Capital Budget

Program Overview

The Facilities Management Department Division of Planning and Construction develops school facilities that meet student population and educational program requirements. The department is responsible for managing planning and construction activities that are coordinated for the purposes of modernizing, renovating and improving educational facilities for the students and staff of HCPS. The department utilizes demographic information, educational specifications, procurement practices, architectural and engineering parameters, and budget data to deliver planning and construction related services in support of High Student Achievement.

Each year the Board of Education, school staff, and community, review and analyze the Capital Improvement Program (CIP) for the Board to establish priorities as it secures future funding. This review includes the status of county and state funding levels from the previous fiscal year, the volume and status of current approved capital projects, an analysis of enrollments and capacities, and a study of population growth within Harford County. In addition, information obtained from system wide building evaluations, a review of project categories, and the infusion of technology into our facilities are considered.

All construction projects are budgeted in the School Construction Fund, which is often referred to as the Capital Budget. School construction is budgeted on a project basis. Projects may be funded over several years with funding allocations carried forward over multiple years until completion.

The Harford County Board of Education lacks taxing authority and remains revenue dependent upon Harford County Government and the State of Maryland to fund the Capital Budget. State funds are approved based on the recommendations of the Interagency Committee on School Construction (IAC).

The Capital Improvement Plan is managed by the Facilities Management Department Division of Planning and Construction and the Office of Operations. Harford County Public Schools has developed a multi-year capital improvement plan and updates the plan annually based on changing enrollments and conditions of schools. The School Construction Fund accounting is handled by the Finance Department in Business Services.

Harford County Public Schools School Construction Fund Capital Projects												
	Actual FY 2015	Actual FY 2016	Actual FY 2017	Budget FY 2018	Budget FY 2019							
Revenues:												
State	\$15,125,970	\$9,514,383	\$3,963,370	\$13,592,000	\$14,111,000							
Local	\$16,683,422	\$22,676,418	\$19,129,002	\$35,023,000	\$68,426,858							
Federal	\$0	-	-	Ī	-							
Other Revenue	\$485,240	\$820,031	\$75,442	ı	-							
Total Capital Revenue	\$32,294,672	\$33,010,832	\$23,167,814	\$48,615,000	\$82,537,858							
Total Capital Expenditures	(\$33,669,871)	(\$33,285,201)	(\$23,576,768)	(\$48,615,000)	(\$82,537,858)							
Excess/deficit	Excess/deficit (\$1,375,199) (\$274,369) (\$408,954)											
Capital Projects Beginning Fund Balance \$3,778,013 \$2,402,814 \$2,128,445 \$1,719,491 1,719,491												
Capital Projects Ending Fund Balance	\$2,402,814	\$2,128,445	\$1,719,491	1,719,491	1,719,491							

School construction is accounted for by individual projects, where revenues are recognized at the same time as related expenditures. Under the budgetary basis of accounting, this normally results in a fund balance of zero at the end of each period.

Capital projects funds are used to account for financial resources used in the acquisition, construction, or improvements of major capital facilities. A capital expenditure is the amount used during a particular period to acquire or improve long-term assets such as property, plant, or equipment. However, some capital expenditure designations have been determined by the way Harford County Government funds the expenditure (i.e. Textbook/Supplemental Refresh).

Capital Improvement Impact on the Operating Budget

When the School Construction Fund pays for a new building or the expansion of a school, there is an impact on the Operating Budget. The Executive Directors of Elementary, Middle and High School determine the staffing needs at the school, while the Executive Director of Facilities and the Assistant Superintendent of Operations determine the building maintenance needs.

As the Capital Improvement Plan is implemented and facilities are expanded, the Board of Education determines staffing additions based on:

- Enrollment projections
- State rated capacities and percentages of utilization
- Availability of operating funds

While some of the capital improvements involve maintenance of facilities, which should help keep operational costs down, building expansions often involve shifting students from portable classrooms to permanent instructional facilities. This often minimizes the effect on the operating budget since the instructional support is already in place. Traditionally, when a new school opens, the Board of Education has provided supplemental budget allocations for the purchase of textbooks, library materials, and other related instructional items. The custodial staffing allocation is calculated based on square footage and special needs.

