Be an Informed Health Care Consumer

Most people are not accustomed to questioning their doctors about the insurance plans they accept, or the cost and medical necessity of a treatment. Knowing what questions to ask and when to ask them makes the process much easier and less stressful! Asking questions of your health care providers helps maintain both the cost and quality of your health care. So it’s important for everyone, regardless of the health care option elected, to ask about the medical necessity of any treatment and if there are alternatives to consider.

Here are some tips to help you become a good health care consumer

- Ask your provider or his/her business office if they accept your HCPS health care plan. If they do, evaluate what plan is best for you.
- Make notes in advance of your office visit about the things you want to ask your doctor. Keep a list of any symptoms you have had or are currently experiencing. Keep a list of the medications you take, whether prescriptions or over the counter. Share the list with all health care providers.
- Bring a spouse or friend along with you... chances are if you don’t recall something that was said, he or she will!
- Bring a pad and pencil to the doctor’s office; don’t rely on your memory for everything!
- If your doctor uses a term that you do not understand, ask what it means and ask that it be spelled. Then, write it down and do some more research once you leave the office.
- Get a copy of any test results.
- If your doctor writes a prescription for you, ask your doctor and pharmacist about interactions with other drugs you may be taking or about side effects that you may experience. Remember, if you are taking any maintenance medications, request one prescription for a 30-day supply from a retail pharmacy and another prescription for mail-order (for up to a 90-day supply, plus up to three refills).
- If you have access to the Internet, use it to learn about your medications or illnesses. The Internet has excellent information on many health-related subjects. One respected resource is webmd.com. Ask your physician which websites they believe are valuable. Be sure to let your physician know your findings.
- Check carefirst.com for details on providers and other useful information.

Help control the cost of health care and promote your well-being

On an almost-daily basis, the rising cost of health care is in the news. Advances in medical technology, expensive prescription drugs, consumer demand, and an aging population are just a few factors that impact health care costs. While some factors are beyond the control of the consumer, there are some things you can do to help keep health care costs down—both for you and for HCPS. Below are a few tips to help you become a wiser consumer of health care.
Be an Informed Health Care Consumer

**Maintain a healthy lifestyle**
Maintaining your own health can help to minimize your health care costs. The healthier you are, the less likely you are to need costly health care services—which means you spend less on copays, deductibles, and other medical costs. Eat right and get plenty of exercise.

**Get regular checkups**
Get a regular annual checkup and/or physical exam, which can uncover early warning signs of potential health problems, and can also help you build a good relationship with your doctor.

**Save the emergency room for emergencies**
Emergency room visits are two to three times more expensive than a visit to the doctor’s office or an urgent care center. These ER visits are not only costly, but they can be unnecessarily stressful and time-consuming for you and your family if what you need is routine care. Urgent care facilities are available in the area and may be used for a variety of urgent health problems for a lower copay than the ER.

**Get regular screenings**
Get regular screenings (e.g., mammograms) as recommended by your carrier and national organizations, such as the American Cancer Society.

**Visit a primary care provider before going to see a specialist**
Primary care providers are usually family practitioners, general practitioners, internists or pediatricians. A primary care provider can treat many illnesses and injuries at a lower fee—in many cases at half the cost of a specialist’s fee. For example, you don’t necessarily need to see an orthopedic specialist for back pain. Primary care providers consider your overall health. They can advise you about disease prevention and how to stay healthy. They are also familiar with your personal health history and needs and have your medical records on file.

**Ask for Generic**
When you need a prescription, ask your doctor to prescribe a generic, if one is available. Generics have the same chemical equivalency as brand-name drugs, and are held to the same standards by the Food and Drug Administration, but they cost less than brand-name drugs.

**Review your bills and Explanation of Benefits (EOB)**
Reviewing your health care bills can help you identify and prevent unnecessary health care costs. Here’s what to look for to determine if a bill is correct:
- Does the date of service on the bill match the date you went to the doctor or the hospital?
- Did you receive all the services or procedures listed on the bill?
- Are you charged for more x-rays or lab work than you received? Call your provider to report any errors you spot on your bills or Explanation of Benefits forms (EOB’s).
- Is your share of the cost correct? If not, call the insurance provider to discuss. If there is a referral involved, was the referral processed prior to the claim?
## Eligibility Guidelines for Medical & Dental

### Dependent children
Dependents are covered to the end of the month in which he or she reaches age 26.

### Ineligibility
Any ineligible dependents should be removed from your coverage as soon as they become ineligible. As a reminder we have included a few examples of ineligible dependents:

- Anyone who is not your legal spouse (ex-spouse, fiancé, common-law spouse, etc.)
- Dependents no longer covered by a court order
- Children of live-in partners
- Stepchildren following divorce from natural parent

### Dependent eligibility documentation requirements

BlueChoice HMO Open Access
No referrals required

With BlueChoice HMO, your primary care provider (PCP) provides routine care and coordinates specialty care. This plan also allows you to visit specialists directly—no referrals needed. We also offer online tools and resources at carefirst.com that give you the freedom and flexibility to manage your health care and wellness goals wherever you are.

Take advantage of your benefits

- A network of almost 40,000 CareFirst BlueChoice providers (PCPs, nurse practitioners, specialists, hospitals, pharmacies, urgent care centers, convenience care clinics and diagnostic centers) in Maryland, Washington, D.C. and Northern Virginia.
- After-hours care including a free 24-hour nurse advice line, video visits, convenience care clinics and urgent care centers.
- $0 cost for comprehensive preventive health care visits.
- Predictable copays and deductibles (if applicable).
- The Away from Home Care program allows you to take your plan benefits with you if you're out of the area for at least 90 days.
- Coverage for emergency or urgent care if you are outside CareFirst BlueCross BlueShield’s service area (Maryland, Washington, D.C. and Northern Virginia).

Benefits at a glance

Preventive care and sick office visits
You are covered for all preventive care as well as sick office visits.

Large provider network
You can choose any doctor from our large network of providers. Our network also includes specialists, hospitals and pharmacies—giving you many options for your health care.

Specialist services
Your coverage includes services from specialists without a referral. Specialists are doctors or nurses who are highly trained to treat certain conditions, such as cardiologists or dermatologists.

Prescription drug coverage
Your plan covers prescription drugs.

Hospital services
You’re covered for overnight hospital stays. You’re also covered for outpatient services, those procedures you get in the hospital without spending the night. Your PCP or specialist must provide prior authorization for all hospital services.

Labs, X-rays or specialty imaging
Covered services include provider-ordered lab tests, X-rays and other specialty imaging tests (MRI, CT scan, PET scan, etc.).
BlueChoice HMO Open Access

Well-child visits
All well-child visits and immunizations are covered.

Maternity and pregnancy care
You are covered for doctor visits before and after your baby is born, including hospital stays. If needed, we also cover home visits after the baby's birth.

Mental health and substance use disorder
Your coverage includes behavioral health treatment, such as psychotherapy and counseling, mental and behavioral health inpatient services and substance use disorder treatment.

How your plan works
CareFirst BlueCross BlueShield has the region’s largest network for doctors, pharmacies, hospitals and other health care providers that accept our health plans. Because networks vary among CareFirst health plans, make sure you’re familiar with your specific plan’s network.

In-network doctors and health care providers are those that are part of your plan’s network (also known as participating providers). When you choose an in-network provider, you’ll pay the lowest out-of-pocket care costs.

