*The Board of Education of Harford County approved this calendar on December 17, 2018.
About Harford County Public Schools

Approximately 38,000 students are enrolled in HCPS. The school system has the eighth largest student enrollment of the 24 public school systems in Maryland. Approximately 5,200 people are employed by the school system to provide the necessary educational programs and supporting services for the students.

Currently, in the Harford County public school system, there are 33 elementary schools, nine middle schools, nine comprehensive high schools, the John Archer School (a separate public day school for students with disabilities), Harford Technical High School and the Alternative Education Program – a total of 34 schools.

Based upon firm beliefs in the value of youth and the obligations of public education to educate each of them effectively, the Harford County public school system provides comprehensive instructional programs and related student activities for the youth who are currently enrolled. Half-day prekindergarten classes are available for four-year-olds at 14 of the Harford County public elementary schools. Full day prekindergarten classes are available for four-year-olds at five of the Harford County public elementary schools. A systemwide kindergarten program begins public education for five-year-olds with all 33 elementary schools offering full-day kindergarten. A carefully planned and appropriately sequenced curriculum extends learning from elementary, middle and high school grades toward graduation. Special programs and services are provided to accommodate the unique needs of each student, including those who possess exceptional abilities, talents and/or disabilities.

ALTERNATIVE EDUCATION: A program of alternative education is provided at the Center for Educational Opportunity. Secondary school students who have long-term suspensions from school are eligible to enroll in the alternative education program and will receive credit for satisfactorily completed work. In addition, secondary school students whose educational needs are such that they may not be in the regular school program are eligible to apply for admission to the alternative education program.

COMMUNICATION: Harford County Public Schools is committed to parental, family and community involvement in the educational process. Harford County Public Schools encourages two-way communication, and strives to keep the public informed about issues affecting its schools, decisions made by the Board of Education of Harford County and student activities through various methods of regular communication.

Parents/Guardians are able to manage contact information and notification preferences by utilizing the Parent Portal. Parents/Guardians can access the Parent Portal by visiting www.hcps.org. More information and Parent Portal instructions can be found on the school system website. If you create a Connect5 Parent Portal account, update the contact information in your account in a timely manner to ensure correct contact information is available.

Website & Social Media — The school system’s website, www.hcps.org, offers information to meet the needs of parents/guardians, students, staff and the general community. The “Parents” tab at the top of the homepage includes links to useful information such as the registration process, immunization requirements, resources for parents/guardians and calendars. The website serves as a quick resource to the most requested information.

All of our kindergarten programs are full-day. For more information on elementary schools, please visit www.hcps.org. Official school websites can also be accessed from www.hcps.org.

FOOD & NUTRITION: All Harford County Public Schools offer breakfast and lunch programs. Menus are distributed through the schools and are posted on www.hcpsmenus.com. The site also displays nutritional and ingredient information. School food prices are subject to change pending review of revenue/expenses. The cost of school meals is published on school menus and on www.hcps.org.

Participation in the Federal School Food & Nutrition Program makes it possible to provide eligible Harford County Public Schools students with free or reduced price meals. Application forms and guidelines for determining eligibility are distributed to each household in August. Forms are also available on www.hcps.org or at every school.

Family applications are available so that one application can be completed for the whole family; make sure all students are listed. Applications must be completed each school year.

Cafeterias are equipped with computers that permit parents/guardians to deposit funds on account. Funds can be placed on the account online at www.myschoolbucks.com. This service is offered at no charge. Personal checks are not accepted as a form of payment at the schools. Funds for purchases are available to the students with the use of a personal identification number (PIN).

GRADING: Student progress is formally reported to parents/guardians in November, February, April and June. In addition, teachers communicate with parents/guardians informally by means of conferences, interims, letters, emails and telephone calls. Home Access Center allows parents/guardians to view student progress information via a secure website. Parents/Guardians may obtain an assigned username and passcode through www.hcps.org.

Report cards are not issued to elementary school children in November. Instead, a parent/guardian/teacher conference is scheduled so they may discuss each child’s rate of progress, expected standards for learning and discipline, and school goals. Elementary school students receive report cards in February, April, and June.

Students in prekindergarten, kindergarten, and grades one and two receive a progress report that indicates the level of student progress in integrated language arts, mathematics, science, social studies, as well as work habits/skills and social emotional development. Student progress is recorded on the report card as CE-Consistently Evident, DV-Developing, NE-Not Evident, or NA-Not Assessed. Students in grades three, four, and five earn letter grades to indicate the level of student progress in integrated language arts, mathematics, science, and social studies.

Art, music, media, physical education, and habits and attitudes/skills are evaluated using a performance rubric. Student progress for these content areas is marked on the report card as CE-Consistently Evident, EV-Evident, DV-Developing, NE-Not Evident, or NA-Not Assessed.

Students in grades six through twelve receive report cards at the end of each of the four marking periods, recorded by means of the letter grades A, B, C, D, or E.

HEALTH SERVICES PROGRAM: The Health Services Program is an integral part of the educational support system and maximizes every student’s learning potential by promoting his or her optimum health. Vision and hearing screenings are completed upon entry in school, kindergarten, and grades one, four and eight. Further information about the distinction between vision screening and comprehensive eye examinations is available on www.hcps.org. Each school is assigned a school nurse. Please contact your
child’s school to speak to the nurse.

