FOR IMMEDIATE RELEASE

March 4, 2010

### **Drug dog scan conducted at Magnolia Middle School**

A routine, random drug dog scan was performed at Magnolia Middle School today, March 4<sup>th</sup>. The scan, done as part of the school system's commitment to keeping illicit drugs out of the schools, was accomplished using a canine under the direction of the Harford County Sheriff's Office.

The scan involved 360 lockers being sniffed by the dog. The 25-minute scan – supervised by five Harford County Sheriff's Office deputies, one drug dog, three administrators from the school, and the school system's Coordinator of Safety and Security – produced one alert that resulted in no controlled dangerous substances.