Out-of-network providers and doctors have not contracted with CareFirst. If you choose to receive care from an out-of-network provider, you can expect to pay more and, in some cases, may be responsible for the entire amount billed.

Your benefits
Step 1: Select a PCP
Establishing a relationship with one doctor is the best way to receive consistent, quality health care. When you enroll in a BlueChoice HMO Open Access plan, you select a PCP—either a physician or nurse practitioner—to manage your primary medical care. Make sure you select a PCP for yourself and each of your covered family members. Your PCP must participate in the CareFirst BlueChoice provider network and must specialize in family practice, general practice, pediatrics or internal medicine.

To ensure that you receive the highest level of benefits and pay the lowest out-of-pocket costs for all services, see your PCP for preventive and routine care.

Step 2: Meet your deductible (if applicable)
If your plan requires you to meet a deductible, you will be responsible for the cost of your medical care up to the amount of your deductible. However, this deductible does not apply to all services.

Examples of in-network services not subject to deductible*:
- Adult preventive visits with PCP
- Well-child care and immunizations with PCP
- OB/GYN visits and pap tests
- Mammograms
- Prostate and colorectal screenings
- Routine prenatal maternity services

Step 3: Your plan will start to pay for services
Your full benefits will become available once your deductible (if applicable) is met as long as you visit participating CareFirst BlueChoice doctors and facilities. Depending on your particular plan, you may also have to pay a copay or coinsurance when you receive care.

Deductible requirements vary based on whether your coverage is an individual or family plan. If more than one person is covered under your plan, please refer to your Certificate of Coverage for detailed information on deductibles.

Step 4: Your out-of-pocket maximum
Your out-of-pocket maximum is the maximum amount you will pay during your benefit period. Any amount you pay toward your deductible (if applicable) and most copays and/ or coinsurance will count toward your out-of-pocket maximum.

Should you reach your out-of-pocket maximum, CareFirst will then pay 100 percent of the allowed benefit for all covered services for the remainder of the benefit period.

Please keep in mind that out-of-pocket requirements also differ if your coverage is an individual or family plan. Detailed information on out-of-pocket maximum amounts can be found in your Certificate of Coverage.

* This is not a complete list of all services. For a comprehensive explanation of your coverage, please check your Evidence of Coverage.
Labs, X-rays or specialty imaging
To get the most economical use of your laboratory benefits, you must visit a LabCorp facility for any laboratory services. Services performed at a facility that isn't part of the LabCorp network will not be covered under your plan.

Also, any lab work performed in an out-patient hospital setting will require a prior authorization from your PCP.

LabCorp has approximately 100 locations throughout Maryland, Washington, D.C. and Northern Virginia. To locate a LabCorp patient service center near you, call 888-LAB-CORP (522-2677) or visit labcorp.com.

Diagnostic/imaging centers have equipment to produce various types of radiologic and electromagnetic images (such as X-rays, mammograms, CT and PET scans) and a professional staff to interpret the images. If you need X-rays or other specialty imaging services, you must visit a participating freestanding/non-hospital diagnostic center such as Advanced Radiology.

Out-of-area coverage
Out-of-area coverage is limited to emergency or urgent care only. However, members and their covered dependents planning to be out of the CareFirst BlueChoice, Inc. service area for at least 90 consecutive days may be able to take advantage of a special program, Away From Home Care®.

This program allows temporary benefits through another Blue Cross and Blue Shield affiliated HMO. It provides coverage for routine services and is perfect for extended out-of-town business or travel, semesters at school or families living apart.

For more information on Away From Home Care, please call Member Services at the phone number listed on your ID card.

Global coverage
If you travel outside of the U.S., access to quality medical coverage is essential to keeping you healthy and productive. With BlueCross BlueShield Global Core® solutions from CareFirst, you receive:

- Access to nearly 170,000 English-speaking providers and more than 11,500 hospitals in nearly 200 countries worldwide
- 24/7 telephone support
- Seamless claims processing/reimbursement designed for occasional or short-term travel, the Core plan connects members with their home plan benefits to provide basic medical coverage outside of the U.S.

For more information on Global Core, please call 800-810-BLUE (2583).

Important terms
ALLOWED BENEFIT: The maximum amount CareFirst approves for a covered service, regardless of what the doctor actually charges. Providers who participate in the CareFirst BlueChoice network cannot charge our members more than the allowed amount for any covered service.

BALANCE BILLING: Billing a member for the difference between the allowed charge and the actual charge.

COINSURANCE: The percentage of the allowed benefit you pay after you meet your deductible.

COPAY: A fixed-dollar amount you pay when you visit a doctor or other provider.

DEDUCTIBLE: The amount of money you must pay each year before your plan begins to pay its portion for the cost of care.

IN-NETWORK: Doctors, hospitals, labs and other providers or facilities that are part of the CareFirst BlueChoice network.

OUT-OF-NETWORK: Doctors, hospitals, labs and other providers or facilities that do not participate in the CareFirst BlueChoice network. If you receive non-emergency or urgent services from an out-of-network provider or facility, you will be responsible for paying the entire amount billed.

*BlueCross BlueShield Global is a brand owned by BlueCross BlueShield Association.
Away From Home Care®
Your HMO coverage goes with you

We've got you covered when you're away from home for 90 consecutive days or more. Whether you’re out-of-town on extended business, traveling, or going to school out-of-state, you have access to routine and urgent care with our Away From Home Care program.

Coverage while you’re away
You're covered when you see a provider of an affiliated Blue Cross Blue Shield HMO (Host HMO) outside of the CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C. and Northern Virginia). If you receive care, then you’re considered a member of that Host HMO receiving the benefits under that plan. So your copays may be different than when you’re in the CareFirst BlueChoice service area. You'll be responsible for any copays under that plan.

Enrolling in Away From Home Care
To make sure you and your covered dependents have ongoing access to care:

- Call the Member Service phone number on your ID card and ask for the Away From Home Care Coordinator.
- The coordinator will let you know the name of the Host HMO in the area. If there are no participating affiliated HMOs in the area, the program will not be available to you.
- The coordinator will help you choose a primary care physician (PCP) and complete the application. Once completed, the coordinator will send you the application to sign and date.
- Once the application is returned, we will send it to your Host HMO.

Always remember to carry your ID card to access Away From Home Care.

- The Host HMO will send you a new, temporary ID card which will identify your PCP and information on how to access your benefits while using Away From Home Care.
- Simply call your Host HMO primary care physician for an appointment when you need care.

No paperwork or upfront costs
Once you are enrolled in the program and receive care, you don't have to complete claim forms, so there is no paperwork. And you’re only responsible for out-of-pocket expenses such as copays, deductibles, coinsurance and the cost of non-covered services.
Triple Option
Open Access

Triple Option Open Access offers you the freedom to visit any provider you wish. You have the flexibility to choose from both in- and out-of-network providers with your out-of-pocket costs determined by your choice. There is no need to choose a primary care provider (PCP) or to obtain a referral before visiting a specialist.

Benefits of the Triple Option Open Access plan

- The ability to visit providers from either our BlueChoice Network, CareFirst PPO Network, National PPO Network or out-of-area providers
- No PCP referral required to see a specialist
- Receive coverage for preventive health care services at no cost
- Take your health care benefits with you—across the country and around the world

How your plan works

You will be responsible for the entire cost of your medical care up to the amount of your deductible for services where the deductible applies. Once your deductible is satisfied, your Triple Option coverage will become available to you.

With the Triple Option Open Access plan, you can visit any provider of your choosing. Your out-of-pocket costs are determined by who you decide to see.