A student may be declared ineligible to participate in extracurricular activities for reasons based on academic, performance or citizenship. - The Natural Resources and Agricultural Sciences (NRAS) Magnet Program at North Harford High School
- Science and Mathematics Academy (SMA) at Aberdeen High School

An open house is hosted at each school that offers a magnet program, giving students and parents/guardians an in-depth look at the specific magnet program offered by that school. The event provides an opportunity to hear more about the program in general, meet teachers, students and parents/guardians currently involved with the Magnet Program; and see the school facilities. Open house dates are typically scheduled in the fall and are posted on www.hcps.org.

Each prospective magnet student must complete an application for entrance into any Harford County Public Schools magnet program. Visit www.hcps.org for more information.

Student Parking — Parking on school property is a privilege afforded to students. Certain conditions are attached to that privilege. Students who fail to comply with those conditions will be denied or subject to loss of parking privileges. Students will receive notice that vehicles parked on school property may be subject to search in accordance to applicable law. In addition, each high school shall issue a parking permit for an assigned parking area. Students will be permitted to park only in assigned parking areas. Parking permits must be displayed at all times while on school property.

- Each high school shall develop priorities of needs for the issuance of parking permits.
- Each high school will establish campus traffic and parking rules.
- Each high school will issue a parking permit for an assigned parking area. Students will be permitted to park only in assigned parking areas.
- Parking permits must be displayed at all times while on school property.
- Penalties for violating parking regulations, parking without a permit, or other school violations may include suspension or revocation of the permit, disciplinary action, ticketing by the police, and/or towing at the student’s expense.

Home & Hospital Instructions: Students who cannot attend school due to a physical or emotional condition may apply for short-term home/hospital teaching services. If approved, a home teacher will be assigned. Verification of a physical condition by a licensed physician or certified nurse practitioner, or verification of an emotional condition by a certified school or licensed psychologist or licensed psychiatrist must be included on the application, which is available from the Office of Student Support Services. For more information, contact the Office of Student Support Services at 410-588-5534.

Returning from a Hospitalization — If your child should require hospitalization for any reason during the school year, the principal, school nurse, or school counselor should be notified as soon as possible. When a student is returning to school from a hospitalization, a parent/guardian is to inform the school counselor immediately so that a Reintegration Meeting can be scheduled and convened within three (3) school days of notification of the student’s discharge from the institution. Prior to this meeting, the parent/guardian should obtain the discharge paperwork from the institution along with a statement from the treating physician indicating that the student is ready to return to school. For more information, please contact the Office of Student Support Services at 410-588-5534.

Homework: Appropriate homework is the expectation for students at all levels of schooling. Properly planned homework assignments relate directly to classroom work and extend beyond the classroom. Homework provides the student valuable experience in following directions, making judgments, raising additional questions for study, and developing responsibility and self-discipline. Homework is typically not assigned over holidays when public schools are closed.

RESPONSIBLE USE OF TECHNOLOGY: Harford County Public Schools provides telecommunications resources to its students for educational purposes. Telecommunications resources shall be used in accordance with the Responsible Use Procedure (RUP). By logging in to a telecommunications platform, students agree to the terms and conditions of the Harford County Public Schools Responsible Use Procedure. The Responsible Use Procedure is available on www.hcps.org. Harford County Public Schools utilizes an outside Internet filtering company to ensure the safety of our students while they access the Internet. The use of this filter system also allows Harford County Public Schools to comply with the Child Internet Protection Act (CIPA). Students are expected to demonstrate responsible and ethical behavior in the use of the resources as outlined in the RUP.

Asthma Inhalers and Other Emergency Medications:

- Students may, while in school or in a school-sponsored activity, on a school bus, or on school property, possess and self-administer an asthma inhaler, EpiPen or other emergency drug dispensing to the student by a prescription of a health practitioner pertaining to the student’s asthma or other airway-constricting disease or which otherwise may be needed by the student on an emergency basis.
- Any student who self-administers the above described medication must meet the prior criteria and must maintain an active agreement with the student’s healthcare provider (Permission to Self-Carry/Administer Medication form) and, if the student is a minor, the prior written approval of the student’s parent or guardian.
- If a health care provider deems that a child must carry medication, a student who seeks to possess and administer medication as set forth above must obtain written verification from the student’s health-care provider confirming that the student has the knowledge and skills to safely possess and self-administer the medication. Such written statements must be provided annually. The school nurse shall assess the student’s ability to demonstrate the skill level necessary to ensure proper and effective use of the medication(s) in school. The Contract for Self-Administration of Medication must also be completed.
- The school nurse will notify all appropriate personnel when such exceptions are granted, including bus drivers. Back-up medications must be kept in the health suite.
- A student may be subject to disciplinary action if the student does not use the medication in a safe and proper manner.
- The health care provider’s order must be maintained in the student’s educational file at his/her school.

All Other Medications: When a student is taking a prescribed medication, parents/guardians should make every effort to arrange for the medicine to be taken outside of the school day. However, there are occasions when it is determined by a health care provider that a student must receive prescribed or over-the-counter medication during the school day, either on a regular schedule or in the event of an emergency. When this circumstance occurs, the following guidelines apply.