Each year, a review of the operating impact of new construction or renovations is undertaken and funds are requested during the budget development process. The county government determines the projects to be included in the capital program by their funding of the projects. Projects include new building construction, renovations, moderations, additions, roof repairs, HVAC repairs, textbooks, technology, and various other equipment or improvements.

BOARD OF EDUCATION OF HARFORD COUNTY CAPITAL IMPROVEMENT PROCESS DEVELOPMENT OF THE FY 2019 CAPITAL IMPROVEMENT PROGRAM

Each year, the Board of Education reviews and analyzes the capital needs of the school system. Factors such as the age of existing facilities, student enrollments, school capacity, population trends, residential development, and existing building systems are all studies to develop a list of capital priorities.

THE CAPITAL IMPROVEMENT SCHEDULE

October 2016 to April 2017	Superintendent's Technical Advisory Committee
January to May 2017	CIP Priorities List Developed
June 2017	Facilities Master Plan Approved
July 2017	First Reading of CIP to Board of Education
September 2017	Board of Education Adoption of CIP Priorities
September 2017	Presentation to Planning Advisory Board
October 2017	Presentation to Harford County Government
October 2017	Submission to Interagency Committee (IAC)
January 2018	Submission to Harford County Government
May 2018	Approved by Board of Public Works
June 2018	Approved by Harford County Council
July 2018	Funds Available

			\$ 14,111,000		\$ 68,426,858		\$ 82,537,858	\$150,904,858

Notes

¹ The State - Local Cost Share percentages were approved by the State Board of Public Works on October 18, 2017. For FY2019, the state share percentages of public school construction funding for eligible costs of approved projects for Harford County Public Schools is 63%.

² The Havre de Grace Middle/High School replacement calculations were based on FY 2018 Average Statewide per Square Foot School Building Cost (\$315.35/s.f.). The IAC adjusted the FY 2018 Average Statewide per Square Foot School Building Cost on April 7 2017 to \$348.67 / s.f. This will affect the State-Local cost share for the Replacement of the Havre de Grace Middle/High School.

³ The Bel Air Elementary School HVAC/Open Space Enclosure project received full funding from the County in the FY 2018 CIP. The State funded \$3,023,000 in the FY 2018 CIP, \$568,000 is the remainder of the State funds required to complete the project.

⁴ Some projects receive funding over multiple years. The <u>TOTAL PROJECT COST</u> column identifies the total cost budgeted for a project receiving funding over multiple fiscal years. The <u>STATE REQUEST</u>, <u>LOCAL REQUEST</u>, and <u>TOTAL FY 2019 CAPITAL FUNDING REQUEST</u> columns identifies the funding requested for fiscal year 2019.

PROJECT MANAGER: Susan Austin

PROJECT: HAVRE DE GRACE MIDDLE/HIGH REPLACEMENT SCHOOL

DISTRICT: **REQUEST NO:** PROJECT NUMBER B144111 **LOCATION:** Havre de Grace, MD 35

/ Justification:

Project Description The Havre de Grace High School consists of two (2) buildings with a main administration and classroom facility built in 1955. The building was renovated in 1984 and had additions built in 1958, 1971, 1976 and 1984. Constrained by the urban setting, the second building, part of the 1971 addition, was built across Congress Street and includes the auditorium, gymnasiums, and music wing. Havre de Grace Middle School was built in 1967 and has had no major renovations or modernizations. A scope study was performed to evaluate options, and on 9/23/13, the Board of Education approved a recommendation to build a new building combining the middle and high school population in a single school. The Board of Public Works approved Local Planning for this project in the FY2015 CIP under the Sustainable Communities Program. Educational Specifications and Schematic Design for the new building were approved by the BOE on August 4th and 18th (2014) respectively, for a new building of 250,111

square feet and a combined state rated capacity of 1542.