In-network benefits provide a higher level of coverage, meaning you have lower out-of-pocket costs. Out-of-network benefits provide a lower level of coverage in exchange for the freedom to seek care from any provider you choose.

Your in- and out-of-network benefits are organized into three levels of coverage.

Level 1: For your lowest and most predictable in-network out-of-pocket costs, choose a BlueChoice provider. You can visit any of the 37,000 BlueChoice providers within Maryland, Washington, D.C. and Northern Virginia. Visit our online provider directory at carefirst.com/doctor to locate in-network providers.

Remember, you have direct access to CareFirst BlueChoice specialists without needing to obtain a referral from your PCP.

Level 2: To receive level 2 in-network benefits, visit a provider who participates in either:

- The CareFirst PPO Network (MD, DC and Northern Virginia), or
- The national BlueCard® PPO network of over 600,000 doctors and 61,000 hospitals.

To locate a PPO provider, visit carefirst.com/doctor.

Level 3: This level of coverage is out-of-network and offers you the most flexibility. In exchange for a lower level of coverage, you have the freedom to seek care from any provider you choose.

If you receive services from a provider who does not participate in any of the networks listed above, you may have to:

- Pay the provider’s actual charge at the time you receive care
- File a claim for reimbursement
- Satisfy a higher deductible and/or coinsurance amount

In general, out-of-network providers do not have an agreement with CareFirst to accept the allowed benefit as payment in full for their services. Therefore, if you receive services from a non-participating provider, you may be balance billed based on the provider’s actual charge.
Certain services under this level of coverage require you to meet a deductible. Check your benefits enrollment guide for details. When applicable, you are responsible for the entire cost of your medical care up to the amount of your deductible. Once your deductible is satisfied, your coverage will become available. Depending on the service, you may have to pay a copay or coinsurance when you receive care.

**Laboratory services**

To receive the maximum laboratory benefit from your Triple Option plan, you must use a LabCorp facility for any laboratory services. Lab services at any other independent lab will be processed at Level 2 or Level 3 based on the laboratory’s network status. Also, any lab work performed in an outpatient hospital setting will require a prior authorization.

LabCorp has approximately 100 locations throughout Maryland, Washington, D.C. and Northern Virginia. To locate the LabCorp patient service center near you, call 888-LAB-CORP (522-2677) or visit [labcorp.com](http://labcorp.com).

**Hospital authorization**

In-network providers will obtain any necessary admission authorizations for in-area (Maryland, Washington, D.C. and Northern VA). You will be responsible for obtaining authorization for services provided by out-of-network and out-of-area admissions. Call toll-free 888-PRE-AUTH (773-2884).

Preferred Provider Organization

A referral-free go anywhere health plan

Designed for today's health conscious and busy families, the Preferred Provider Organization (PPO) plan offers one less thing to worry about during your busy day. Your PPO plan gives you the freedom to visit any provider you wish—any time you wish. This means you can receive care from the provider of your choice without ever needing to select a primary care provider (PCP) or obtaining a PCP referral for specialist care.

Benefits of PPO

- Access to our network of more than 43,000 doctors, specialists and hospitals in Maryland, Washington, D.C. and Northern Virginia.
- No primary care provider required, and no referrals to see a specialist.
- Take your health care benefits with you—across the country and around the world.
- Receive coverage for preventive health care visits at no cost.
- Avoid balance billing when you receive care from a preferred provider.
- Enjoy the freedom to visit providers outside of the PPO network and still be covered but with a higher out-of-pocket cost.

How your plan works

In-network vs. out-of-network coverage

The amount of coverage your PPO plan offers depends on whether you see a provider in the PPO network (preferred provider). You will always receive a higher level of benefits when you visit a preferred provider. However, the choice is entirely yours. That's the advantage of a PPO plan.

In-network benefits provide a higher level of coverage. This means you have lower out-of-pocket costs when you choose a preferred provider. If you are out of the CareFirst BlueCross BlueShield (CareFirst) service area, you have the freedom to select any provider that participates with a Blue Cross and Blue Shield PPO plan across the country and receive benefits at the in-network level.
Out-of-network benefits provide a lower level of coverage in exchange for the freedom to seek care from any provider you choose. If you receive services from a provider outside of the PPO network (non-preferred provider), you may have to:

- Pay the provider’s actual charge at the time you receive care.
- File a claim for reimbursement.
- Satisfy a higher deductible and/or coinsurance amount.

Hospital authorization/Utilization management
Preferred providers will obtain any necessary admission authorizations for in-area covered services. You will be responsible for obtaining authorization for services provided by non-preferred providers and out-of-area admissions. Call toll-free 888-PRE-AUTH (773-2884).

Your benefits
Step 1: Meet your deductible
You will be responsible for the entire cost of your medical care up to the amount of your deductible for services where the deductible applies. Once your deductible is satisfied, your PPO coverage will become available to you.

Following is a list of services for which the deductible does NOT apply in-network:

- Preventive care, including well child care, routine physical exam, routine gynecological exam and routine mammography
- Office Visits for Illness
- Physical, Speech and Occupational Therapy
- Chiropractic Care
- Office Visits for Mental Health and Substance Abuse

PPO CORE members will have a different deductible amount for in-network vs. out-of-network benefits. However, any amount applied to your in-network deductible will also count towards your out-of-network deductible and vice versa.

If more than one person is covered under your PPO plan, once the family deductible amount is satisfied, the plan will start to make payments for everyone covered. Deductible requirements vary based on your coverage level (e.g. individual, family). Members should refer to their Evidence of Coverage for detailed deductible information.

Step 2: Your PPO plan will start to pay for services
After you satisfy your deductible, your PPO plan will start to pay for covered services. The level of those benefits will depend on whether you see preferred or non-preferred providers.

Step 3: Your out-of-pocket maximum
Your out-of-pocket maximum is the maximum amount you will pay during your benefit period. Should you reach your out-of-pocket maximum, CareFirst will then pay 100% of the allowed benefit for most covered services for the remainder of the benefit period. Any amount you pay toward your deductible and most copays and/or coinsurance will count toward your out-of-pocket maximum.

You will have a different out-of-pocket maximum for in-network vs. out-of-network benefits. However, deductible amounts applied to your in-network out-of-pocket maximum will also count toward your out-of-network out-of-pocket maximum and vice versa.

If more than one person is covered under your PPO plan, once the total out-of-pocket maximum is satisfied, no copays or coinsurance amounts will be required for anyone covered under your plan. Out-of-pocket maximum requirements vary based on your coverage level (e.g. individual, family) as well as the specific PPO plan selected. Members should refer to their Certificate or Evidence of Coverage for detailed out-of-pocket maximum information.

Out-of-area coverage
You have the freedom to take your health care benefits with you—across the country and around the world. BlueCard® PPO, a program from the Blue Cross and Blue Shield Association, allows you to receive the same health care benefits when receiving care from a BlueCard® preferred provider while living or traveling outside of the CareFirst service area (Maryland, Washington, D.C. and Northern Virginia). The BlueCard® program includes more than 6,100 hospitals and 600,000 other health care providers nationally.
BlueCard & Blue Cross Blue Shield Global® Core
Wherever you go, your health care coverage goes with you

With your Blue Cross and Blue Shield member ID card, you have access to doctors and hospitals almost anywhere. BlueCard gives you the peace of mind that you'll always have the care you need when you're away from home, from coast to coast. And with Blue Cross Blue Shield Global® Core (BCBS Global® Core) you have access to care outside of the U.S.

