FOR IMMEDIATE RELEASE

February 2, 2010

Drug dog scan conducted at North Harford Middle School

A routine, random drug dog scan was performed at North Harford Middle School today, February 2nd. The scan, done as part of the school system's commitment to keeping illicit drugs out of the schools, was accomplished using a canine under the direction of the Harford County Sheriff's Office.

The scan involved 409 lockers being sniffed by the dog. The 20-minute scan – supervised by four Harford County Sheriff's Office deputies, one drug dog, one administrator from the school, and the school system's Coordinator of Safety and Security – produced no alerts.
