Estimate based on \$100,000 tuition per student X 37,000 students

REDEFINED

Expulsion

permanent removal

Suspension > 45 days with: 1. Educational Services 2. Reentry Plan

The law requires a plan for expelled students to return to their regular schools.

DISRUPTION

Expulsion is illegal for disruption.

Principals can suspend up to 10 days.

The Superintendent can suspend up to 45 days.

IMMINENT THREAT

Principals can suspend up to 10 days.

The Superintendent can only expel (suspend 46 or more days) if the student is "likely an immediate danger of significant physical injury."

PreK-2nd Grade

Principals can suspend up to 5 days only if the student continues to be an imminent threat of serious physical harm after interventions as determined by a mental health professional.

This criteria makes PreK-2nd grade suspension practically illegal.

REPORTABLE OFFENSES

The reportable offense law allows the removal of students charged with serious crimes before they go to court.

The imminent threat criteria makes removing charged students illegal in many cases.