All medication must be accompanied by a written health care provider’s order. These instructions must contain the student’s name; name of the medication; the route of administration; the exact dosage, time and circumstances of administration; length of time the medication is to be continued; reason for administration; health care provider’s name; time and frequency of administration; and date of order. Parents/Guardians must also provide written authorization to administer medication to their child. For your convenience, a form is available from the school nurse or on www.hcps.org. No medication may be administered to a student without the required health care provider’s order and parent/guardian permission. Faxed medication orders are acceptable. In some circumstances, orders written on health care provider’s letterhead or prescription pad are acceptable.

- The parent/guardian should give the first dose of any new prescription or over-the-counter medication at home (except for emergency medication, e.g. auto-injectable epinephrine).
- Medication must be in its original prescription bottle, properly labeled by the pharmacy. Pharmacies can provide a second labeled bottle to accommodate medications that are given at school. Siblings may not share medication. Only FDA approved medications will be administered in schools.
- Discretionary medications are available for occasional use only to...

Board of Education Policies

Please note: The contents of this handbook are meant to serve as a summary of frequently used Board of Education policies and procedures. For a detailed list of Board policies, please access the Board Policy Manual on our website, www.hcps.org.

ATTENDANCE: Daily attendance is crucial to student achievement and required in order to demonstrate mastery of material and receive credit for courses. Students are expected to attend school and all classes regularly and on time, place and manner by which persons visit the public schools and other public school buildings are subject to such control and regulations as the superintendent and staff deem appropriate in order to protect and secure the safety of all students, staff and others who participate in the school community.

Visitors — The Board of Education is committed to maintaining a safe and secure environment for all students, staff and other persons. The time, place and manner by which persons visit the public schools and other public school buildings are subject to such control and regulations as the superintendent and staff deem appropriate in order to protect and secure the safety of all students, staff and others who participate in the school community.

General Regulations —

- Each child who resides in this state and is five years old or older and less than 18 years of age, shall attend a public school regularly during the entire school year, except as provided by specific provisions of Maryland law or regulation.
- A student is considered in attendance at school when participating in school-sponsored activities during the school day, and when that participation is approved by the local superintendent of schools, the school principal, or their designees.

Recording Attendance —

- Students Scheduled for a Full Day – A student is counted present for a full day if the student is in attendance four hours or more of the school day. A student is counted present half day if in attendance for at least two hours of the school day, but less than four hours. A student is counted as tardy to school if the student is absent less than two and one-half hours in the morning. It is considered an early dismissal if the student is absent less than two and one-half hours in the morning. It is considered an early dismissal if the student is absent for at least 10 days in a school and absent at least 10 percent of the time, regardless of the reason.
- Late Opening or Early Dismissal of School due to Inclement Weather or Planning Day – A student is counted present for a full day if they arrive at school before the first hour and are in attendance for the entire block of time. If the student is absent for that entire block of time, the student will be counted absent for a full day. A student scheduled for a two-hour block of time will be counted present for one-half day if the student is in attendance for one hour.

Recording Absences —

- Lawful Absences —
  - Death in the immediate family.
  - Illness of the student – The principal may require a physician’s certificate from the parent(s)/guardian(s) of a student reported continuously absent or unexcused absences. Continuous absences mean that a number of consecutive absences or total absences in excess of the standard for regular attendance for which, in the principal’s judgment, medical documentation is required.
  - Court summons.
  - Hazardous weather conditions – Hazardous weather conditions that would endanger the health or safety of the student when in transit to and from school.
  - Work approved or sponsored by the school, the local school system, or the State Department of Education, accepted by the local superintendent of schools, the school principal, or his/her designees, as reason for excusing the students.
  - Observance of a religious holiday – The absence of a student to participate in the observance of a major religious holiday shall not prevent him/her from achieving a “Perfect Attendance” certificate or other appropriate recognition for attendance.
  - Major tests, field trips, the taking of student pictures and similar activities should not, insofar as possible, be scheduled during religious holidays.
  - Pregnancy and parenting.
  - State of emergency.
  - Suspension.
  - Lack of authorized transportation – This shall not include students denied authorized transportation for disciplinary reasons.
  - Other emergency or set of circumstances which, in the judgment of the superintendent or designee, constitutes a good and sufficient cause for absence from school.
  - Reasonable participation by a middle or high school student in a general or primary election campaign, for which sufficient documentation has been provided.
  - Family vacation or family trip – A family vacation or a family trip during the school year is strongly discouraged as the loss of class time may have a negative impact on the student’s academic progress and record. It is also recognized that, on some occasions, working parents/guardians have little control over the time of the year when vacations or trips may be taken. Family vacation absences are considered lawful only if they have prior written approval of the principal and do not exceed five days per school year. Written requests must be made at least ten school days in advance of the requested vacation absence and after approval, parents/guardians and students are responsible for requesting assignments. If a family vacation or trip is not approved by the school principal, the parent/guardian may contact the appropriate executive director to discuss the matter. Requests that exceed five days per year may be approved by the superintendent’s designee and may result in the withdrawal of the student for the time in which the child is not in attendance, if the absences exceed 9 consecutive days.

