Instruction to Bidders  

The following provisions, where applicable, will become part of any contractual relationship developed as a result of the bid solicitation.

1.0 AN INVITATION TO BID SUBMISSION

1.1 The Board of Education of Harford County hereinafter referred to as Harford County Public Schools or HCPS, invites all interested and qualified Contractors/Bidders to submit a bid. These specifications and requirements are intended to cover the procurement of services and/or commodities requested and include, but are not limited to, providing labor, materials, equipment and supervision of labor and subcontractors to complete requirements as identified by HCPS.

1.2 In accordance with State law and HCPS policies, notices and announcements shall be published a minimum of 14 calendar days in advance of due date for any bid having a potential award value of $25,000 or more.

1.3 Unless otherwise indicated, HCPS shall receive sealed bids until the date and time indicated on bid or as modified by addenda. Bids must be delivered to the HCPS, Purchasing Department, 102 South Hickory Ave., Third Floor, Room 310, Bel Air, Maryland 21014. Bids must be delivered in sealed envelopes and clearly marked on the outside: Name of Bidder, Due Date and Time, Solicitation/Bid Number and Solicitation Title. Late Bids will be rejected and returned unopened.

1.4 Brand name and model numbers are offered as a reference for bidders as to the style, size, weight, and other characteristics of the item(s) in the Specifications. The use of such brand names should not be interpreted as the exclusive brand desired unless so stated. The determination of the acceptability and/or the criteria for acceptability of an alternate is solely the responsibility of HCPS.

1.5 The Bidder or their authorized representatives are expected to fully inform themselves as to the conditions, requirements, circumstances, prerequisites, qualifications and/or specifications before submitting their proposal/bid. A Bidder's failure to become fully informed is at the Bidder's sole and complete risk of loss. The Bidder shall have no right to any damages, cost and/or any other remedy at law or equity against HCPS for any miscalculation, misunderstanding, error (either omissions or commissions), mistake, misinterpretation, and/or the failure by the Bidder to obtain an award of bid, award of contract and/or profits, fees or money from HCPS when the Bidder failed to fully inform themselves. In the case of error in extension of prices in the bid, the unit price shall govern or the entire bid may be declared non-responsive.

1.6 The Bidder will not be allowed to offer more than one price on each item even though they may feel that they have two or more types or styles that will meet specifications. Bidder must determine which to offer. If said bidder should submit more than one price on any item, all prices for that item will be rejected and the Bid will be declared non-responsive.

1.7 Where provision is made on the Bid Form for bidding items on an individual, group or aggregate basis, the award will be made on whichever basis is in the best interest of the HCPS. When an aggregate bid is requested, the unit prices for each item shall be identified on the Proposal/Bid Form for accounting purposes. The unit prices in an aggregate bid should be consistent with the total quoted price for an aggregate bid.
1.8 The product offered by the Bidder shall be new, not used, and the latest version. Should a product be discontinued and/or upgraded during the course of the Contract, the Awarded Bidder shall offer to HCPS a new alternate product meeting and/or exceeding the established specifications, under the same terms, conditions and prices as the originally offered item.

1.9 The Awarded Bidder, after award and before manufacture and/or shipment, may be required to submit working drawings or detailed descriptive data identified as acceptable to HCPS, which provide sufficient data to enable HCPS to judge the Bidder's compliance with specifications.

2.0 BID PREPARATION, PROPOSAL SHEET, AND BID OPENING

2.1 Bidder must submit one (1) original with original signatures and one (1) copy of the Bid using HCPS proposal/bid forms. The Bidder should make and retain one (1) copy of the Bid for their files. Bids must be signed and submitted by an authorized representative of the Bidder. Each bidder may attach a letter of explanation to the bid, if so desired, to provide an explanation of any detail(s) in the Bid.

2.2 Signed bids shall be returned in a sealed envelope. When the Bid is sent by mail, the sealed envelope shall be enclosed in a separate sealed mailing envelope with the notation "SEALED BID ENCLOSED" on the face thereof. HCPS shall not accept any facsimile transmission or electronic submission to HCPS purchasing agents, representatives or employees as meeting the requirement of the sealed bid. A facsimile or electronic document shall not be considered a valid response to the Bid solicitation.

2.3 Each bid must show the full business address, telephone number, fax number and email address of the Bidder and be signed by the person or persons legally authorized to sign contracts. All correspondence concerning the Bid and Contract, including Letter of Intent, copy of Contract, and Purchase Order, will be mailed or delivered to the address shown on the Bid in the absence of written instructions from the Bidder to the contrary.