Major Construction **Priority Band**

Project Schedule: Construction to begin 2018, with building completion expected July 2020

Demolition of existing buildings to follow

Project Status: Construction

TYPE OF PROJECT

PROJECT:	TECHNOLO	GY SYSTEMS REFRESH					TYPE OF PROJECT
COUNCIL DISTRICT:	LOCATION:	Various	REQUEST NO:	3	of	35	PROJECT NUMBER B044118

Justification:

Project Description / This project addresses critical annual investments required for a rapidly growing, technology rich environment. These investments are essential to maintain a high level of operational efficiency, avoid obsolescence, address increased bandwidth demands and preserve compatibility to industry standards for technology infrastructure components. This over- arching project includes refresh programs for instructional and administrative computers; network, information security, data storage and communications equipment; servers; and auditorium/gymnasium audio/video/theatrical lighting systems. The project also encompasses the integration of multi-media interactive technologies into classrooms to promote stronger student engagement. Additionally, the project is a strategic information technology collaboration involving all the government agencies to address current and future technology initiatives of Harford County. The future year projections represent a place holder. The Technology Department will provide a detailed estimate of costs.

The FY 2019 request comprises

Academic Mission Critical

Network Equipment Replacement (7-8 year cycle): 1.310 wireless access points must be replaced due to End of Life (EOL) support. The \$406K is the matching funds required by Erate to fully fund the replacement. Additional firewall to create redundancy on the instructional wireless network. \$795K for replacement of Extreme switches which end support Oct 2018 (AMS, BAHS, EHS, DFES, MVES, JOES, CMW, COHA) and core replacement in (FMS, JHS, NHMS, RPES, SMS, AHS)

Replacement Desktop/Mobile (4 year cycle): Refresh of computers at EOL support. FY19 is cost of phase II for 1 device per student along with refresh of non-instructional devices (teacher/clerical/admin)

Phone Systems Replacement: Replace antiquated analog phone systems where 50% are approaching 20+ yrs. old. Doing so we can save approx. \$300K of operating budget on phone lines by using HMAN. Existing vendor, Toshiba, closed their Telecommunications Division March 2017.

Multi-media (projectors) Replacement Refresh aging LCD projectors. Replacement bulbs, if available, cost more than a replacement projector with higher brightness and newer technology bulbs.

Auditorium/Gymnasium Audio/Video Systems AHS Auditorium Sound Modification, NHHS Auditorium Sound/Video Modification

PROJECT MANAGER: Drew Moore

PROJECT:	Bel Air Elementary Schoo	TYPE OF PROJECT				
COUNCIL DISTRICT:	LOCATION: Bel Air. MD	REQUEST NO:	4	of	35	PROJECT NUMBER NEW

Justification:

Project Description / This project will address the replacement of the HVAC system in place at the school, with the exception of the chiller and associated pumps that were replaced in 2011. Additionally, the project will address the open space classroom configuration on the first floor by the erection of wall partitions and separate doors for each classroom. Fire sprinkler service will be extended to serve all the interior spaces. LED lighting for the school will be considered as an add alternate since Bel Air ES previously participated in fluorescent lighting upgrades. A back-up generator for the school and compliance with MEMA will be considered under this project. The existing HVAC system consists of chiller / boiler, dual pipe HVAC system with unit ventilators / fan coils in the classrooms and offices. The cafeteria/stage and gymnasium are served by air handling units. The kindergarten area is served by multi-zone roof top unit.

> This project was fully funded by the County and partially funded by the State in FY 2018. This is to request the remaining State funding needed to complete the project.

Priority Band Major Construction

Project Schedule: Design summer/fall 2017. Bid spring of 2018. Construction to begin summer 2018 and take approximately six months.

PROJECT: Fallston Chiller Replacement TYPE OF PROJECT

COUNCIL DISTRICT: LOCATION: Fallston, MD REQUEST NO: 6 of 35 PROJECT NUMBER NEW

Project Description / Justification:

This project is to replace the water-cooled chiller at Fallston Middle School with an air-cooled chiller. The existing cooling tower enclosure will require updates to make room for the air-cooled chiller. The current chiller has been previously identified as requiring replacement. Recently, it has experienced increased failures that caused the school to be without cooling for a short period. Future problems could lead to additional damage done to the internal components of the chiller. There is risk of possible permanent damage and loss of cooling for an extended period of time.

Priority Band 1 Major Construction

Project Schedule: Design summer 2018. Bid Fall of 2018. Construction Winter 2018 - Spring 2019.

