## HARFORD COUNTY PUBLIC SCHOOLS 2020-21 Assessment Overview

The charts below indicate reading and mathematics assessments by grade level. In addition, other local and state assessments are identified. This list is not a comprehensive list of assessments for students. All teachers will provide feedback to students regarding individual strengths and areas for growth in a variety of ways:

- Observations and direct feedback of student learning;
- Questions and conversations during learning;
- Quizzes, learning tasks, or other forms of teacher-created assessments.

Note: Online assessments students will take at home are noted in *italics*. State assessments are **bolded** and will be taken in spring 2021.

## **Elementary Students**