- Unlawful Absence – An absence, including an absence for any portion of the day, for any reason other than those cited as lawful is presumed to be unlawful and may constitute truancy.
- Truant Student – A student who is absent for a school day, or a portion thereof, without lawful cause.
- Chronically Absent - A year-to-date absent rate of 10 percent or more, including both lawful and unlawful absences.
- Repeated unlawful absences will require a school conference between the appropriate school personnel and parent(s)/guardian(s) and may result in a referral to the pupil personnel worker.
- Tardiness – Any student(s) arriving up to two and one-half hours late to school shall be considered late to school. More than two and one-half hours late would be considered absent one-half day. Students arriving with less than two hours remaining in the school day would be considered absent the entire day. Students leaving school with more than two and one-half hours remaining would be considered absent one-half day. Individual school has defined opening times when students are expected to be present. Students arriving after the designated time are marked tardy; however, depending upon the time of arrival, the student may be considered absent for a half day. Excessive tardiness will require the school to take disciplinary action.

Standard for Regular Attendance and Actions or Consequences for Not Meeting the Standard — The standard for regular attendance is the minimal requirement for student attendance in order to permit continuation in the instructional program. The standard includes both lawful and unlawful absences within a marking period, semester or school year. Students will be defined as chronically absent if they are enrolled at least 10 days in a school and absent at least 10 percent of the time, regardless of the reason.

The actions taken when the standard is not met should reflect a continuum of consequences for increasing absenteeism. School officials may waive these actions when they are aware of circumstances beyond the student’s control, such as documented chronic illnesses, etc. In addition, students who receive services under an Individualized Education Plan (IEP) or 504 plan may not necessarily be subject to the consequences for failing to meet the attendance standard.

- All Schools - Beginning with the fourth absence, early dismissal and/or tardiness, the parent/guardian will be notified in writing. Continuing absence and/or tardiness of the student will result in the initiation of one or more of the following actions:
  - Conference with the parent/guardian, student and the principal or designee.
  - Referral to the Office of Student Support Services and/or the pupil personnel worker for appropriate intervention.
  - Probationary time period - verbal agreement.
  - Written contract.
  - After-school detention.
  - Saturday school (non-teaching day attendance).
  - Removal of school privileges.
  - Restriction of extracurricular activities.
  - In-school suspension (due process procedures followed).
  - Referral to the Office of Student Support Services for possible outside referral to court for violation of the compulsory attendance law or to Juvenile Services for intake services.
- High Schools – Following the second day of unlawful absence in a semester course, the parent/guardian will be notified in writing of the imminent danger of loss of the one-half credit for the course. On the fifth day of unlawful absence, the student may lose credit for the semester course. Parents/Guardians will be notified in writing of the loss of credit and made aware of the appeal process. Following the sixth day of unlawful absence in a full-year course,
the parent/guardian will be notified in writing of the imminent danger of loss of the full one-credit for the course. On the 11th day of unlawful absence, the student may lose credit for the full-year course. Parents/Guardians will be notified in writing of the loss of credit and made aware of the appeal process.

- Elementary and Middle Schools – Students who have been absent 10 days by the end of the third quarter must be reviewed for possible retention during promotion/non-promotion conferences.

Make-up Work Procedures — There is no make-up work obligated to students who have been unlawfully absent from school. The make-up work policy for lawful absences shall be:

- It is the responsibility of the student/parent/guardian to request missed assignments within the requested timeframe.
- Students shall be given the number of days equal to the number of days absent to turn in completed make-up work. Assignments may be provided, when possible, in advance of a lawful absence if requested by a parent/guardian at least five days in advance of the absence and approved by the principal or designee. Submission of the make-up work provided in advance is required upon the return of the student to school unless extenuating circumstances have been documented.
- The teacher shall provide the required make-up work in accordance with the method chosen by the teacher and shall collect and correct the make-up work. A reasonable timeline for the completion of the work will be established by the teacher. It is recommended that this exchange of completed and newly assigned work be done on a weekly basis.
- The student will be accountable to complete all assigned make-up work.
- All make-up work will be graded in accordance with the regular classroom grading policy as long as it is completed within the established timeline.

HCPS employees and volunteers are required to make an oral report as soon as possible and the written report within 48 hours.

Educators (teachers, school counselors, or other employees of the school system), as well as volunteers working in the schools, are required to report the incident. Individuals reporting child abuse or neglect in good faith are immune from any civil liability or criminal penalty.

FACILITY INFORMATION: Use of School Facilities — The Board of Education of Harford County encourages the use of Harford County Public Schools facilities by the school community in accordance with Section 7-108 of the Education Article of the Maryland Annotated Code and the HCPS Use of Public School Facilities (UOFE) Procedure. Please utilize the Use of Facilities application at www.hcps.org or call the Office of Operations at 410-588-9206.

Integrated Pest Management and Notification of Pesticide Use in a Public School Building and on School Grounds — Integrated Pest Management (IPM) is a system of controlling pests that does not depend on automatic application of pesticides. As implemented by Harford County Public Schools, pests are monitored by routine inspections. The program utilizes a system of inspection, documentation, communication with building occupants, and evaluation of any required actions. An effective pest control program is currently in place.

The IPM program places a priority on non-chemical pest management techniques. However, there will be occasions when pesticide application is necessary. Application will be done in a manner sufficient to minimize potential exposure to occupants and the building environment.

In compliance with regulations as set forth by Maryland Department of Agriculture, notification will be made to the parent(s)/guardian(s) of all elementary students and secondary students and staff on the school’s notification list. If you are the parent/guardian of a student attending a secondary school or are a member of Harford County Public Schools staff and wish to be notified of all pesticide applications, contact school administration to request written notification.

