## WELCOME

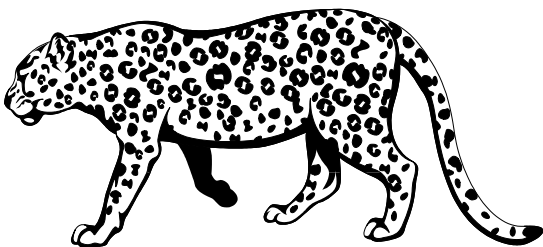

Norrisville Elementary School first opened its doors to students in 1967. Located in the northwestern-most corner of Harford County, the school is nestled in a quiet agricultural community that is richly populated with orchards. Renovated during the 1996-1997 school year, the updated, air-conditioned facility provides a wide variety of educational programs to approximately 200 students in Kindergarten through fifth grades.

In addition to strong educational programs in the core subjects, Norrisville Elementary students have the opportunity to participate in a variety of school-related programs. We are proud of our school-wide Patriot Program that encourages students in all grades to demonstrate their knowledge of the values and artifacts that form the basis of our democracy. Fourth and fifth graders have the opportunity to participate in both Instrumental and Vocal music programs; showcasing their talents in two yearly productions. All of our kindergarten through fifth grade students have the opportunity to display their talents in visual arts at an annual Art Show.

Central to our school's success is a strong commitment to parent and community involvement. Our active Parent Teacher Association provides support to the educational program in the form of both human and financial resources. Cultural events and field trips are just two of the ways that financial resources add to the educational experiences of our students. The Patriot Program, a long-standing institution at Norrisville Elementary, is another example of the difference that parent involvement makes.

At the core of our educational program is a staff of skilled and dedicated professionals and paraprofessionals. Supported by our equally dedicated cafeteria, clerical, custodial, and support staff, our teachers provide the kind of educational programs for all of our students that are reflected in our school motto: "Norrisville Elementary School – Where Bright Futures Begin!"