PROJECT: **ROOF REPLACEMENT Aberdeen Middle School** **TYPE OF PROJECT**

COUNCIL DISTRICT: LOCATION: Aberdeen, Maryland

REQUEST NO:

35 of

PROJECT NUMBER

NEW

Project Description / Justification:

The periodic replacement of roof systems is necessary to prevent damage to the interior of the building and to prevent indoor air quality issues. Additionally, aging schools require window, door, masonry or siding renewal outside the modernization. Improvements will provide enhanced security, energy conservation and weatherproofing.

8

The roof at Aberdeen Middle School is in need of replacement and masonry point up and waterproofing of the exterior brick walls is needed in FY 2019.

Projects are submitted for funding consideration through the State Capital Improvement Plan request.

Justification:	based tractor utilized by Ha	rs and equipment, and facilitie arford County government. The	es grounds equipment. Vehicles a nese standards were derived from	re planned to APWA (Ame	be on a five rican Public	year replacem Works Associa	and warehouse activities. Also included are the total and the total action, standards. The non-bus fleet standards are total action.	ards red by this

based tractors and equipment, and facilities grounds equipment. Vehicles are planned to be on a five year replacement cycle in accordance with fleet standards utilized by Harford County government. These standards were derived from APWA (American Public Works Association) standards. The non-bus fleet covered by this category consists of approximately 320 pieces of equipment, not including small equipment such as push mowers, weed eaters, snow blowers, etc. Due to a lack of funding for the last FIVE fiscal years, the fleet is becoming increasingly difficult to maintain. HCPS has had to rent vehicles for snow removal and salt in order to open schools after inclement weather. The continued ability to maintain our buildings, lots and grounds is dependent upon receiving funding to replace or repair vehicles and equipment in this category.

Based on the County's Fleet Management Study recomendation, the budget below relects consistant approach to replace the HCPS aging non-bus fleet.

PROJECT MANAGER: Tom Rufenacht

PROJECT: **ADA IMPROVEMENTS TYPE OF PROJECT**

DISTRICT: LOCATION: Various REQUEST NO. 13 35 PROJECT NUMBER B064143

/ Justification:

Project Description This project provides for building and grounds improvements to bring schools into compliance with current Americans with Disabilities Act accessibility guidelines, and the Maryland Accessibility Code. Exterior work includes pavement markings, curb cuts, sidewalk work, and providing accessible pathways to playground areas. Inside work includes making restrooms, water fountains and public areas accessible. Additionally, elevators and lifts are needed within the schools system to provide adequate provisions for students and community members with special needs to access all levels of the school building. As the elevator systems age, the systems require increased maintenance and eventually replacement. This category includes planned projects and allowance. By law, accommodations must be made to a school receiving new students or staff requiring accommodations. A funding source to complete these modifications is needed in order to avoid liability.

FY 2019 - CEO Front entrance storefront replacement and additional parking and ramps; Harford Tech HS Elevator Replacement

FY 2020 - Restrooms and fountains at Edgewood MS; C. Milton Wright HS Elevator Replacement

FY 2021 - Fountains at North Harford MS - Old Post Elementary Front entrance storefront replacement and additional parking and ramps; Fallston HS Elevator Replacement

FY 2022 - Fallston HS Front entrance storefront replacement and additional ramps and parking

FY 2023 - Restrooms and fountains at Prospect Mill Elementary School

PROJECT NUMBER B064128

Project Description / Justification:

This capital project funds septic system upgrades to the new standards of the Maryland Department of Environment. The funding allows for the design, permitting and construction of new systems as well as the repair or upgrade to failing systems currently operating.

Funds will be used to maintain, upgrade and inspect the septic systems at the following schools such as North Harford, Norrisville, Jarrettsville, North Bend, Dublin, Churchville, Darlington, and Forest Hill Elementary Schools.

Common repairs include the replacement of blowers (\$11,800 per blower), grinder pumps (\$5,400 per pump) PLC (\$37,000 per PLC) and IO Card (\$19,000 per

PROJECT: SECURITY MEASURES TYPE OF PROJECT

COUNCIL DISTRICT: LOCATION: Various REQUEST NO: 16 of 35 PROJECT NUMBER B054113

Project Description/ Funds will be used for upgrading existing security cameras with associated equipment at each school site on a routine basis depending on age and technology advancement. These funds will also be used to refresh the visitor management system approximately every 5 years.