In addition, notification of pesticide applications will be provided to parents/guardians and staff members through the use of the Internet, phone, or email. For those parents/guardians or staff members who do not have access to the Internet, phone, or email, or who wish to receive the notification in the form of hard copy, the school district will provide printed copies of the pesticide list and notices of pesticide application.

Information about pesticides or bait stations that may be used in school buildings or on school grounds when non-chemical techniques are exhausted or inappropriate can be obtained through the Facilities Management Department, 2209 Conowingo Road, Bel Air, MD 21015.

The Executive Director of Facilities Management serves as coordinator and maintains product labels and safety data sheets for each product. Currently, these pesticides and bait stations include: (by common name) Allisphorum, Silica Gel, Borate, Borax, Bromadiolone, Brotenholon, Carbon, Chlorfenapyr, Cyfluthrin, Cypermethrin, D-Trans Allethrin, Deltamethrin, Dicofalone, Dimethylamine salt of 2,4 and Fiprobnil, Glyphosate, Hydramethylon, Hydropropene, Imidacloprid, Methoprene, s-metochlor, Hydramethylon, Hydroprene, Imidacloprid, Methoprene, s-metochlor.
In October 1988, Congress passed the Lead Contamination Control Act in order to prevent lead contamination of drinking water in schools and daycare centers. The Act required the Environmental Protection Agency (EPA) to publish a list of water coolers that were known to contain lead. It also required schools and daycare centers to take actions to reduce lead from other sources of drinking water to no more than 20 parts per billion.

The Lead and Copper Rule required small water systems to complete initial monitoring of their service lines by December 31, 1993. HCPS has completed the initial testing and continues to meet the requirements as issued by the EPA. Those requirements include corrosion control, source water treatment, and public education for systems that exceed the action level of 15 parts per billion (ppb) or 0.015 milligrams per liter (mg/L).

In 2017, the Maryland General Assembly passed a law requiring all public and nonpublic school systems to test for lead in all water outlets which could be utilized for consumption at schools served by a public water system. The regulation went into effect on April 9, 2018. Any outlet which exceeded the action level must have remedial actions implemented. Notification must go out to all students and staff within 10 school days of receiving results above the action level. The initial testing for HCPS was completed by July 1, 2019.

Results from testing done by HCPS are on file in the administrative offices for the school system, and are available for inspection by the public. Regular monitoring of the drinking water continues. Any questions may be directed to the Executive Director of Facilities Management at 410-638-4088.

IMMUNIZATION REQUIREMENTS: The State of Maryland has established immunization requirements for all students entering or enrolled in Maryland schools. These requirements are subject to change based on state mandate. Requirements to achieve complete immunization status include the following:

- Diphtheria, tetanus, and pertussis (whooping cough). (DTaP, DTP) – four doses of vaccine for all students less than 7 years old. Three doses are required for children 7 years of age and older. If DT is given in place of DTP or DTaP, a physician documented medical contraindication is required.
- Polio vaccine – three doses for all students less than 18 years of age or proof of immunity by positive blood test.
- Measles, mumps and rubella – two doses of measles, mumps and rubella vaccine prior to or after student’s first birthday, or proof of immunity by positive blood test for students entering kindergarten-grade 12. PreK students under 60 months of age require one dose of measles, mumps and rubella; preschool students 60 months of age or older require two doses of measles, mumps and rubella vaccination.
- Varicella – one dose of varicella (chicken pox) vaccine is required for students less than 13 years of age, administered on or after student’s first birthday in PreK and grades 5-12; or two doses required for all students in kindergarten through grade five, and previously unvaccinated students 13 years of age and older.
- History of varicella (chicken pox) documented by a healthcare provider including month and year of disease or a positive blood test will be accepted as proof in lieu of vaccination.
- Hepatitis B vaccine – three doses or a positive blood test for students entering PreK-grade 12.
- Tetanus, diptheria, pertussis booster (Tdap): one dose for all students in grades seven through 12.
- Meningitis (MCV4, MPSV4): one dose required for all students in grades seven through 12.

Students enrolled in PreK programs must also:
- Have received one dose of Pneumococcal vaccine (PCV 7, PCV 13, PCV 24 or Prevnar) if they are 24-59 months of age.
- Have received Haemophilus influenza type b vaccine (Hib) if they are 24-59 months of age. At least one dose of Hib must be administered on or after the first birthday.

Upon record review, a vaccine dose given less than or equal to four days before the minimum interval or age may be counted as valid. Proof of immunity by blood test is acceptable in lieu of vaccine history for Hepatitis B, polio, measles, mumps and rubella, but recollection may be expedient. Official documentation is recorded on the Maryland Immunization Certificate, DHMH 896. This form is available from the schools. If you have documentation from another source, please consult with the school nurse. It is the parent/guardian’s responsibility to provide the school with proof of immunization.

PRIVACY RIGHTS OF STUDENTS & PARENTS/GUARDIANS:
The Family Educational Rights and Privacy Act (FERPA)/Student Records

Definition:
- Directory Information – Records which contain personally identifiable information, but which have been designated by HCPS to be disclosed without parent/guardian consent.
- Personally Identifiable Information (PII) – Data or information including (a) the name of the student, his/her parents/guardians and family members; (b) address; (c) social security number or student number; (d) a list of personal characteristics which would make it possible to identify the student with reasonable certainty; or (e) other information which would make it possible to identify the student with reasonable certainty.

