**NOTES**

<sup>1</sup> The state and local request amounts are subject to change.

Last Revised:8/31/2016

<sup>2</sup> The Havre de Grace Middle/High School replacement calculations have been updated based on FY 2018 state criteria that was received on July 14, 2016.

<sup>3</sup> If the Roye Williams Elementary School HVAC Major construction project is funded, the state and local request will change for the Emergency Systems & Communications and the Domestic Water & Backflow Prevention categories. Two critical need projects (sprinkler head replacement and domestic water line replacement) have been identified at the school and are included in those CIP categories.