Your membership gives you a world of choices. More than 93% of all doctors and hospitals throughout the U.S. contract with Blue Cross and Blue Shield plans. Whether you need care here in the United States or abroad, you'll have access to health care in more than 190 countries.

When you're outside of the CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C., and Northern Virginia), you'll have access to the local Blue Cross Blue Shield Plan and their negotiated rates with doctors and hospitals in that area. You shouldn't have to pay any amount above these negotiated rates. Also, you shouldn't have to complete a claim form or pay up front for your health care services, except for those out-of-pocket expenses (like non-covered services, deductibles, copayments, and coinsurance) that you'd pay anyway.

Within the U.S.
1. Always carry your current member ID card for easy reference and access to service.
2. To find names and addresses of nearby doctors and hospitals, visit the National Doctor and Hospital Finder at bcbs.com, or call BlueCard Access at 800-810-BLUE (2583).
3. Call the Customer Service number on the back of your member ID card to verify benefits or find out if pre-certification or prior authorization is required.
4. When you arrive at the participating doctor's office or hospital, simply present your ID card.
5. After you receive care, you shouldn't have to complete any claim forms or have to pay up front for medical services other than the usual out-of-pocket expenses. CareFirst will send you a complete explanation of benefits.

As always, go directly to the nearest hospital in an emergency.
Around the world

Like your passport, you should always carry your ID card when you travel or live outside the U.S. The Blue Cross Blue Shield Global® Core program (BCBS Global® Core) provides medical assistance services and access to doctors, hospitals and other health care professionals around the world. Follow the same process as if you were in the U.S. with the following exceptions:

- At hospitals in the BCBS Global Core Network, you shouldn’t have to pay up front for inpatient care, in most cases. You’re responsible for the usual out-of-pocket expenses. And, the hospital should submit your claim.

- At hospitals outside the BCBS Global Core Network, you pay the doctor or hospital for inpatient care, outpatient hospital care, and other medical services. Then, complete an international claim form and send it to the BCBS Global Core Service Center. The claim form is available online at bcbs.globalcore.com.

- To find a BlueCard provider outside of the U.S. visit bcbs.com, select Find a Doctor or Hospital.

Members of Maryland Small Group Reform (MSGR) groups have access to emergency coverage only outside of the U.S.

Medical assistance when outside the U.S.

Call 800-810-BLUE (2583) toll-free or 804-673-1177, 24 hours a day, 7 days a week for information on doctors, hospitals, other health care professionals or to receive medical assistance services. A medical assistance coordinator, in conjunction with a medical professional, will make an appointment with a doctor or arrange hospitalization if necessary.
CareFirst Prescription Drug Program
For BlueChoice HMO, Triple Option and PPO Plans

Your pharmacy benefit program is administered by CVS Caremark. This program is based on the CareFirst Formulary 2, that encourages the use of Generic drugs and certain Brand drugs. You pay a different copay depending on whether you choose a Generic drug, a Brand drug on the Preferred Drug List, or a Non-preferred Brand drug. Always remember to talk to your doctor about using Preferred drugs that can save you money. You and your doctor should check your Preferred Drug List before you receive a prescription.

Retail program
The retail program provides a 34-day or less supply of medication when purchased at a participating retail pharmacy. Present your prescription drug identification card at any participating pharmacy and pay the appropriate copayment for your medication. Maintenance medication when purchased at a participating pharmacy is dispensed up to a 90-day supply for one copay for Triple Option and PPO CORE Plan members and two copays for HMO Plan members.

Mail order service prescription program
Your mail order prescription drug program is administered by CVS Caremark. The Mail Order Service Prescription Program is a special added feature to your CareFirst Plan. For those who regularly take one or more types of maintenance medication, this service provides a convenient, inexpensive way for you to order these medications and have them delivered at home.

For Triple Option, you can order up to a 90-day supply of maintenance medication for 1 times the copayment ($15/30/45). For PPO CORE, you can order up to a 90-day supply of maintenance medication for 1 times the required copayment ($15/30/45). For HMO, you can order a 90-day supply of maintenance medication for 2 times the copayment ($20/40/80). The copayment cannot be reimbursed through your Medical Benefits Plan.

Medications are delivered to your home postage paid via UPS or First Class U.S. Mail.

If you have any questions regarding this prescription service, call the CareFirst Pharmacy Services toll-free telephone number Monday through Friday 8 a.m. – 8 p.m. and Saturday 8 a.m. – 12 p.m. at 800-241-3371.
Refill guidelines
Refills will not be authorized on any prescriptions until 25% or less of the original quantity is remaining in your possession (75% has been used).

Vacation supply
Since your program has a nationwide network, in most cases there are several area participating pharmacies available when on vacation. You may obtain a written prescription from the physician prior to leaving and obtain a list of pharmacies in the area in which you will be traveling.

- If you are traveling out of the country for less than one month, call CareFirst Pharmacy Services at 800-241-3371 to receive authorization for an additional short-term supply.
- For additional quantities greater than one month, please contact CareFirst Member Services using the number on your ID card.

Please call no less than 10 days in advance of your departure date to request the additional supply.

Non-participating pharmacy
If a pharmacy is non-participating you will be required to pay the full cost of the prescription at the time of purchase. Claims for these prescriptions should be submitted on the appropriate claim form.

CVS Caremark claim forms are available on the CareFirst website at carefirst.com or you can contact CareFirst Pharmacy Services at 800-241-3371.

Generic drug appeal process when medically necessary
1. When members cannot take the Generic medication due to medical reasons, the member’s physician would be required to supply medical justification for prescribing the Brand medication.
2. The member’s physician must initiate the request process by completing the CVS Brand Exemption Form available on hcps.org.
3. Requests will be forwarded directly to CVS Caremark. Requests will be reviewed and turned around within 2 business days when submitted during business hours.
4. Once the appeal is received and approval is given by CVS Caremark, the prescribing physician and the pharmacy are provided notification of the appeal, and the pharmacy will be requested to reprocess the claim.
5. The approval of a Brand medication will be valid for 12 months from the original fill date of the medication.

For more information, see page 20.
Rx Choice Pharmacy Network

With the Rx Choice network, you can purchase your non-maintenance prescription medications from any of 59,000 in-network pharmacies located around the corner and across the country.

Rx Choice gives you access to both independent and national pharmacies for non-maintenance medications, including:

- CVS
- Target
- Kroger
- Walmart
- Safeway
- Rite Aid

**Finding and using in-network pharmacies**

1. If your pharmacy is already in the network, you don’t have to do anything.

2. If your current pharmacy is not in the Rx Choice network and you want to transfer an existing prescription to a network pharmacy, simply take your current medication label to the new pharmacy and they will handle the rest.

3. To check to see if your pharmacy is in the network
   - When your benefits are effective, log in to My Account at carefirst.com/myaccount. Go to Drug and Pharmacy Resources and select Find a Pharmacy.
   - Or, call CareFirst Pharmacy Services at 800-241-3371.

**Please note:** your coverage only provides benefits for pharmacies within the network. If you choose to use an out-of-network pharmacy, your prescriptions will not be covered.
Maintenance Choice All Access

Fill your maintenance drug prescriptions with Maintenance Choice All Access

Maintenance Choice All Access offers you options and savings when filling your maintenance medications. Maintenance medications are used to treat chronic, long-term conditions, such as high blood pressure or diabetes, and are taken on a regular, recurring basis. With Maintenance Choice All Access, maintenance medication must be purchased at a CVS pharmacy or through CVS Mail Service. Please see chart on page 21 and 32–33 for specific plan copay amounts.

