paved and new surface installed and lined at C. Milton Wright HS

2020 - Repair, clean, patch worn areas and reline tracks at Aberdeen HS, Bel Air HS, Harford Tech HS, and Havre de Grace HS

2021 - Repair, clean, patch worn areas and reline tracks at Edgewood HS, Joppatowne HS, and Patterson Mill HS

PROJECT: ATHLETIC FIELDS REPAIR AND RESTORATION
COUNCIL DISTRICT: LOCATION: Various
REQUEST NO: 20 **of** 35
Project Description / Justification: This account provides funds of \$50,000 annually to maintain athletic fields at ten high schools, as well as playing fields at all schools. Funding includes maintenance and repair for stadium and practice fields at \$20,000 per year. It provides for repair and replacement of fencing (\$30,000 /year) which ensures safety of students. Additionally, these funds are used to fund mandated maintenance and testing of synthetic turf fields and the replacement of the turf fields as they reach their expected life.

In 2016, Hartford County had all of the Synthetic Turf Fields in the county evaluated. It was determined HCPS will need to replace fields at Bel Air HS in 2021, Hartford Tech HS in 2022, Edgewood HS in 2023 and Havre de Grace HS in 2024. The budget below reflects that replacement schedule.

PROJECT: SWIMMING POOL RENOVATIONS **COUNCIL DISTRICT:** LOCATION Various **REQUEST NO:** 21 **of** 35 **TYPE OF PROJECT** PROJECT NUMBER BB13019

Project Description / Justification: This budget category is used for renovation and replacement of the infrastructure for three (3) swimming pools that are located at Edgewood, Magnolia and North Harford Middle Schools. It will also be used to provide routine maintenance based on a professional plan. It addresses current, medium and long-range maintenance needs to preserve the infrastructure and the filtration system, so that it can remain viable for many years to come.

Future projects for consideration:

FY 2019 - North Harford Middle School Swimming pool - Replace aging filter system and related components, retile pool deck and add a chloramine removal system as recommended in the system assessment report for the North Harford Middle School pool completed in January of 2017.

FY 2020 - Replace dehumidification units at Edgewood Middle School

FY 2021 - Magnolia Middle School Drain Deck Replacement

FY 2022 - Replace dehumidification units at North Harford MS

PROJECT: TEXTBOOK/ SUPPLEMENTAL REFRESH **COUNCIL DISTRICT:** LOCATION Various **REQUEST NO:** 23 **of** 35 **TYPE OF PROJECT** **PROJECT NUMBER** B064129

Project Description / Justification: This project replaces textbooks, materials of instruction, and supplemental materials to provide the most current content, and to implement new instructional and assessment programs to all 54 elementary, middle and high schools.

Since school year 2013-14, Harford County Public Schools (HCPS) has fully implemented the Maryland College and Career Ready Standards (MCCRS), which are grounded in The Common Core State Standards. The Common Core State Standards were adopted by the Maryland State Department of Education in June 2010. The MCCRS establishes a single set of clear and rigorous educational standards for grades PreK-12 in reading/English/ Language Arts and mathematics and are designed to ensure students graduating from high school are prepared to enter credit bearing entry courses in two- or four-year college programs and/or enter the workforce. The standards are research- and evidence-based and internationally benchmarked. In addition, new standards continue to be revised and adopted by the Maryland State Department of Education in Science, Social Studies, and other curricular areas over the next several years.

Moreover, in order to maintain high levels of student achievement, all teachers need to infuse technology in daily instruction. If teachers are not provided the necessary tools for instruction, students will ultimately be at a disadvantage when assessed on the new learning standards. The shifts in education around the MCCRS, as well as MSDEs and HCPS assessment programs serve as a constant reminder that classroom instruction must evolve to support student achievement.

Due to these changes in standards and technology, HCPS continues to research and examine textbooks, materials of instruction, and supplemental materials to support the implementation of these new standards and curricula. These materials continue to become increasingly dependent on technology, such as e-textbooks, electronic resources, and software, which usually have a recurring cost associated with the initial purchase.

Publishers and authors have been researching and aligning these resources to the MCCRS, so HCPS will see an increase in purchasing textbook and other resources to support the revised curricula and the assessment program. When materials are purchased system-wide, overall costs are reduced to the school system.

PROJECT: PLAYGROUND EQUIPMENT **COUNCIL DISTRICT:** LOCATION Various **REQUEST NO:** 26 **of** 35 **TYPE OF PROJECT** PROJECT NUMBER B074124

Project Description / Justification: This capital project provides funds for the replacement of playground equipment at elementary schools. Schools in need of new playground equipment or schools where the equipment has been deemed unsafe, are scheduled for replacement under this project. In addition to the funding identified in the schedule below, projects may also receive funds from Harford County Parks and Recreation, Parent Teacher Associations, private contributions and/or grants. Estimates include costs to meet new stormwater and ADA requirements.