Notification of Rights under FERPA for Elementary and Secondary Schools – The FERPA affords parents/guardians and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s records. These rights are:
- The right to inspect and review the student’s records within 45 days after the day the school receives a request for access. Parents, Guardians or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected.
- Under certain circumstances you may have the right to receive copies of your child’s records or to access them sooner than the 45 day time period set forth above. Please contact your child’s school to receive an explanation of these rights.
- The right to request the amendment of the student’s records that the parent/guardian or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Parents/Guardians or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record that they want changed and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the parent/guardian or eligible student of the time and place where the records may be inspected. The right to provide written consent which authorizes the school to disclose personally identifiable information (PII) from...

A school official is a person employed or hired by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff), school resource officer or a person serving on the school board. A school official also includes a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant or therapist; a parent/guardian or student voluntarily serving on an official committee, such as a disciplinary or grievance committee; or a parent/guardian, student or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA: Student Privacy Policy Officer, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202.

Notice for Disclosure of Directory Information — FERPA requires that Harford County Public Schools, with certain exceptions, obtain written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Harford County Public Schools may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow Harford County Public Schools to include this type of information from your child’s records in certain school publications.

In addition, two federal laws require local educational agencies receiving assistance under the Elementary and Secondary Education Act of 1965 to provide military recruiters, upon request, with the following information — names, addresses and telephone listings — unless parents/guardians have advised the local school system that they do not want their student’s information disclosed without their prior written consent. If you do not want Harford County Public Schools to disclose directory information from your child’s education records without your prior written consent, you must notify the student’s principal in writing within 10 school days of the first day of school. Any act of discrimination, committed by a member of the school community is a violation of this policy. Harford County Public Schools will investigate all complaints of discrimination and/or harassment and will take appropriate disciplinary or other action against any member of the school community who is found to have committed any act of discrimination.

At the beginning of each school year, Harford County Public Schools provides parents/guardians with information on a voluntary accident insurance program. If you are concerned about coverage in the event of an accident, this insurance may be a way for you to cover a gap caused by a lack of health insurance, dental insurance or a large deductible on your personal health insurance. More information and enrollment applications can be found on www.studentinsurance-kk.com. If you have any questions, please contact the Risk Management Office at 410-388-5286.

SPECIAL EDUCATION: Special Education in Harford County Public Schools is a collaborative effort involving schools, families and community agencies working together to provide a free appropriate public education (FAPE) to all children with disabilities, birth through age 21. Special education is defined as specially designed instruction, provided at no cost to parents/guardians, in order to meet the unique needs of a child with an educational or developmental disability. Services are provided in the least restrictive environment (LRE) to the maximum extent appropriate.

Children who are determined eligible for special education are evaluated in accordance with the Individuals with Disabilities Education Act (IDEA) and the Code of Maryland Regulations (COMAR) as meeting criteria for an educational disability. This means that, through the Individualized Education Plan (IEP) team decision-making process, it is determined that autism, deafblindness, developmental delay, emotional disability, hearing impairment, intellectual disability, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury and/or visual impairment (including blindness) adversely affects the student’s educational performance resulting in the need for specialized instruction through the provision of special education and/or related services.

Least Restrictive Environment — The Harford County Public Schools Department of Special Education believes that individuals with disabilities achieve consistent with the requirements of federal and state special education law, in a comprehensive and coordinated birth-to-21 system of services emphasizing ambitious and challenging expectations for all students. Harford County Public Schools seeks to improve the performance of children with disabilities and assist in narrowing achievement gaps by ensuring equal access to curriculum and differentiated instruction in the least restrictive environment. The service delivery continuum includes, but is not limited to, consultation, collaborative inclusion utilizing a co-teaching model, instructional or related services provided outside of the general education setting: self-contained
Infants and Toddlers: Family-centered services provided to children with disabilities and their families, birth through age 4, in home, community or center-based settings.

Preschool Services: A continuum of services provided to children with disabilities, ages 3 to 5, in community or school-based settings.

School-age Kindergarten through Grade 12: A continuum of services provided to children and youth with disabilities in comprehensive schools, regional programs or public separate day school.

Post-Secondary Services: Services provided to youth with disabilities ages 18 to 21 in post-secondary high schools, community settings and/or a public separate day school.

Child Find — Child Find is an ongoing process used by Harford County Public Schools to identify children with disabilities, birth to age 21, who are suspected of having an educational disability and may be in need of special education and related services. The HCPS Child Find process ensures that, at no cost to the parent/guardian, all children with a suspected disability or identified disability, residing or attending school in Harford County, Maryland, will be evaluated, and if found eligible, identified as a student with an educational disability. The Harford County Public Schools' Child Find process includes referral, prescreening to determine the need for assessment, an initial evaluation or reevaluation to determine eligibility and the development of an IEP or Service Plan if the child is determined eligible for special education services. This process begins with a referral to the HCPS Child Find Center initiated by the parent/guardian or by an individual familiar with the child’s development (with parent/guardian consent). Parents/Guardians of children enrolled in Harford County Public Schools should contact their local school, if they suspect their child may have a disability requiring special education services.

For more information related to Child Find, contact the HCPS Child Find Center at 410-638-4386/87. Parents/Guardians of children, who are not yet 3 years old, may contact the Harford County Infants and Toddlers Program at 410-638-3825 for inquiries about accessing services.