2.4 All bidders shall be required to complete the certificates and/or affidavits, and/or acknowledgements that are incorporated into the proposal pages of this specification. Such documents are required by local, state or federal funding agencies of HCPS as part of the bidding process. The documents may include but are not limited to: Anti-Bribery Affidavit, Debarment Certificate, Employment of Sex Offenders and Other Criminal Offenders Affidavit, Sales Tax Certification, Minority Bidder Status, and when applicable, Asbestos Free Certification and any others that may be required.

2.5 Bid Opening

2.5.1 At the public opening of the Bid, the Bidder's names and their prices will be read and recorded. All bids submitted by the required time will be accepted for further evaluation. Following complete evaluation of the Bids following opening, bids may be rejected due to major irregularities or omissions and will be rendered as non-responsive. Bids will be tabulated or a bid abstract made.

2.5.2 Complete evaluations of the Bids will not take place at the bid opening and no indication of award will be made. HCPS reserves the right to review all responses and analyze the results of the procurement process.

2.5.3 A final recommendation(s) for contract award may be prepared for review and when required, approval by the Board of Education of Harford County.

2.5.4 The Board of Education of Harford County must approve contract awards of $100,000.00 or more. Formal contract award is contingent upon the required Board approval.

2.5.5 Bids may be cancelled in whole or in part if determined to be in the best interest of HCPS.
After opening of bids, but before award, HCPS may reject all bids in whole or in part if determined to be in the best interest of HCPS.

2.5.6 Bids will be awarded to the lowest responsive and responsible bidder whose bid meets the requirements and evaluation criteria set forth in the invitation for bid and is the most favorable bid.

2.5.7 Irregularities:
Bidders may correct a minor irregularity and minor irregularities may be waived. A minor irregularity is one that is merely a matter of form and not of substance or pertains to an immaterial or inconsequential defect or variation in a bid, the correction or waiver of which would not be prejudicial to other bidders. When so noted, minor irregularities may be corrected within 48 hours following notification.

2.5.8 HCPS may not waive or permit a bidder to correct a defect or variation in a bid that is material as to price, quantity, quality or delivery.

2.5.9 Any omissions, errors, conflicts, or discrepancies in this document shall be called to the attention of HCPS IN WRITING within seven (7) days of receipt of the Bid and no later than 4 working days prior to the bid opening.

2.5.10 HCPS reserves the right to reject any or all proposals/bids and or waive technical defects and minor irregularities if, in its judgment the interests of HCPS shall so require. Bids may be withdrawn before the scheduled time of opening. Withdrawal is not permitted after the scheduled time of opening.

2.5.11 Minor defects and irregularities may be waived at the discretion of the Supervisor of Purchasing, HCPS or designee.

2.5.12 Up to and including the time for bid opening, a bidder may correct a defect or variation with respect to the Bid Bond, acknowledgement or addenda or MBE submission material.

2.6 At the time of the bid, opening each bidder will be presumed to have read and to be thoroughly familiar with the specifications and related documents (including all Addenda). The failure or omission of any bidder to receive or examine any form, instrument, or document, shall in no way relieve them from any obligation in respect of its bid.

3.0 MULTI-AGENCY PROCUREMENT

3.1 HCPS reserves the right to extend the terms and conditions of this solicitation to any and all other agencies within the State of Maryland as well as any other federal, state, municipal, county, or local governmental agency under the jurisdiction of the United States and its territories. This shall include but not limited to private schools, parochial schools, non-public schools such as charter schools, special districts, intermediate units, non-profit agencies providing services on behalf of government, and/or state, community and/or private colleges/universities that require these goods, commodities and/or services. This is conditioned upon mutual agreement of all parties pursuant to special requirements, which may be appended thereto. The Supplier/Contractor agrees to notify the issuing body of those entities that wish to use any contract resulting from this bid and will also provide usage information, which may be requested. A copy of the contract pricing and the bid requirements incorporated in this contract will be supplied to requesting agencies.

3.2 Each participating jurisdiction or agency shall enter into its own contract with the Awarded Bidder(s) and this contract shall be binding only upon the principals signing such an agreement. Invoices shall be submitted in duplicate "directly" to the ordering jurisdiction for each unit purchased. Disputes over the execution of any contract shall be the responsibility of the
participating jurisdiction or agency that entered into that contract. Disputes must be resolved solely between the participating agency and the Awarded Bidder. HCPS does not assume any responsibility other than to obtain pricing for the specifications provided.

