

**BOARD OF EDUCATION OF HARFORD COUNTY  
INFORMATIONAL BOARD REPORT**

**DECISION ON**

**CHANGE OF NAME FOR  
WILLIAM PACA/OLD POST ROAD ELEMENTARY SCHOOL**

**MARCH 14, 2022**

**Background Information:**

The Harford County public school known and designated as William Paca/Old Post Road Elementary School, is located at 2706 Philadelphia Road, Abingdon, Maryland, 21009. William Paca/Old Post Road Elementary School is comprised of two school buildings. One building was constructed in 1956 and was named and designated Old Post Road Elementary School. In 1964 a second building was constructed at the same campus. This building was named and designated William Paca Elementary School.

At some point in time, subsequent to 1964, the names of the two school buildings were combined to designate a single school, thereafter known and designated as William Paca/Old Post Road Elementary School.

**Discussion:**

William Paca was born near Abingdon, Maryland in 1740. He signed the Declaration of Independence, served in the Maryland legislation, was a federal judge and served as Governor of Maryland. He died in 1799. During his lifetime, William Paca was an owner of enslaved persons.

Since 1964, HCPS policy and position regarding the naming of schools has changed significantly. Board Policy 20-0024-000, entitled, Naming of Public-School Buildings or Facilities or Parts/Areas Thereof, among other things, states as follows:

III. Policy Statement

- A. All public school buildings shall be named in accordance with the following process.
  - 1. All public school buildings shall be named prior to the building's opening for use.
  - 2. The name designated for the public school building shall properly recognize the importance of the public school building to the county, school system and community.

3. A name for a public school building shall be that of:
  - a. The community, location, road, or street where the public-school building is located;
  - b. A significant and distinguishable landmark which will identify the school's location;
  - c. A person, living or dead, who has made significant contributions to the nation, the State of Maryland, to Harford County, or the public school system, based upon any or all of the following criteria:
    - 1) Outstanding and exceptional support of and service to or on behalf of the public-school students in the county;
    - 2) Outstanding citizenship and character;
    - 3) General service to the community;
    - 4) Superior ethical standards;
    - 5) Any financial donations made by the person to the school system.

The Superintendent and HCPS staff believe that maintaining the name of an owner of enslaved persons as part of a name of a school is inconsistent with the educational mission of HCPS. The Superintendent notes, in this regard:

1. The Board's Strategic Plan which includes the Board's Mission and states as follows:

“Each student will attain academic and personal success in a safe and caring environment that honors the diversity of our students and staff.”
2. The Board's Educational Equity policy, Section III. A. which states, among other things,

“Environments for student learning, extra-curricular activities, and other school or school-sponsored activities, shall be designed by the school system so as to be equitable, fair, safe, diverse, and inclusive.”
3. Board Policy 20-0024-000, at Section III. C. 1., provides, among other things, as follows:

### III. Policy Statement

- C. 1. Naming of a public school building facility or part/area thereof which is inconsistent with the educational mission of HCPS is prohibited.
2. The Board reserves the right in its sole discretion to change, in whole or in part, or eliminate at any time, in whole or in part, the name of any Public School Building, a Public School Facility, or any part or area thereof.

While the Superintendent acknowledges that William Paca was a major historical figure in 18<sup>th</sup> century Maryland, his ownership of enslaved persons is incompatible with the Board's Mission, as articulated by the above provisions, in the Board's Equity Policy and in the Board's Strategic Plan.

The Superintendent and staff believe that removing the name William Paca from the school's name William Paca/Old Post Road Elementary School will provide students at the school an educational environment more conducive to learning in a healthy, diverse, inclusive and equitable learning environment.

Further, a substantial number of persons have stated their support for the removal of the name William Paca from the school's name William Paca/Old Post Road Elementary School. In this regard, the Superintendent notes that a petition containing over 1,500 signatures was forwarded to the Board and to the Superintendent by Ms. Andi Verbus, in June 2020. A copy of this petition and related Web Contact from Ms. Verbus are attached as Exhibits 1 and 2 to this report.

Public speakers at Board meetings have also spoken in support of the removal of the name of William Paca from William Paca/Old Post Road Elementary School.

Pursuant to Section III. C. 2. of the above Board policy, the Board may change the name of any public school building at any time. Pursuant to Section III. B. of the above policy, at least sixty (60) days prior to the initial naming of a public school building, an announcement is required to be made, at a regular Board meeting, of the intention of the Board to select such an initial name. Thereafter, for sixty (60) days, any member of the public may submit proposals for the name. At the next, regularly scheduled Board meeting, after the expiration of the sixty-day (60-day) time period, any name recommended by the Superintendent, as well as names submitted by the public, are to be considered by the Board, and a decision made by the Board as to whether to approve one of the names submitted, or to adopt a name that the Board selects independent of the recommendations.

Although the above Board policy does not require the above procedural regulations to be applied to the change of the name of a school building, as opposed to a building's initial naming, the

Superintendent believes that the above process should apply to a change of name of a school building.

**Superintendent's Recommendation**

The Superintendent recommends that the Board:

1. Announce its intention at this Board meeting to rename the William Paca/Old Post Road Elementary School, so as to, at least, delete the name William Paca from such name.
2. Request that the Superintendent post an announcement on the HCPS website of the Board's intention to rename the William Paca/Old Post Road Elementary School, as stated above, and, also stating, that the procedural requirements as described above, and set forth in Section III. B., of the Board policy, will apply with respect to the renaming of the William Paca/Old Post Road Elementary School.

Recipient: Harford County Public Schools, Harford County Board of Education, Dr. Sean W Bulson

Letter: Greetings,

William Paca Elementary School (in Abingdon, MD), was named after a wealthy white slave owner. Regardless of William Paca's historical significance to Harford County, it's wrong to celebrate the namesake of a man complicit in one of the ugliest injustices of American history. What message does it send to young black children when some of the most formative years of their education are spent in an institution named after a man who held their ancestors as property?

This is why we're signing this petition to the Harford County Board of Education to rename the school after a prominent black activist from Harford County: Alvin Dwight Pettit, a lawyer who was the first black student to attend Aberdeen High School after a 1958 civil rights case against Harford County Public Schools. While this gesture may be insignificant in the face of current events, we still believe that it's important to send a message of racial justice to the children of Abingdon and Edgewood rather than celebrate a slave owner.