The following elementary school playgrounds are scheduled for consideration in the following order:

- 1) Dublin
- 2) Havre de Grace (Pre-K/K)
- 3) Roye Williams
- 4) Darlington (Pre-K/K Autism playground)
- 5) Forest Lakes
- 6) Homestead Wakefield
- 7) Meadowvale (Engineering and Scope Study required)

PROJECT:	CAREER AND TECHNOLOGY EDUCATION EQUIPMENT REFRESH			TYPE OF PROJECT	PROJECT NUMBER
DISTRICT:	LOCATION	REQUEST NO:	29	of	35
Project Description / Justification:	Various				
Programs which are designed to prepare students for the 21st Century's global economy and its rapidly changing workforce needs. These programs are implemented in the 9 comprehensive high schools as well as Harford Technical High School and the Alternative Education Program. The implementation of these programs is an essential component of the K-12 STEM Education Strategic Plan for Harford County Public Schools. Funds were approved by the Board of Education in 2004 to be renewed annually in the Capital Budget to replace the former State Categorical Grant set-aside money for CTE. Equipment upgrades are essential to maintain the industry standards and the requirements of postsecondary articulation agreements. Program Advisory Committees, including industry and postsecondary education representatives, help to annually review each program to determine equipment needs. Due to lack of funding in previous years, the needs for equipment replacement are growing. Sample upgrades include:					
	Cluster on a four-five year cycle (current price is \$35,000 per classroom).				
	2) Replace instructional technology and laboratory equipment in the high schools that offer the 10 CTE programs in the Health and Human Services Career Cluster as needed (i.e. walk-in cooler @ \$19,700, Hobart commercial mixer @ \$2,040).				
	3) Replace instructional technology and machinery in the high schools that offer 14 CTE programs in the Science, Engineering and Technology Career Cluster as needed (i.e. milling machine @ \$17,000; frame aligning system @ \$90,000, refresh laptops @ \$18,000).				
	4) Purchase additional equipment to meet industry standards and postsecondary articulation agreements as CTE programs are added or expanded at the 10 county high schools (i.e. Pre-Engineering, Cyber Security, Biomedical Sciences).

PROJECT: ENERGY CONSERVATION MEASURES
COUNCIL DISTRICT: LOCATION Various

REQUEST NO: 31 **of** 35 **TYPE OF PROJECT**

Project Description / Justification: Energy conservation funds are used to replace, retrofit and install energy reducing equipment and support other related resource conservation measures within the school system.

Types of expenditures included are occupancy sensors for lighting, HVAC equipment, lighting upgrades to provide efficient lighting, expanded energy management controls, water conservation, additional metering and solid waste reduction measures. These projects result in more efficient systems and a reduction in the operating cost.

PROJECT MANAGER: Reggie Wilkins

PROJECT: MUSIC EQUIPMENT REFRESH PROGRAM

COUNCIL DISTRICT: LOCATION Various

REQUEST NO: _____

TYPE OF PROJECT

PROJECT NUMBER B054112

Project Description / Justification: This program was established in 2003 and provides funds for the replacement of musical instruments throughout the school system. Musical instruments in the

school setting have varying life expectancies ranging from 6 years to 20 years depending on the type, the amount of use, and the material the instrument is constructed of. Parents are not expected to purchase these instruments due to their high cost or their special use. Basic instruments such as trumpets, trombones, clarinets, alto saxophones and flutes, are not part of this program and parents are responsible to secure them from other sources. In 2002, the Music Department established a Basic Essential Music Instrument inventory which each school must have to perform a wide range of musical literature. This basic inventory is required regardless of the size of program, but in some instances schools may require duplicate sets of some instruments to meet the needs of musical ensembles.

PROJECT: MUSIC TECHNOLOGY LABS PROGRAM

COUNCIL DISTRICT: LOCATION: Various
REQUEST NO: 34 _____ of 35 _____

Project Description / Justification: The Music Technology Labs Program was established by the Board of Education in 2010 to support a comprehensive program which teaches technical and scientific aspects of music to high school students through a variety of technology arts classes. The program utilizes a music technology and multimedia lab which blends the use of electronic devices, computer components, data storage, industry standard software and musical instruments to facilitate composition, recording, playback, storage and performance. Competences include digital audio production, songwriting with musical composition and digital video integration. This program provides students the core skills needed to enter a higher education institution for the entertainment industry. It also addresses funding for such program components as keyboards, software, computer hardware and related textbooks. These labs are also used for teaching AP Music Theory and Piano Lab.

Future year budget requests will be to install new music technology labs as well to refresh hardware and software as follows:

- FY 2019 - New Lab at Joppatowne High School.
- FY 2020 - Refresh at Patterson Mill High School.
- FY 2021 - New Lab at Harford Technical High School & refresh at Bel Air High School
- FY 2022 - Edgewood High School will be refreshed
- FY 2023 - Fallston & High School will be refreshed

PROJECT: BAND UNIFORM REFRESH
DISTRICT: LOCATION Various

REQUEST NO:

35 _____ of 35 _____

Project Description / Justification:

Band uniforms have a life expectancy of about ten years under normal use conditions. Uniforms generally consist of a jacket, pants, hat and ornamental plume. Other accessories that may be purchased could include: gauntlets, capes, raingear and/or other items of an ornamental nature. The cost of a basic uniform generally runs \$400 - \$450, and a complete inventory must consist of various sizes from very small to very large and number about 20% greater than the number of students in the group for any given year to meet the varying size demands of the students. Additionally, Choir and Orchestra uniforms are replaced as needed for each high school.

Band uniform refresh projects are scheduled as follows:

FY 2019 - C. Milton Wright High School (CMHS)

CMHS will have approximately 230+/- students and will require a minimum of 275 uniforms to meet the general needs of the program. The expected growth in the program to exceed 250 students which would require uniform inventory needs to max out at around 275 uniforms. It is for these reasons that the standard allotment of \$60,000 is inadequate to maintain this program and we are requesting additional funds for this year in the rotation.

FY 2020 - Joppatowne HS
 FY 2021 - Aberdeen HS

FY 2022 - Harford Technical HS
 FY 2023 - Bel Air HS