4.0 **BID SECURITY – WHEN REQUIRED**

4.1 If so, stipulated in the Advertisement, Bid Announcement, or supplementary instructions to bidders, each Proposal/Bid shall be accompanied by a Bid Bond in the dollar amount of five Percent (5%) of the Base Bid. This Bid Bond pledges that the Bidder will enter into a Contract with HCPS on the terms stated in the Solicitation and will, if required, furnish bonds covering the faithful performance of the Contract and payment of all obligations arising hereunder. Should the Bidder refuse to enter into such Contract or fail to furnish such bonds, where required, the amount of the Bid Security/Bid Bond/Surety Bond shall be forfeited to HCPS as liquidated damages, not as a penalty. This bond must be provided with the Proposal/Bid submission and failure to do so may be cause for rejection of the Bid as being non-responsive. The cost of the Bid Bond will be borne by the Bidder(s) in all instances.

4.2 If a surety bond is required, it shall be written on the appropriate AIA Document, Bid Bond, unless otherwise provided in the Bidding Documents and the attorney-in-fact who executes the Bond on behalf of the surety shall affix to the Bond a certified and current copy of the power of attorney. *Individual surety bonds as detailed in State of Maryland COMAR 21.06.07.01 are also acceptable through an authorized individual surety agent.*

4.3 HCPS will have the right to retain the Bid Security of Bidders to whom an award is being considered until either (a) the Contract has been executed and bonds, if required, have been furnished or (b) the specified time has elapsed so that bids may be withdrawn or (c) all proposals/bids have been rejected.

4.4 All bonds must be approved by surety companies, which are in the most current Circular 570 "Surety Companies Acceptable on Federal Bonds" as issued by the U.S. Treasury, Bureau of Government Finance Operations, Division of Banking and Cash Management, Washington, D.C. 20011. If a bonding company is used that is not on this list, the Contract will be *Terminated for Default* or if the required bond is a bid bond, this is just cause for rejection of the Bid as being non-responsive.

4.5 Performance Bonds and/or Payment Bonds may be required for proposals/bids meeting the following conditions. The Award Bidder(s) of this contract may be required to submit either one or both of these bonds within ten (10) days of receipt of the Notice of Intent to Award and in accordance with the terms stated below. The cost of the Performance Bond and/or Payment Bond will be borne by the Bidder(s) in all instances.

4.5.1 Performance Bond may be required for contracts and/or awards of contracts in excess of $100,000.00 for the amount of 100% of the contract price to cover faithful performance of the Contract. Simultaneously with their delivery of the executed contract, the Award Bidder must deliver to HCPS an executed bond in the amount of one hundred percent (100%) of the accepted bid as security for the faithful performance of their contract and for the payment of all persons performing labor or furnishing materials in connection therewith, prepared on the Standard Bond Form A-311 as approved and issued by the American Institute of Architects and having as surety thereon such surety company or companies as are acceptable on bonds given to the United States Government and approved by the Harford County Public Schools and are authorized to transact business in this State. *Performance Bonds shall be made out in the name of the “Board of Education of Harford County”.*

4.5.2 Payment Bonds may be required for contracts and/or awards of construction contracts in excess of $100,000.00 for the amount of 100% of the contract price as security for the
payment of all persons performing labor and furnishing materials in connection therewith when required by HCPS. Payment Bonds shall be made out in the name of the "Board of Education of Harford County".

4.6 Certified checks in the amount(s) stated above will be accepted in lieu of the Performance Bond and Payment Bond only upon prior approval of the Supervisor of Purchasing. If checks are approved for acceptance in lieu of either bond, they should be in the same amount as these bonds; be separate checks; and should clearly designate the purpose - i.e., performance or payment.

4.6.1 Certified checks, if submitted, will be deposited in the HCPS bank account(s). Upon successful completion of the Contract, check(s) will be drawn upon the HCPS bank account(s) for the full amounts of both certified checks.

4.6.2 Certified checks shall be made out in the name of the "Board of Education of Harford County".

1.5 No acceptance and/or approval of any insurance by the Board shall be construed as relieving or excusing the Vendor from any liability or obligation imposed upon the Vendor by the provisions of this Contract.

1.6 If the Vendor does not meet the insurance requirements of this Contract, the Vendor shall forward a written request to the Board for a waiver in writing of the insurance requirement(s) not met or approval in writing of alternate insurance coverage, self-insurance, or group self-insurance arrangements. If the Board denies the request, the Vendor must comply with the insurance requirements as specified in this Contract.

17.1.8 Awarded Bidder shall make all terminations, disconnections, and removal of all high and low-voltage electrical systems and all electrical demolition.

17.1.9 This project will require a three (3) foot orange safety fence around the excavation area.

17.2 Requirements
17.2.1 Tank Removal

17.2.1.1 Purge all product supply, return and vent lines of petroleum liquid and vapor.

17.2.1.2 Pump out and dispose of all product from each storage tank in accordance with State and Federal Regulations.

17.2.1.3 Storage tanks being removed must have all containments removed including sludge and be cleaned prior to removal.