With CVS Caremark Mail Service, you can:

■ Enjoy convenient home delivery service
■ Refill your prescriptions online, by phone, or email
■ Check account balances and make payments through an automated phone system
■ Sign up to receive email notifications of order status
■ Access a pharmacist by phone 24 hours a day

At a CVS Pharmacy retail location, you can:

■ Access the CVS Pharmacy network
■ Talk with a pharmacist face-to-face
■ Pick up your medications at a time convenient to you, or
■ Choose a delivery option for your maintenance and short-term medications as well as other select health care items:
  
  □ One to two-day delivery to any address within 50 miles of a CVS Pharmacy (including CVS Pharmacy in Target stores) at no additional cost
  □ On-demand delivery for $7 to receive your order within four hours*

Prescription Drug Program

* A total prescription for health*

Prescription drugs are an integral part of high-quality health care. The prescription benefits your employer is offering give you an affordable and convenient way to make the best decisions when it comes to your prescriptions.

**Your prescription benefits**

As a CareFirst BlueCross BlueShield or CareFirst BlueChoice, Inc. (CareFirst) member, you’ll have access to:

- A nationwide network of more than 69,000 participating pharmacies
- Nearly 5,000 covered drugs
- Mail Service Pharmacy, a convenient and fast option to refill your prescriptions through home delivery
- Coordinated medical and pharmacy programs to help improve your overall health and reduce costs

**Keeping you informed**

Together with our pharmacy benefit manager, CVS Caremark®, we keep you informed about your prescription drug coverage and provide you with periodic updates about your plan through targeted mailings and phone calls. Take the call and/or review your mailed notices to learn about lower-cost drug alternatives, possible safety concerns, drug tier changes and more.

**Online tools and resources**

To get the most from your prescription drug plan, you need to stay informed. Our easy-to-use, interactive tools and resources are available 24/7. Visit carefirst.com/rxgroup to see if a drug is covered, find a pharmacy, learn how drugs interact with each other and get more information about medications. You can access even more tools and resources once you’re a member through My Account by selecting Drug and Pharmacy Resources under Quick Links.

* CVS Caremark is an independent company that provides pharmacy benefit management services to CareFirst members.
Prescription Drug Program

Understanding your formulary—Formulary 2
A formulary is a list of covered prescription drugs. Our drug list is reviewed and approved by an independent national committee comprised of physicians, pharmacists and other health care professionals who make sure the drugs on the formulary are safe and clinically effective. The prescription drugs found on the CareFirst Formulary (drug list) are divided into tiers. These tiers include zero-dollar cost share, generics, preferred brand and non-preferred brand drugs. Your cost share is determined by the tier the drug falls into.

<table>
<thead>
<tr>
<th>Drug tier</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tier 0: $0 Drugs</td>
<td>- Preventive drugs (e.g. statins, aspirin, folic acid, fluoride, iron supplements, smoking cessation products and FDA-approved contraceptives for women) are available at a zero-dollar cost share if prescribed under certain medical criteria by your doctor.</td>
</tr>
<tr>
<td>Tier 1: Generic Drugs</td>
<td>- Generic drugs are the same as brand-name drugs in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use.</td>
</tr>
<tr>
<td></td>
<td>- Generic drugs generally cost less than brand-name drugs.</td>
</tr>
<tr>
<td>Tier 2: Preferred Brand Drugs</td>
<td>- Preferred brand drugs are brand-name medications that do not have a generic equivalent.</td>
</tr>
<tr>
<td></td>
<td>- They are chosen for their cost-effectiveness to alternatives.</td>
</tr>
<tr>
<td></td>
<td>- Your cost share will be more than generic drugs but less than non-preferred brand drugs.</td>
</tr>
<tr>
<td></td>
<td>- If a generic drug becomes available, the preferred brand drug will be moved to the non-preferred brand tier.</td>
</tr>
<tr>
<td>Tier 3: Non-Preferred Brand Drugs</td>
<td>- Non-preferred brand drugs often have a generic or preferred brand drug option where your cost share will be lower.</td>
</tr>
</tbody>
</table>

Note: If the cost of your drug is less than your copay or coinsurance, you only pay the cost of the drug. Once you meet your deductible (if applicable to your plan), you may pay a different copay or coinsurance for drugs depending on the drug tier. Some drugs may not be covered based on your plan. There is an exception process if you need an excluded drug to be covered for medical necessity reasons. Check your benefit summary or enrollment materials for specific plan information. Once you are a member, you can view specific cost-share information in My Account.

Preferred Drug List
CareFirst’s Preferred Drug List includes generic and preferred brand drugs selected for their quality, effectiveness and safety by the CVS Caremark national Pharmacy and Therapeutics (P&T) committee. By using the CareFirst Preferred Drug List, you can work with your doctor or pharmacist to make safe and cost-effective decisions to better manage your health care and out-of-pocket costs. Non-preferred drugs aren’t included on the Preferred Drug List; they are still covered but at the highest cost share. Also, some drugs on the Preferred Drug List may not be covered based on your plan. To see your full formulary, go to carefirst.com/rxgroup.
Prescription Drug Program

Prescription guidelines
Some medications are only intended to be used in limited quantities; others require that your doctor obtain prior authorization through CareFirst before they can be filled. These drug guidelines are indicated on the formulary found at carefirst.com/rxgroup.

- **Quantity limits** have been placed on the use of selected drugs for quality or safety reasons by FDA. Limits may be placed on the amount of the drug covered per prescription or for a defined period of time.
- **Prior authorization** is required before you fill prescriptions for certain drugs. Your doctor must obtain approval from CareFirst before these drugs are covered.
- **Step therapy** asks that you try lower-cost, equally effective drugs that treat the same medical condition before trying a higher-cost alternative. Prior to getting the higher-cost alternative, your doctor must receive approval from CareFirst.

Two ways to fill
Retail pharmacies
With access to more than 59,000 pharmacies across the country, you can visit carefirst.com/rxgroup and use our Find a Pharmacy tool to locate a convenient participating pharmacy. Be sure to take your prescription and member ID card with you when filling prescriptions.

Remember: Maintenance medications after your second fill must be purchased at a CVS pharmacy or through CVS Mail Service Pharmacy.

Mail Service Pharmacy
Mail Service Pharmacy is a convenient way to fill your prescriptions, especially for refilling drugs taken frequently. You can register three ways—online through My Account, by phone or by mail. Once you register for Mail Service Pharmacy you’ll be able to:

- Refill prescriptions online, by phone or by email
- Choose your delivery location
- Consult with pharmacists by phone 24/7
- Schedule automatic refills
- Receive email notification of order status
- Choose from multiple payment options

Ways to save
Here are some ways to help you save on your prescription drug costs.

- **Use generic drugs**—generic drugs can cost up to 80 percent less than their brand-name counterparts. Made with the same active ingredients as their brand-name counterparts, generics are also equivalent in dosage, safety, strength, quality, performance and intended use.
- **Use drugs on the Preferred Drug List**—the Preferred Drug List identifies generic and preferred brand drugs that may save you money.
- **Use maintenance medications**—maintenance medications are drugs you take regularly for ongoing conditions such as diabetes, high blood pressure or asthma. Maintenance medication must be purchased at a CVS pharmacy or through Mail Service for a 90-day supply.
- **Use mail order**—by using our Mail Service Pharmacy you get the added convenience of having your prescriptions delivered right to your home.
Care management programs
Together with CVS Caremark, our pharmacy benefit manager, we offer care management programs and tools designed to improve your health while lowering your overall health care costs.

