Description:

- This encompasses Carnegie Learning’s Math Solutions Series Grade 8 Course 3 and High School Algebra I.
- The Algebra I program was introduced into the curriculum during the 2004/2005 school year, and the Math 8 program was introduced into the curriculum during the 2016/2017 school year.
- Purchases consist of consumable journals and access to online resources for students, teachers, and parents.
- The Carnegie math programs are aligned to the Maryland College and Career Ready Standards.
- Lessons are designed to provide comprehensive grade level programs for whole groups, small groups, and individualized instruction.
- These programs will continue to be renewed annually until they are terminated by the district and based on funding availability.
- The total annual expenditure, which is contingent on student enrollment and funding availability, is expected to exceed \$100,000.
- Purchases made will be within approved budget limits.
- According to the Procurement Manual, certain services/items may be exempt from the competitive process, which includes copyrighted materials.