The proposed order of priority is as follows:

FY 2019 - Security Camera Upgrade at Edgewood Middle School, two (2) additional cameras at Aberdeen, Fallston, Harford Technical, and North Harford High Schools. Upgrade classroom locks at William Paca and Old Post Elementary Schools.

FY 2020 - Security Camera upgrade at Joppatowne High School. Upgrade classroom locks at Darlington and Dublin Elementary Schools.

FY 2021 - Security Camera upgrade at C. Milton Write High School. Upgrade classroom locks at Norrisville and Bel Air Elementary Schools.

FY 2022 - Security Camera upgrades at Fallston High School. Upgrade classroom locks at Havre de Grace and Meadowvale Elementary Schools.

FY 2023 - Security Camera upgrades at Harford Glen Center. Upgrade classroom locks at Roye Williams Elementary School.

FY 2024 - Security Camera Upgrade at Central Office. Security upgrade to classroom locks at Riverside and Church Creek Elementary Schools

FY 2025 - Security Camera Upgrade at Aberdeen Middle School. Upgrade classroom locks at Halls Cross Roads and George Lisby Elementary Schools

PROJECT: **TECHNOLOGY EDUCATION LAB REFRESH** TYPE OF PROJECT

COUNCIL DISTRICT: LOCATION: REQUEST NO: 17 35 PROJECT NUMBER B994124 Various

Justification:

Project Description / This project provides funds to upgrade middle and high school Technology Education (old Industrial Arts shops) classrooms with current computer equipment and technology to reflect program changes defined by MSDE. The "Foundations of Technology" (FOT) course is required for all students in Harford County Public Schools as part of the Maryland Department of Education's graduation requirement.

The implementation of these programs is an essential component of the K-12 STEM Education Strategic Plan for Harford County Public Schools.

FY 2019 - Update Technology Education Lab computers and equipment to handle Autodesk suite at Fallston High School, Joppatowne High and North Harford High School. Update Technology Education Lab computers and equipment to handle Autodesk/ PLTW and Robotics software Havre de Grace Middle, and Edgewood Middle.

FY 2020 - Update Technology Education Lab computers and equipment to handle Autodesk/ PLTW and Robotics software at Bel Air High.

PROJECT:	OUTDOOR TRACK	RECONDITIONING					TYPE OF PROJECT	
COUNCIL DISTRICT:	LOCATION:	Various	REQUEST NO:	18	of	35	PROJECT NUMBER	BB13018

Justification:

Project Description / This account provides funding to maintain existing high school tracks, and replace specific surface areas to provide a seamless safe surface for the use by students and the public. The funds will provide minor repair for the running tracks consisting of power washing, repair patching and new layout track lines.

> Due to funding limitations, the last track repair was completed in 2013. This lapse in time has created a backlog in required work. Track closure have occurred at Fallston HS and Aberdeen HS. As a result, HCPS had an independent consultant evaluate all of the High School track conditions. The resulting evaluation recommended full surface replacement of two tracks and prioritized the tracks needs for repair and maintenance. The priorities below are the result.

2019 - Track needs to be stripped of existing rubber, milled, paved and new surface installed and lined at C. Milton Wright HS

2020 - Repair, clean, patch worn areas and reline tracks at Aberdeen HS, Bel Air HS, Harford Tech HS, and Havre de Grace HS

2021 - Repair, clean, patch worn areas and reline tracks at Edgewood HS, Joppatowne HS, and Patterson Mill HS

PROJECT: ATHLETIC FIELDS REPAIR AND RESTORATION TY	PE OF PROJECT
--	---------------

COUNCIL DISTRICT: LOCATION: Various **REQUEST NO:** 35 PROJECT NUMBER B034113 20

Justification:

Project Description / This account provides funds of \$50,000 annually to maintain athletic fields at ten high schools, as well as playing fields at all schools. Funding includes maintenance and repair for stadium and practice fields at \$20,000 per year. It provides for repair and replacement of fencing (\$30,000 / year) which ensures safety of students. Additionally, these funds are used to fund mandated maintenance and testing of synthetic turf fields and the replacement of the turf fields as they reach their expected

> In 2016, Harford County had all of the Synthetic Turf Fields in the county evaluated. It was determined HCPS will need to replace fields at Bel Air HS in 2021, Harford Tech HS in 2022, Edgewood HS in 2023 and Havre de Grace HS in 2024. The budget below reflects that replacement schedule.