Specialty Pharmacy Coordination Program
The Specialty Pharmacy Coordination Program provides personalized care for our members with certain chronic conditions, like rheumatoid arthritis or cancer, requiring the use of specialty drugs. For certain chronic conditions, you will receive enhanced one-on-one support with a registered nurse and dedicated clinical team who will coordinate care with your doctor.

The program provides:
- 24-hour pharmacist assistance
- Injection training coordination
- Educational materials for your specific condition
- Drug interaction monitoring and review
- Drugs mailed to your home or office, or available for pick up at any CVS retail pharmacy
- Refill reminders

Comprehensive Medication Review
When you are taking multiple drugs to treat a medical condition, it can be overwhelming. The Comprehensive Medication Review program can connect you with a CVS Caremark pharmacist who will review your drugs and talk to your doctor about dosages, duration and any other pertinent issues. The pharmacist will work with your doctor to evaluate opportunities to:
- Identify possible drug interactions
- Improve drug adherence
- Reduce gaps in care
- Eliminate duplications in drug therapy

The program works with your doctor to ensure that you are not only taking the best drugs to manage your conditions, but you are also able to take your drugs as prescribed.

Medication Therapy Management Program
Taking medications as prescribed not only helps improve your health but can also reduce your health care costs. CareFirst’s Medication Therapy Management program is designed to help you get the best results from your drug therapy.

We review pharmacy claims for opportunities to:
- Save you money
- Support compliance with medications
- Improve your care
- Ensure safe use of high-risk medications

When opportunities are identified, “Drug Advisories” will be communicated to either you and/or your doctor regarding your drug therapy. Through our Pharmacy Advisor program, you may also have the opportunity to speak one-to-one with a pharmacist, who can answer questions and help you manage your prescription drugs.

Should you have any questions about your prescription benefits, please contact CareFirst Pharmacy Services at 800-241-3371.
BlueVision

A plan for healthy eyes, healthy lives

Professional vision services including routine eye examinations, eyeglasses and contact lenses offered by CareFirst BlueChoice, through the Davis Vision, Inc. national network of providers.

How the plan works

How do I find a provider?

To find a provider, go to carefirst.com and utilize the Find a Provider feature or call Davis Vision at 800-783-5602 for a list of network providers closest to you. Be sure to ask your provider if he or she participates with the Davis Vision network before you receive care.

How do I receive care from a network provider?

Simply call your provider and schedule an appointment. Identify yourself as a CareFirst BlueChoice member and provide the doctor with your identification number, as well as your date of birth. Then go to the provider to receive your service. There are no claim forms to file.

Can I get contacts and eyeglasses in the same benefit period?

With BlueVision, the benefit covers one pair of eyeglasses or a supply of contact lenses per benefit period at a discounted price.  

Mail order replacement contact lenses

DavisVisionContacts.com offers members the flexibility to shop for replacement contact lenses online after benefits are spent. This website offers a wide array of contact lenses, easy, convenient purchasing online and quick shipping direct to your door.

Need more information?

Visit carefirst.com or call 800-783-5602.

1 As of 4/1/14, some providers in Maryland and Virginia may no longer provide these discounts.
# BlueVision Summary of Benefits

(12-month benefit period)

1. At certain retail locations, members receive comparable value through their everyday low price on examination, frame and contact lens purchase.
2. CareFirst BlueChoice does not underwrite lenses, frames and contact lenses in this program. This portion of the Plan is not an insurance product. As of 4/1/14, some providers in Maryland and Virginia may no longer provide these discounts.
3. Special lens designs, materials, powers and frames may require additional cost.
4. Some providers have flat fees that are equivalent to these discounts.

## Exclusions

The following services are excluded from coverage:

1. Diagnostic services, except as listed in What's Covered under the Evidence of Coverage.
2. Medical care or surgery. Covered services related to medical conditions of the eye may be covered under the Evidence of Coverage.
3. Prescription drugs obtained and self-administered by the Member for outpatient use unless the prescription drug is specifically covered under the Evidence of Coverage or a rider or endorsement purchased by your Group and attached to the Evidence of Coverage.
4. Services or supplies not specifically approved by the Vision Care Designee where required in What's Covered under the Evidence of Coverage.
5. Orthoptics, vision training and low vision aids.
6. Glasses, sunglasses or contact lenses.
7. Vision Care services for cosmetic use.
8. Services obtained from Non-Contracting Providers.

For BlueChoice Opt-Out Plus members, Vision Care benefits are not available under the Out-of-Network Evidence of Coverage.

Exclusions apply to the Routine Eye Examination portion of your vision coverage. Discounts on materials such as glasses and contacts may still apply.

Take the Call

You know that CareFirst BlueCross BlueShield (CareFirst) provides your health benefits and processes claims, but that’s not all we do. We’re there for you at every step of care—and every stage, even when life throws you a curveball.

Whether you are faced with an unexpected medical emergency, managing a chronic condition like diabetes, or looking for help with a health goal such as losing weight, we offer one-on-one coaching and support programs. You may receive a letter or postcard in the mail, or a call from a nurse, health coach or pharmacy technician explaining the programs and inviting you to participate. These programs are confidential and part of your medical benefit. They can also play a huge role in helping you through an illness or keeping you healthy. Once you decide to participate, you can choose how involved you want to be. We encourage you to connect with the CareFirst team so you can take advantage of this personal support.

CareFirst may call you to offer one-on-one support programs concerning Health & Wellness, Complex Care Coordination, Pharmacy or Behavioral Health

Know Before You Go
Your money, your health, your decision

Choosing the right setting for your care—from allergies to X-rays—is key to getting the best treatment with the lowest out-of-pocket costs. It’s important to understand your options so you can make the best decision when you or your family members need care.*

Primary care provider (PCP)
The best place to get consistent, quality health care is your primary care provider (PCP). If you have a medical issue, having a doctor who knows your health history often makes it easier to get the care you need.

24-Hour Nurse Advice Line
Registered nurses are available 24/7 to discuss your symptoms with you and recommend the most appropriate care. Call 800-535-9700 anytime to speak with a nurse.

CareFirst Video Visit
When your PCP isn’t available and you need urgent care services, CareFirst Video Visit securely connects you with a doctor, day or night, through your smartphone, tablet or computer. In addition, you can schedule visits for other needs such as behavioral health support from a therapist or psychiatrist, guidance from a certified nutritionist or breastfeeding support from a lactation consultant. It’s a convenient and easy way to get the care you need, wherever you are. Visit carefirstvideovisit.com to get started.

Convenience care centers (retail health clinics)
These are typically located inside a pharmacy or retail store (like CVS MinuteClinic or Walgreens Healthcare Clinic) and offer care for non-emergency situations like colds, pink eye, strep tests and vaccinations. These centers usually have evening and weekend hours.

Urgent care centers
Urgent care centers (such as Patient First or ExpressCare) provide treatment for injuries and illnesses that require prompt medical attention but are not life-threatening (sprains, minor cuts, flu, rashes, minor burns). These centers have doctors on staff and offer weekend/after-hours care.

Emergency room (ER)
Emergency rooms treat acute illnesses and trauma. Go to the ER right away if you or a family member have sudden symptoms that need emergency care, including (but not limited to): chest pain, trouble breathing or head trauma. Prior authorization is not needed for emergency room services.

