FOR IMMEDIATE RELEASE

NOVEMBER 1, 2011

Drug dog scans conducted at Harford Technical High School

Two routine, random drug dog scans were conducted at Harford Technical High School today. The scans, done as part of the school system's commitment to keeping illicit drugs out of the schools, were accomplished using a canine under the direction of the Harford County Sheriff's Office.

The building scan involved 300 lockers being sniffed by the dog. The 10-minute scan (9:30 to 9:40 a.m.) – supervised by four Harford County Sheriff's Office deputies, one drug dog, one school administrator and the school system's Coordinator of Safety and Security – resulted in no alerts.

The parking lot scan involved 20 cars in the school's parking lot being sniffed. The 15-minute scan (9:45 to 10:00 a.m.) – supervised by four Harford County Sheriff's Office deputies, one drug dog, one school administrator and the school system's Coordinator of Safety and Security – resulted in no alerts.
