Funding Source:	Medical Assistance Reimbursement Funds
Department:	Office of Student Services – Health Services

Description:

• This contract provides a private duty nurse for a medically fragile student, for the 2026-2027 school year. • This student is currently being cared for, outside of school hours, by Ataam Health Care LLC. • To ensure continuity of care, HCPS prefers to utilize the services of the same nursing provider throughout the time the student attends school. • The private duty nursing services are portal to portal, meaning the nurse will meet the student at the student's home bus stop at the beginning of the day and accompany the student throughout the day. Services will continue until the student arrives back at their home bus stop. • The private duty nurse will also provide nursing services during school-sponsored events, including, but not limited to, field trips and other school activities, as required. • Annual expenditure will depend on the student's individual needs and is expected to exceed \$100,000. • Due to the specialized and unique nature of this service, this is considered a single source procurement.