For more information, visit carefirst.com/needcare.

*The medical providers mentioned in this document are independent providers making their own medical determinations and are not employed by CareFirst. CareFirst does not direct the action of participating providers or provide medical advice.

Find Providers and Estimate Treatment Costs

Quickly find doctors and facilities, review your health providers and estimate treatment costs—all in one place!

Find providers

carefirst.com/doctor

You can easily find health care providers and facilities that participate with your CareFirst health plan. Search for and filter results based on your specific needs, like:

- Provider name
- Provider specialty
- Distance
- Gender
- Accepting new patients
- Language
- Group affiliations

Review providers

Read what other members are saying about the providers you’re considering before making an appointment. You can also leave feedback of your own after your visit.

Make low-cost, high-quality decisions

When you need a medical procedure, there are other things to worry about besides your out-of-pocket costs. To help you make the best care decisions for your needs, CareFirst’s Treatment Cost Estimator will:

- Quickly estimate your total treatment costs
- Avoid surprises and save money
- Plan ahead to control expenses

Mental Health Support

Well-being for mind and body

Living your best life involves good physical and mental health. Emotional well-being is important at every stage in life, from adolescence through adulthood.

It's common to face some form of mental health challenge during your life. CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (CareFirst) are here to help. Our FirstCare™ team includes specially trained service representatives, registered nurses, clinical social workers and licensed behavioral health specialists who, based on your individual needs, will:

- Help you find the right mental health provider(s) and schedule appointments
- Connect you with a care coordinator who will work with your doctor to create a tailored action plan
- Find support groups and resources to help you stay on track

When mental health difficulties arise for you or a loved one, remember you are not alone. Help is available and feeling better is possible.

CareFirst members have access to specialized services and programs for depression, anxiety, drug or alcohol dependence, eating disorders, and other mental health conditions.

FirstCare™ is a service mark of CareFirst BlueCross BlueShield.

If you or someone close to you needs support or help making an appointment, call our FirstCare team at 800-245-7013, Monday-Friday 8 a.m.–6 p.m. ET. Or for more information, visit carefirst.com/mentalhealth.
Save with PPO
Visit a dentist in the PPO network to maximize your savings.¹ These dentists have agreed to reduced fees, and you won’t get charged more than your expected share of the bill.² Find a PPO dentist at deltadentalins.com.³

Set up an online account
Get information about your plan anytime, anywhere by signing up for an Online Services account at deltadentalins.com. This free service, available once your coverage kicks in, lets you check benefits and eligibility information, find a network dentist and more.

Check in without an ID card
You don’t need a Delta Dental ID card when you visit the dentist. Just provide your name, birth date and enrollee ID or social security number. If your family members are covered under your plan, they will need your information. Prefer to take a paper or electronic ID card with you? Simply sign in to Online Services, where you can view or print your card with the click of a button.

Coordinate dual coverage
If you’re covered under two plans, ask your dental office to include information about both plans with your claim, and we’ll handle the rest.

Understand transition of care
Did you start on a dental treatment plan before your PPO coverage kicked in? Generally, multi-stage procedures are only covered under your current plan if treatment began after your plan’s effective date of coverage.⁴ You can find this date by logging in to Online Services.

Newly covered?
Visit deltadentalins.com/welcome.

Save with a PPO dentist

---

¹ You can still visit any licensed dentist, but your out-of-pocket costs may be higher if you choose a non-PPO dentist. Network dentists are paid contracted fees.

² You are responsible for any applicable deductibles, coinsurance, amounts over plan maximums and charges for non-covered services.

³ We recommend verifying before each appointment that your dentist is a PPO dentist.

⁴ Applies only to procedures covered under your plan. If you began treatment prior to your effective date of coverage, you or your prior carrier is responsible for any costs. Group- and state-specific exceptions may apply. Enrollees currently undergoing active orthodontic treatment may be eligible to continue treatment under Delta Dental PPO. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.

LEGAL NOTICES: Access federal and state legal notices related to your plan at deltadentalins.com/about/legal/index-enrollee.html.

Elevate Your Smile
8 ways to make the most of your dental plan

1 Save with PPO. Visit a dentist in the PPO network to maximize your savings. These dentists have agreed to reduced fees, and you won’t get charged more than your expected share of the bill. Find a PPO dentist at deltadentalins.com.

If you can’t find a PPO dentist, Delta Dental Premier dentists offer the next best opportunity to save. Unlike non-Delta Dental dentists, they have agreed to set fees, and you won’t get charged more than your expected share of the bill. What’s more, they’re part of the largest dentist network in the country.

2 Seek preventive care. Regular exams and cleanings are available at low or no cost. These services help catch problems before they require costly and extensive treatment.

3 Set up an online account. Get information about your plan anytime, anywhere by signing up for an Online Services account. Available once your coverage kicks in, this free service lets you find a network dentist, view or print your ID card and more. The one-time registration process takes only a minute.

4 Go paperless. Receive an email when a new dental benefits statement is available online. Save time, reduce clutter and preserve environmental resources! To enroll, log in to Online Services and update your settings.

Life Insurance

For those retirees participating, this policy is written through the MetLife Insurance Company. The policy provides an initial death benefit of $20,000. The death benefit will be reduced annually by $2,000 on July 1 until the amount of $10,000 has been reached. Thereafter, the coverage will remain at $10,000 for as long as the policy is in force.

Currently, the Board of Education pays 90% and the retiree will pay 10% of the premium for this coverage. The monthly cost to the retiree for $20,000 is currently $.33 cents. This premium will be deducted from your monthly State Retirement System check.

Frequently Asked Questions

When should I apply for Medicare?
You’re eligible the first of the month when you turn 65. Contact Social Security 3 months prior to your 65th birthday.

How can I sign up for Part A & B of Medicare?
- Apply online at socialsecurity.gov.
- Visit your local Social Security office.
- Call Social Security at 1-800-772-1213

What happens once a covered member becomes eligible for Medicare?
Once you or your dependent becomes eligible for Medicare, enrollment in Medicare Part A & B is required to maintain coverage with HCPS. All retirees are required to provide the HCPS Benefits office with a copy of their Medicare card.

If you are participating in a CareFirst Preferred Provider (PPO) health program, the medicare eligible member will automatically be transferred to the CareFirst Medicare Supplemental plan once eligible for Medicare. The Medicare eligible member will have the supplemental plan and the remaining member(s) will stay in the PPO Plan with Individual, Parent/Child, Husband/Wife or Family coverage.

Medicare will be your primary insurance and your HCPS plan will be secondary.

Will my pharmacy benefit change once I go on Medicare?
Yes. Your Mail Order will be $25 for a 90 day supply of a maintenance medication. At retail you will be responsible for 20% of the cost.
Frequently Asked Questions

What about Medicare Part D?
Currently, all retirees of HCPS should waive Medicare Part D. Any retiree who chooses to enroll in a Medicare D plan will lose prescription benefits with their HCPS plan. Harford County receives a Medicare subsidy for retirees who are not enrolled in Part D. Currently, this money is designated to other post employment benefits OPEB.

Who is an eligible dependent?
- Your legal spouse
- Your dependent children up to age 26.
- Your unmarried children of any age who are physically/mentally incapable of self-support and cannot earn their own living (onset of disability must be prior to age 26 or while covered under the plan).

