## Friday Virtual Learning Schedule (All Grades): Lunch 11:45-12:45

**STUDENTS: 9:30-9:45 Synchronous Class Meeting;** Asynchronous Lessons: Counseling Lessons, Asynchronous enrichment, remediation, or assessment work posted by their teacher on *It's Learning*. Student work should amount to no more than 30 minutes for K, 60 minutes for 1<sup>st</sup> & 2<sup>nd</sup>, or 90 minutes for 3<sup>rd</sup>-5<sup>th</sup>

# Considerations and Details

**Unified Arts/PE:** UA/PE content and experiences through live lessons, are essential to emotional and physical wellness. Over the course of a week, each grade will have one music, art, library and PE synchronous lesson.

**\*RELA Lessons:** The time allotments provided by the recovery plan require balancing each component of the block. This suggested split time is one example:

- **Grades K-2:** *Reading & Word Work (M/W), Writing & Word Work (T/TH)*
- **Grades 3-5:** *Reading (M/W), Writing & Word Work (T/TH)*

**\*\*LUNCH & RECESS:** Each Learning Center will schedule this hour based on their specific student enrollment so to permit proper social distancing during lunch and recess.

**~SS/SCI or RELA Lessons 2:** SS/SCI lessons will be on Mon & Wed, and the additional RELA lesson will be Tue (reading/word work) & Thu (writing/word work)

**Flex Groups:** All students will have personal, small group contact with their teacher in every subject. Flexibility is critical to support required service hours and needs, this time could be used to support special ed, ELL, etc.. **Flex Groups...**

- provide all teachers time for 10-15 minute small groups and individualized feedback.
- allow special educators, GT, specialists and support staff to schedule synchronous services, support interventions, teach small groups and provide individualized feedback.
- *should* be related to the same subject of the block they're in. There is some flexibility for *Any* need/subject could be addressed; however we need to ensure students are getting sufficient instructional time in each content area. This helps facilitate service delivery across the week and helps account for the multiple grades these educators must address.
- provide students time for practice and quick breaks as needed.
