FOR IMMEDIATE RELEASE

April 19, 2010

### **Drug dog scan conducted at Harford Technical High School**

A routine, random drug dog scan was performed in the student parking lot at Harford Technical High School today. The scan, done as part of the school system's commitment to keeping illicit drugs out of schools, was accomplished using a canine under the direction of the Harford County Sheriff's Office.

The scan involved 20 cars being sniffed by the dog. The 20-minute scan – supervised by four Harford County Sheriff's Office deputies, one drug dog, two administrators from the school, and the school system's Coordinator of Safety and Security – resulted in two alerts producing no controlled dangerous substances.