Infants & Toddlers — The Harford County Infants and Toddlers Program, serving children who are too young to attend public school, birth through age 4, is a countywide system of coordinated, interagency, multidisciplinary early intervention services. The Harford County Public Schools System, Harford County Health Department and the Harford County Department of Social Services provide services to eligible infants, toddlers and their families. Parents or other individuals who are concerned about a child’s development may make a referral to the Harford County Infants and Toddlers Program at 410-638-3825. Upon referral, developmental evaluations are completed to determine eligibility for early intervention services. Health and developmental needs may be identified in the areas of: hearing; speech; language; physical development; cognitive development; social-emotional development; and/or self-help skills.

Children, birth through age 4, are eligible to receive Individualized Family Service Plan (IFSP) services, if a developmental delay or diagnosed condition that has a high probability of resulting in developmental delay is identified. The IFSP is a document that is created, when, where, why and how intervention services to be provided to the child with a disability and his/her family. The IFSP is implemented and monitored by staff of the Harford County Infants and Toddlers Program. Prior to the child’s third birthday, a transition planning meeting is scheduled to discuss the continued need for early intervention services for children birth to age 3. An extended IFSP option or the transition to preschool special education are also available for children with disabilities, ages 3 to 4 years old.

Medicaid — The Office of Third Party Billing, Business Services Office, works in conjunction with the Department of Special Education to complete the Medicaid billing and reporting. Third Party Billing is a process that generates Medicaid funds for Harford County Public Schools. Recovery costs for health related services are sought “after the fact” for students who meet Medicaid guidelines. Health-related services are identified in a student's Individualized Education Plan (IEP) or Individual Family Service Plan (IFSP). These services include speech-language therapy, occupational or physical therapy, nursing, audiologic, social work and psychological services for screening, evaluation and treatment. In addition to health-related services, Harford County Public Schools bills Medicaid for case management services provided to children birth to 21 years of age. Medicaid funds are used to supplement specialized services provided by school personnel.

Family Supports — The Family Support Network (birth to 3) and Partners for Success Resource Center promotes partnership, teamwork and parent involvement in the special education process by utilizing a collaborative approach to service delivery and support. If a referral is necessary to work together as equal partners in the educational decision-making process. The Family Support Network and Partners for Success Resource Center are staffed by personnel with direct knowledge and experience navigating the special education process. To connect with these resources, please contact:

SEAC — The HCPS Special Education Citizen’s Advisory Committee (SEAC) operates as a partnership between parents, families, community leaders, organizations, educators and HCPS leadership in support of the needs of children with disabilities. SEAC is charged with the mission of exploring the continuum of programs for students with disabilities in HCPS and for making recommendations to enhance the provision of services for students with disabilities. SEAC meets monthly from September through June, with the exception of December. Meetings are held on the first Thursday of each month. All Harford County residents are invited to participate in SEAC. No application is required.

Students who commit attendance-related violations are subject to school-based disciplinary consequences, but may not receive out-of-school suspension.

Suspension and Expulsion — Under Maryland law, school principals have the authority to suspend students for improper conduct for periods of 10 school days or less. Suspensions of longer than 10 school days are within the authority of the Superintendent of Schools. Md. Code Ann., Ed., Art. 7-305 and COMAR 13A.08.01.11 set forth the procedure to follow in the event of a short-term suspension, long-term suspension, extended suspension or expulsion.

Students in prekindergarten through, and inclusive of, second grade, may be suspended out-of-school, for up to five (5) days per incident, only when the following conditions are met:

• The student has violated the discipline code of HCPS or the school;

• The principal of the school, in consultation with the school principal and/or other mental health providers, determines there is an imminent risk of serious harm to other students or staff that cannot be reduced or eliminated through interventions and support if the student remains in school.

The superintendent may deny attendance to any student who is currently suspended or expelled from another school system for a length of time equal to that suspension or expulsion. Also, information relating to the discipline of a student, including information on an expulsion of a student, will be forwarded to another school system upon request.

Behavior Which Has Taken Place Off School Property — Students may be disciplined, including suspension or expulsion, for behavior which has taken place off school property and/or beyond the school day, if the behavior is determined by the principal to impact the learning environment of the school, the safety and/or welfare of other students and/or staff, and/or the maintenance of school order and discipline. If the principal determines that the behavior is a continuation of an on-school property violation, the principal may refer the student to the office of the superintendent of schools with the recommendation for further disciplinary action. If the superintendent concurs with the findings of the principal, a long-term suspension/expulsion may be imposed.

Behavior which has taken place off school property and/or beyond the school day for which a student may be subject to school disciplinary procedures includes, but is not limited to: committing or attempting to commit murder, rape, assault with a deadly weapon, assault, robbery, threat or extortion, arson, distribution and/or sale of controlled dangerous substances, other drug offenses or violation of school rules or conduct which could be subject to criminal prosecution by law enforcement or juvenile authorities whether or not prosecution has or does take place.

Students are subject to suspension for forwarding social media content resulting in danger or disruption, even if they did not create the original content, including but not limited to: bullying, harassment, threats, threats of school violence, and hate messages.