Project Description / Justification:

This budget category is used for renovation and replacement of the infrastructure for three (3) swimming pools that are located at Edgewood, Magnolia and North Harford Middle Schools. It will also be used to provide routine maintenance based on a professional plan. It addresses current, medium and long-range maintenance needs to preserve the infrastructure and the filtration system, so that it can remain viable for many years to come.

Future projects for consideration:

FY 2019 - North Harford Middle School Swimming pool - Replace aging filter system and related components, retile pool deck and add a chloramine removal system as recommended in the system assessment report for the North Harford Middle School pool completed in January of 2017.

FY 2020 - Replace dehumidification units at Edgewood Middle School

FY 2021 - Magnolia Middle School Drain Deck Replacement FY 2022 - Replace dehumidification units at North Harford MS

PROJECT:	TEXTBOOK/ SI	JPPLEMENT.	AL REFRESH				TYPE OF PROJECT	
COUNCIL DISTRICT:	LOCATION	Various	REQUEST NO:	23	of	35	PROJECT NUMBER	B064129

Project Description / This project replaces textbooks, materials of instruction, and supplemental materials to provide the most current content, and to implement new instructional and

Justification:

This project replaces textbooks, materials of instruction, and supplemental materials to provide the most current content, and to implement new instructional and assessment programs to all 54 elementary, middle and high schools.

Since school year 2013-14, Harford County Public Schools (HCPS) has fully implemented the Maryland College and Career Ready Standards (MCCRS), which are grounded in The Common Core State Standards. The Common Core State Standards were adopted by the Maryland State Department of Education in June 2010. The MCCRS establishes a single set of clear and rigorous educational standards for grades PreK-12 in reading/English/ Language Arts and mathematics and are designed to ensure students graduating from high school are prepared to enter credit bearing entry courses in two- or four-year college programs and/or enter the workforce. The standards are research- and evidence-based and internationally benchmarked. In addition, new standards continue to be revised and adopted by the Maryland State Department of Education in Science, Social Studies, and other curricular areas over the next several years.

Moreover, in order to maintain high levels of student achievement, all teachers need to infuse technology in daily instruction. If teachers are not provided the necessary tools for instruction, students will ultimately be at a disadvantage when assessed on the new learning standards. The shifts in education around the MCCRS, as well as MSDEs and HCPS assessment programs serve as a constant reminder that classroom instruction must evolve to support student achievement.

Due to these changes in standards and technology, HCPS continues to research and examine textbooks, materials of instruction, and supplemental materials to support the implementation of these new standards and curricula. These materials continue to become increasingly dependent on technology, such as e-textbooks, electronic resources, and software, which usually have a recurring cost associated with the initial purchase.

Publishers and authors have been researching and aligning these resources to the MCCRS, so HCPS will see an increase in purchasing textbook and other resources to support the revised curricula and the assessment program. When materials are purchased system-wide, overall costs are reduced to the school system.

PROJECT:	CAREER A	AND TECHNOLOGY I	EDUCATION EQUIPMENT REF	RESH			TYPE OF PROJECT
DISTRICT:	LOCATION	Various	REQUEST NO:	29	of	35	PROJECT NUMBER B064130
Justification:	programs which implemented	hich are designed to prep d in the 9 comprehensive	pare students for the 21st Century's g high schools as well as Harford Tec	lobal econom hnical High S	ny and its rap School and the	idly changing e Alternative	school Career and Technology Education (CTE) workforce needs. These programs are Education Program. The implementation of these ols. Funds were approved by the Board of

Education in 2004 to be renewed annually in the Capital Budget to replace the former State Categorical Grant set-aside money for CTE. Equipment upgrades are essential to maintain the industry standards and the requirements of postsecondary articulation agreements. Program Advisory Committees, including industry and postsecondary education representatives, help to annually review each program to determine equipment needs. Due to lack of funding in previous years, the needs for equipment replacement are growing. Sample upgrades include:

- 1) Refresh computers, printers and scanners in the 24 labs that are used for the CTE programs in the Business, Finance and Information Technology Cluster on a four-five year cycle (current price is \$35,000 per classroom).
- 2) Replace instructional technology and laboratory equipment in the high schools that offer the 10 CTE programs in the Health and Human Services Career Career Cluster as needed (i.e. walk-in cooler @ \$19,700, Hobart commercial mixer @ \$2,040).
- 3) Replace instructional technology and machinery in the high schools that offer 14 CTE programs in the Science, Engineering and Technology Career Cluster as needed (i.e. milling machine @ \$17,000; frame aligning system @ \$90,000, refresh laptops @ \$18,000).
- 4) Purchase additional equipment to meet industry standards and postsecondary articulation agreements as CTE programs are added or expanded at the 10 county high schools (i.e. Pre-Engineering, Cyber Security, Biomedical Sciences).

PROJECT:	ENERGY C	CONSERVATION ME	EASURES				TYPE OF PROJECT
COUNCIL DISTRICT:	LOCATION	Various	REQUEST NO:	31	of	35	PROJECT NUMBER BB13014
Project Description /	Energy cons	servation funds are use	d to replace, retrofit and install ener	gy reducing e	quipment a	nd support oth	ner related resource conservation measures within

Justification:

the school system. Types of expenditures included are occupancy sensors for lighting, HVAC equipment, lighting upgrades to provide efficient lighting, expanded energy management controls, water conservation, additional metering and solid waste reduction measures. These projects result in more efficient systems and a reduction in the operating cost.

PROJECT MANAGER: Jeffry Winfield

PROJECT: MUSIC TECHNOLOGY LABS PROGRAM TYPE OF PROJECT COUNCIL DISTRICT: LOCATION: REQUEST NO: PROJECT NUMBER B144114 Various 34 of 35

Justification:

Project Description / The Music Technology Labs Program was established by the Board of Education in 2010 to support a comprehensive program which teaches technical and scientific aspects of music to high school students through a variety of technology arts classes. The program utilizes a music technology and multimedia lab which blends the use of electronic devices, computer components, data storage, industry standard software and musical instruments to facilitate composition, recording, playback, storage and performance. Competences include digital audio production, songwriting with musical composition and digital video integration. This program provides students the core skills needed to enter a higher education institution for the entertainment industry. It also addresses funding for such program components as keyboards, software, computer hardware and related textbooks. These labs are also used for teaching AP Music Theory and Piano Lab.

Future year budget requests will be to install new music technology labs as well to refresh hardware and software as follows:

FY 2019 - New Lab at Joppatowne High School. FY 2020 - Refresh at Patterson Mill High School.

FY 2021 - New Lab at Harford Technical High School & refresh at Bel Air High School

FY 2022 - Edgewood High School will be refreshed FY 2023 - Fallston & High School will be refreshed

PROJECT: BAND UNIFORM REFRESH TYPE OF PROJECT

 DISTRICT:
 LOCATION
 Various
 REQUEST NO:
 35
 of
 35
 PROJECT NUMBER
 BB13008

Project Description / Justification:

Band uniforms have a life expectancy of about ten years under normal use conditions. Uniforms generally consist of a jacket, pants, hat and ornamental plume. Other accessories that may be purchased could include: gauntlets, capes, raingear and/or other items of an ornamental nature. The cost of a basic uniform generally runs \$400 - \$450, and a complete inventory must consist of various sizes form very small to very large and number about 20% greater than the number of students in the group for any given year to meet the varying size demands of the students. Additionally, Choir and Orchestra uniforms are replaced as needed for each high school.

Band uniform refresh projects are scheduled as follows:

FY 2019 - C. Milton Wright High School (CHMH)

CMHS will have approximately 230+/- students and will require a minimum of 275 uniforms to meet the general needs of the program. The expected growth in the program to exceed 250 students which would require uniform inventory needs to max out at around 275 uniforms. It is for these reasons that the standard allotment of \$60,000 is inadequate to maintain this program and we are requesting additional funds for this year in the rotation.

FY 2020 - Joppatowne HS FY 2022 - Harford Technical HS FY 2024 - Patterson Mill HS FY 2026 - Fallston HS

FY 2021 - Aberdeen HS FY 2023 - Bel Air HS FY 2025 - North Harford HS