17.2.1.4 Remove and/or properly abandon fuel supply, return and vent piping. If removal is necessary, building must be made watertight and sealed properly to prevent any future leaking.

17.2.1.5 Excavate, remove and properly dispose of the cleaned underground tanks.

17.2.1.6 Obtain any soil samples required by Maryland Department of the Environment (MDE) inspector and package for testing.

17.2.2 Excavated Area - Once tank has been removed, the proper compaction must be achieved per the specifications below to all paved areas affected by tank removal.

17.2.2.1 Place and compact backfill and fill materials in layers not more than 8 inches in loose depth for material compacted by heavy compaction equipment, and not more than 4 inches in loose depth for material compacted by hand-operated tampers.

17.2.2.2 Before compaction, moisten or aerate each layer as necessary to provide optimum moisture content. Compact each layer to required percentage of maximum dry density for each area classification. Do not place backfill or fill material on surfaces that are muddy, frozen, or contain frost or ice.

17.2.2.3 Place backfill and fill materials evenly adjacent to structures, piping, or conduit to required elevations. Prevent wedging action of backfill against structures, displacement, piping, or conduit by carrying material uniformly around structure, piping, or conduit to approximately same elevation in each lift.

17.2.2.4 Control soil and fill compaction, providing minimum percentage of density specified for each area classification indicated below. Correct improperly compacted areas or lifts as directed by Architect/Engineer if soil density tests indicate inadequate compaction.

17.2.2.4.1 Percentage of Maximum Density Requirements: Compact soil to not less than 95% of maximum dry density in paved areas and 90% of maximum dry density in non-paved areas, in accordance with ASTM D-1557, compact each layer of backfill or fill material under structures, building slabs and steps, pavements and walkways.

17.2.2.4.2 Moisture Content: Where subgrade or layer of soil material must be moisture conditioned before compaction, uniformly apply water to surface of subgrade or layer of soil material. Apply water in minimum quantity as necessary to prevent free water from appearing on surface during or subsequent to compaction.
operations. Remove and replace, or scarify and air dry, soil materials that are too wet to permit compaction to specified density.

17.2.2.5 All areas must be topped off with 15” of cr 6 stone compacted to the 95% density.

17.2.2.6 All testing reports need to be submitted to HCPS before pavement may begin.

17.2.3 Pavement

17.2.3.1 Base shall be 4” 12.5 mm superpave.

17.2.3.2 Surface shall be 2” 9.5 mm superpave.

17.2.3.3 Surface course shall be applied as part of single paving operation.

17.2.3.4 Must provide positive drainage in at least one direction to eliminate ponding.

17.2.3.5 Paving repairs need to be squared off and saw cut 3’ wider than excavated area.

17.2.3.6 All joints to be sealed.

17.2.4 Field and Laboratory Testing

17.2.4.1 General: The Awarded Contractor’s Independent Geotechnical Testing Laboratory shall inspect and approve each subgrade and fill layer before further backfill or construction is performed.

17.2.4.2 Compacted Fill and Backfill: Perform field density tests in accordance with ASTM D-1556 (sand cone method), ASTM D-2167 (rubber balloon method) or ASTM D-2922 (nuclear method). If field tests are performed using nuclear methods, make calibration checks of density and moisture using sand cone, rubber balloon and stove drying at intervals directed by the Engineer. At a minimum, perform field density tests at the following intervals.

17.2.4.2.1 Building Foundations and Floor Slabs: Perform at least 1 field density test per lift for each 1,000 sq. ft., but in no case fewer than 2 tests.

17.2.4.2.2 Paved Areas: Perform at least 1 field density test per lift for each 2,000 sq. ft., but in no case fewer than 2 tests.

17.2.4.2.3 Foundation Wall Backfill: Perform at least 2 field density tests per lift of wall backfill.

17.2.4.2.4 Utility Trench Backfill: Perform at least 1 field density test per lift per 100 linear feet of trench.

17.2.4.3 Subgrade Inspection and Approval: Inspect and approve subgrades for all structures, slabs, pavements, pipes and conduits.

17.2.4.4 Inspection Reports: Prepare written daily inspection reports which
accurately describe the construction and inspection activities. Provide accurate locations and depths for all density tests and subgrade approvals. For all tests not compliance, show re-test and describe measures taken to meet compliance.

17.2.5 Prepare tank closure report and submit to owner and Maryland Department of the Environment.

17.2.6 Provide HCPS with the required documentation of permits, notifications, licenses, and disposal.

17.2.7 HCPS will provide any necessary information, drawings, etc. in order for the Work to be completed.

17.2.8 In the event the tank has leaked, the ground will need to be excavated until the “odor of fuel” is eliminated. The excavated contaminated soil will then need to be disposed of and the hole backfilled.
