Positions

The Harford County Public School System is the second largest employer in Harford County with 5,038.3 full time equivalent positions and numerous substitute and temporary positions. Compensation for salary and wages comprises the largest portion of the current expense fund. Employee compensation is a top priority for fiscal 2019. All eligible employees will receive a two (2)-step advancement on the pay schedule and a two (2) percent Cost Of Living adjustment (COLA) applied to the pay schedule.

Schools are Labor Intensive

Compensation related expenditures represent over \$392.8 million, or 85.1%, of the total fiscal 2019 Unrestricted Operating Budget, a typical pattern for a human capital-intensive enterprise such as a school system. These expenditures include all salary and wages, health and dental benefits, life insurance, retirement costs, social security, workers' compensation, and tuition reimbursement. Clearly, the operation of the public school system is an investment in human capital assets. In addition, and not reflected in the above numbers, is a contribution in the State Budget for retirement costs for certificated positions. The projected State of Maryland contribution is \$26.4 million on behalf of Harford County Public Schools employees. If the pension contribution from the State is included in the totals, the compensation related expenditures would total \$419.2 million or 85.9%.

The following chart reflects the total compensation portion of the Unrestricted Fund for fiscal years 2009 and 2019. While total compensation has remained relatively constant since 2009, the composition between wages and benefits has shifted. The benefit percentage has risen substantially as compared to wages.

Note for Chart 1: Wages represent the bottom section of each bar for each year and Benefits represents the top portion of the bar for each year. As an example, in the fiscal 2019 Budget, wages represent 59.2% of the total Unrestricted Fund expenditures and fringe benefits represent 25.9% totaling 85.1% of the Unrestricted Fund Budget.

School System Employees

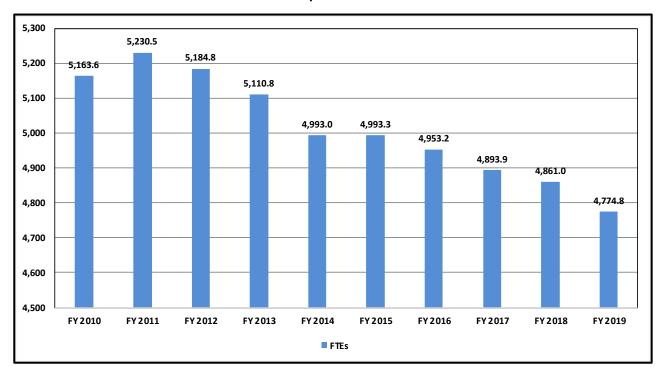

Most of Harford County's full-time and part-time employees – approximately 92% - work inside schools or provide direct service to over 37,000 students. Of the school-based staff, 58% are teachers.

With 5,038 staff and over 37,000 students, Harford County Public Schools is a large organization. However, the number of people who do not work in the schools or provide direct services to students is very small – only 8% of all full-time and part-time employees.

Historical Position Trends

Current Expense Fund FTEs

As the chart above indicates, the number of full time equivalents peaked in fiscal 2011 and has decreased through fiscal 2019. The net change in positions from peak employment in fiscal 2011 to fiscal 2019 is a decrease of 456 positions.

Fiscal 2019 Position Changes

Base Budget Adjustments

5.0 FTE Special Education Teacher positions and 10.0 FTE Special Education Paraeducator positions are included as base budget adjustments by reducing 23.0 FTE Inclusion Helper positions. These position adjustments are designed to provide resources for elementary and secondary schools to support the needs of students through specially designed instruction.

2.0 FTE Computer Technicians are included in the fiscal 2019 budget and funded through reductions in non-salary line items within the Office of Technology budget. Desktop and laptop computers require timely support to maintain high levels of user productivity (instructional and administrative). HCPS has 29,867 computers deployed, and the need for mobility, security, and connectivity increase the support requirements. In addition to maintaining computers, the technicians are responsible for all printers, interactive devices, operation of software, asset management and inventory, and systems imaging. They are also the first line triage for all network related issues (wired and wireless). Depending on the industry, best practices for support ratios range from 1:50 to 1:300. With the current staffing of 14 computer technicians serving 54 schools, the average support ratio is 1:2,150. The highest total per one technician is 3,027. With the projection of an additional 17,000 more instructional devices, the current ratio would increase to 1:3,350. If the HCPS computer technician staff is not increased, the Office of Technology will have no other choice but to augment the existing technicians through outsourcing in order to ensure that students have the necessary computer devices required for instruction. Contracted computer technician services cost approximately \$75 per hour, compared to \$21 per hour for an HCPS computer technician.

Cost of Doing Business

1.0 FTE Elementary School Counselor is included in the fiscal 2019 budget in order to provide full time counseling services to two elementary schools that currently have part time coverage. The goal as a school system is to provide a comprehensive and effective school counseling program to every student in every building. Currently, we have one counselor who splits her time between Norrisville and Darlington Elementary Schools. In order to maximize the work time of this counselor, she spends one entire day at each school and splits her days evenly over the course of two weeks. As a result, each school goes one to two days without a school counselor in their building each week. While every school has a full time school nurse and administrator, this is not true for the school counselor position, which is just as vital. In addition to the typical duties of a school counselor, this person would support the Office of School Counseling in countywide initiatives in the following ways:

- Coordination of the newly introduced Youth Mental Health First Aid Program to include the scheduling and presentation of trainings, professional development coordination, and follow up to school staff with resources
- Development and management of the SharePoint site dedicated to mental health resources that was requested by principals during leadership
- Collects data needed for Maryland State Department of Education reporting

Cost Saving Measures

The following 75.5 FTE positions were eliminated from the fiscal 2019 budget as a cost saving measure:

- 30.0 FTE Teacher Mentors
- 2.0 FTE Work Experience Coordinators
- 4.0 FTE Curriculum Specialists
- 1.0 FTE Teacher Specialist Professional Development
- 1.0 FTE Intervention Paraeducator
- 1.0 FTE Administrative Support Specialist Elementary
- 15.5 FTE Media Technicians
- 31.0 FTE Inclusion Helpers
- 1.0 FTE Administrative Support Technician Education Services
- 0.5 FTE Governmental Liaison
- 2.5 FTE Custodians