Restitution — If a student is determined to have violated these discipline policies or a school regulation and in the course of that
violation damaged or destroyed school property or the property of another person while on school property and the matter is not referred to the Department of Juvenile Services, the principal shall require the student or the student’s parent/guardian to make restitution. The restitution required by HCPS may not exceed $2,500. The principal may assign the student to a school work project if the principal determines that this is an appropriate means to provide restitution for all or a part of the damage to property. Court ordered restitution required by law may exceed the threshold of $2,500.

The bus is an integral part of the total school program and the driver, who is an adult in a position of authority, must insist on appropriate behavior.

Each student will receive a copy of the “Transportation Rules for Students.” These rules will be reviewed and explained to the students on an annual basis by school personnel. When administration is advised of a violation of the “Transportation Rules for Students” and where the administration determines, as a result of their investigation, that a violation of the “Transportation Rules for Students” has occurred, appropriate disciplinary action will be taken.

Parent/Guardian Transportation — Parents/Guardians who choose to drop their child off at the school are responsible for the safety of their child until the school is open for students. Parents/Guardians who are not aware of the time that students are allowed to enter the school must contact their respective school directly for the information.

Parent/Guardian Responsibility — Each parent/guardian has a role in the safe and efficient operation of the HCPS student transportation system. Parents/Guardians shall assume their responsibilities with the transportation system and extend cooperation and support to the people charged with its operation.

Parents/Guardians should be aware that the privilege to ride a school bus may be temporarily or permanently revoked if the “Transportation Rules for Students” are violated.

• Parents/Guardians are responsible for the safety of their children from the time they leave home in the morning until the time they board the school bus and, at the end of the school day, from the time the school bus drops the student off at their bus stop. For those students who ride Public Schools’ buses, getting to and from the school safely is a parental responsibility.

• Parents/Guardians are never to board the school bus unless authorized by the bus driver to do so and are never to create any disruption to the transportation system.
• Parents/Guardians should be aware that students are required to arrive to the bus stop at least five (5) minutes prior to the scheduled arrival time.
• Parents/Guardians should be aware that students are required to utilize the designated bus stop assigned by the Transportation Department. Requests may be made for the use of another bus stop to the principal for emergency situations and approval must be provided to the bus driver in writing.
• Parents/Guardians should be aware that large items or personal belongings that interfere with other students’ seating are not permitted on the school bus.
• Parents/Guardians shall be responsible for any damage or destruction of the school bus. Any destruction to the school bus may result in withdrawal of transportation services until the cost of the damage is settled.
• During the mid-day bus run, adult supervision is required for PreK students at the bus stop until the child is picked up, and at the time a child is dropped off. Once the student boards the school bus, the responsibility lies with the bus driver and the school administration.

Transportation Department Responsibility —

• Assign bus stops and route buses efficiently within the established guidelines and attendance areas. Routes are subject to change.

• The bus driver is required to pick up and drop off students at the designated bus stop assigned by the Transportation Department.
• The bus driver or attendant has the authority to assign seats or make changes to seat assignments at their discretion.
• The bus driver or attendant is required to report infractions of the rules to the proper administration.

School Administration Responsibility —

• When administration is advised of a violation of the “Transportation Rules for Students” and where the administration determines, as a result of their investigation, that a violation of the “Transportation Rules for Students” has occurred, appropriate disciplinary action will be taken.

Harford Technical High School and Center for Educational Opportunity — A consolidated stop system for school bus transportation is utilized for all students attending Harford Technical High School and the Center for Educational Opportunity:

• Students who live within walking distance (one and one-half miles) of their neighborhood elementary, middle or high school might be required to meet their bus at the local school.

• Stops for developments are located at the entrance of the development.

• Students are required to be at their bus stop ten (10) minutes prior to the stated pickup time.

• The school needs to have the student’s current address and phone number. Changes cannot be given to the Transportation Department or bus driver by the parent/guardian or student.

• Students not utilizing morning bus service for a period of ten (10) consecutive school days will be dismissed from the morning bus route to provide the shortest ride time for students who are utilizing bus service.

• Students not utilizing afternoon bus service for a period of ten (10) consecutive school days will be dismissed from the afternoon bus route to provide the shortest ride time for students who are utilizing bus service.

• Parents/Guardians are responsible for contacting the school to restart bus service once a student has been dismissed from the bus route due to lack of use.

• Students are permitted to only ride the bus they are assigned, utilizing their designated bus stop.*

• On inclement weather days (even when schools are on time) buses may be delayed.

*Services are designed to provide transportation from home to school and back home (or daycare).

Magnet Program Transportation Guidelines — The following guidelines pertain to Harford County Public Schools magnet programs: the Global Studies Program/International Baccalaureate Diploma Programme at Edgewood High School, the Natural Resources and Agricultural Science Program at North Harford High School, and the Science and Mathematics Academy at Aberdeen High School:

• The aforementioned magnet programs utilize a depot bus stop system.

• In the morning, a bus for each magnet program stops at all of the HCPS high schools and then proceeds to the magnet program’s school. In the afternoon, buses will stop at the same pickup locations.

• Getting to and from the depot bus stop safely is a parent/guardian responsibility.

• The HCPS Transportation Office will send out notice prior to the start of the school year with all necessary information to those students attending a magnet program outside of their attendance area.

• Students attending a program within their attendance area can find bus information on the HCPS website, www.hcps.org.

• In many instances, ride times can exceed 45 minutes.
