

National Board Certification

*Delivering on the promise of **Accomplished Teaching** to the students of Harford County*

What is National Board Certification?

National Board Certification is:

- a rigorous professional assessment process
- a nationally recognized professional teaching credential.

National Board Certification is designed to:

- develop, retain and recognize accomplished teachers
- generate ongoing improvement in schools.

What is National Board Certification?

Teachers take an assessment and create a portfolio documenting the following:

Content knowledge
evidenced through an
online assessment

Formative & summative
assessment analysis
evidenced through
student work

Differentiation in
instruction evidenced
through samples of
student work

Documentation and
reflection of the learning
environment with videos
and written reflection
