

BOARD OF EDUCATION OF HARFORD COUNTY
INFORMATIONAL REPORT

PRESENTATION OF RECRUITMENT AND RETENTION - ADDENDUM

March 8, 2021

Background Information:

On February 8, 2021, the Human Resources Department presented the 2019-2020 annual report regarding Recruitment and Retention. The presentation consisted of an Informational Report and a Board Presentation via PowerPoint.

Discussion:

The exhibits accompanying the Informational Report were inadvertently left off the files that were uploaded to the Harford County Public Schools website. The Informational Report previously provided, as well as the data discussed during the public presentation on February 8, 2021, is unchanged and all presentations and reports reflected the data within the provided exhibits. No changes have been made to these documents as they still reflect February 8, 2021 data. The updated file includes the full Informational Report (written narrative) to include the three exhibits. There are no changes to the Power Point presentation, which supports data included with the Information Report.

Superintendent's Recommendation:

The Superintendent recommends the Board accept this informational report complete with Exhibits referenced.
