Discussion

The Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022 contains audited financial statements, schedules, exhibits, and footnotes, as well as opinions of the Independent Public Accountants of CliftonLarsonAllen LLP. The financial statements are prepared in accordance with national generally accepted accounting principles. This report is required to be filed with the Maryland State Department of Education by September 30. We have complied with that requirement. Copies have been submitted to the Board and are available to the community on-line at [Harford County Public Schools FY22 Annual Comprehensive Financial Report](#).

Auditing standards require that, in addition to the opinion they provide, the independent auditors are required to make certain representations to the governing body of public entities concerning the audit report they issue. All of these requirements have been met. An additional year-end report will be subsequently issued, the Single Audit, which pertains to federal financial assistance. The remaining report will be provided to the Board upon issuance.
