Description:

<ul style="list-style-type: none">• This solicitation was completed by the Universal Service Administration Company, eRate purchasing program on behalf of Harford County Public Schools.• This contract will refresh the existing two hundred ninety-five (295) Uninterruptible Power Supply (UPS) devices which are end of life and no longer supported.• The UPS devices allow enough time for the servers and network switches to remain powered up in the event of a power outage, until the building generators take over.• These devices affect the life-safety equipment within the buildings, as the security systems and phones are reliant on the network gear that is connected to the UPS's.• CDW Government will provide the equipment, software/licenses, delivery, installation, and removal of the existing UPS devices.• HCPS will seek to receive reimbursement from the Federal Communications Commission (FCC) for 60% of this procurement, \$594,893.46.
