Student Name _____ Age _____ Grade _____

Student Name _____ Age _____ Grade _____

Current Stop Location: _____

Requested Stop Location: _____

Rationale for Request: _____

PLEASE READ:

The goal of this questionnaire is to provide you, as parents, an opportunity to express your concerns as they relate to the safety of your child and to inform you of State and Local policy and procedures. Thank you for your time and input.

To provide minimum obstruction to traffic flow, and to minimize time to complete the run, where possible, stops shall be designated at least one-quarter mile (1/4) apart. (Board of Education policy EEC; M.S.D.E. COMAR 13A06.0713.B.1)

It is the responsibility of the parent or guardian to provide supervision for their child(ren) while walking to, from, or waiting at the designated bus stop, or while walking to and from school if they reside in the designated non-transported area. (Board of Education Policy EEA,EEAC).

Pupils may be expected to walk up to the same distance to the school vehicle stop as pupils residing in non-transported areas are required to walk to their respective schools (elementary 1 mile, secondary 1.5 miles). When a child resides one-half (1/2) mile or more from an existing stop, a closer stop shall be considered contingent upon maintaining the safety of the riders. (COMAR 13A.06.07.13: The prime consideration is the safety of riders.).