When can I add a spouse, child or newborn to my insurance coverage?
Contact the Benefits Office to obtain an Enrollment/Change Application to add your new child or spouse. You have 30 days from date of birth/adoption or marriage to add him/her to your health/dental plans. Coverage will take effect retroactively to the date of birth/date of adoption or marriage. Failure to add within the 30 days will result in your dependent losing the opportunity to enroll in our benefits. You will need to provide proper documentation (birth certificate, marriage certificate, adoption paperwork).

When does coverage end for my dependents should I die?
End of the month in which the death occurred. Your surviving spouse/dependent will have the option of continuing coverage on Harford County Public Schools plan throughout their lifetime but is responsible for paying 100% of the premium.

What should I do when my dependent loses eligibility for coverage?
You are responsible for notifying the Benefits Office as soon as you know that your dependent will no longer meet the eligibility requirements for coverage. You should notify the Benefits Office in advance so the dependent can be removed from coverage at the appropriate time. There are no refunds of premiums paid during any period of ineligibility.

When coverage ends for a dependent, he or she may choose to continue coverage under COBRA for a maximum of 36 months, providing the Benefits Office is notified within 60 days of the loss of eligibility.

Should any of your dependents become ineligible for coverage due to any of the following reasons: over the age limit, divorce, military or death, their coverage ceases the end of the month in which the event occurred. It is your responsibility to notify the Benefits Office.

NOTE: Coverage continues for a child until the end of the month in which the child turns 26. For example, a child whose 26th birthday is May 12 can be covered through May 31st.

What if I move?
Should your address change, you will need to notify the State Retirement Agency in writing at 120 E. Baltimore Street, Baltimore MD 21202 and the HCPS Benefits Office of your new address and telephone number.

Moving out-of-state?
Members enrolled in the HMO should contact the Benefits Office for guidance.
Health Insurance Portability Accountability Act (HIPAA)

The Health Insurance Portability and Accountability Act (HIPAA) places limitations on a group health plan’s ability to impose pre-existing condition exclusions, provides special enrollment rights for certain individuals, and prohibits discrimination in group health plans based on health status.

We are electronically transmitting data to the vendors for eligibility purposes. The vendors and HCPS are in compliance with the HIPAA requirements. No personally identifiable information may be released to a third party.

Special enrollment rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your dependents in this plan, provided that you request enrollment within 30 days after your other coverage ends. In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents, provided that you request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.

* If you, your spouse or eligible dependent child loses coverage under Medicaid or a State Children’s Health Insurance Program (S-CHIP) or becomes eligible for state-provided premium assistance, the affected individual(s) has 60 days from the date of the event to elect coverage in the HCPS Healthcare plans. Contact HR/Benefits Office for more information.

For more information about your rights, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at dol.gov/ebsa.
Privacy Notice

Your privacy is a high priority for Harford County Public Schools and it will be treated with the highest degree of confidentiality.

Harford County Public Schools (the Board) is required under the Medical Privacy Rules of the Health Insurance Portability and Accountability Act (HIPAA) to provide all of its employees and retirees participating in its self-funded health care plans with this PRIVACY NOTICE, which concerns personal, protected health information you have provided to the Board as a condition of your employment.

In providing health insurance benefits to you, the Board collects the following types of personal information: (1) information you provide to us on an application or enrollment form in order to obtain insurance including your name, address, telephone number, date of birth, and Social Security number; (2) premium payments the Board pays on your behalf; (3) the fact that you are currently or have been one of our employees; (4) information you have given to us from any of your physicians or other health care providers; (5) information related to your health care status including diagnosis and claims payment information and (6) other information about you that is necessary for us to have in order to provide you with health insurance.

We may disclose this information to our third party vendors (the Vendors) without prior authorization, as permitted by law. We do not disclose any personal information about either our current employees or former employees to anyone, except as permitted by law. We may, from time to time, disclose personal information about you without prior authorization, as permitted by law, to the Vendors to perform services or functions on our behalf. If we make such a disclosure, we will do so only if we have a contract in place that prohibits the Vendors from disclosing or using the information for any purpose other than the purpose of the disclosure, except as permitted by law. We restrict access to your personal information to those employees of the Board who need to know that information in order to provide services to you.

We maintain physical, electronic and procedural safeguards that comply with HIPAA regulations to guard your personal information. Employees, who have access to your personal information, are required to abide by the following standards: (1) to safeguard and secure confidential personal information as required by law; (2) to limit the collection and use of any participants information to the minimum necessary and (3) to permit only trained, authorized employees to have access to your personal information. Employees who violate the policy will be subject to our established disciplinary policy. In addition, the Board will: (1) provide all of our participants, at least annually, with any updates to this policy; (2) provide information about you to the Vendors only in accordance with the law; (3) require the Vendors to enter into a contract that prohibits disclosure or the use of your personal information other than to carry out the purpose of the disclosure, except as permitted by law; (4) not share your personal information for purposes other than allowed by law; (5) allow participants the opportunity to correct personal information that they believe is not accurate.
Definitions

These definitions have been developed to help you become familiar with some of the terms in this manual.

**Allowed Benefit**
The criteria CareFirst BlueCross BlueShield uses to determine payments to your physician. It is based upon the Resource Based Relative Value Unit System. This system takes 3 factors into consideration; work value (amount of skill/time/effort required for service), practice expense (cost of overhead expenses), and the liability/malpractice expense for covered services.

**Card (Identification/Membership)**
Identification or membership card for medical/pharmacy coverage. The card identifies the employee, types of elected coverage, type of membership and the effective date of coverage.

**Coinsurance**
A cost-sharing requirement under your CareFirst BlueCross BlueShield policy which requires you to assume a percentage of the costs of covered services.

**Copay**
Cost sharing in which you pay a flat amount per service. Unlike coinsurance the amount does not vary as a percentage of the cost of the service.

**Deductible**
Amount of expense you must incur before CareFirst BlueCross BlueShield or Delta Dental will assume any liability for all or part of the remaining cost of covered services.

**Eligibility**
State of fulfilling requirements for coverage.

**In-network Provider**
A preferred provider within a Preferred Provider Organization.

**Medical Emergency**
The sudden and unexpected onset of a serious illness or condition which requires necessary, immediate medical care.

**Non-Participating Provider**
A physician or other provider who has not signed an agreement with the CareFirst BlueCross BlueShield plan to accept the Allowed Benefit as payment in full.

**Out-of-network Provider**
A provider that is not part of the PPO network.

**Out-of-pocket**
The deductible copayment plus any coinsurance amount that the subscriber pays; once this has been met the policy will normally pay at 100% of the Allowed Benefit for most covered services.

**Participating Provider**
Individual physicians, hospitals and professional health care providers who have a contract with CareFirst BlueCross BlueShield and/or CareFirst BlueChoice, Inc. to provide services to its members at a discounted rate and to be paid directly for covered services.

**Medical and Dental Plan Year**
The Plan Year is twelve months July 1–June 30.

**FSA Plan Year**
FSA Plan Year is twelve months July 1–June 30.

**Professional Component**
That portion of a charge for x-ray or laboratory services performed in a hospital which is allocated to a physician as his professional fee.

**Provider**
An individual or institution that provides medical care.
Fully-Insured vs. Self-Insured

What is the difference?

Employers that offer health insurance benefits finance those benefits in one of two ways: They purchase health insurance from an insurance company (fully-insured plans), or they provide health benefits directly to employees (self-insured plans). Typically, these plans differ by who assumes the insurance risk, plan characteristics, and employer size.

If an employer-sponsored plan is fully-insured:
The insurance company is ultimately responsible for the health care costs and the employer pays premiums. In a fully-insured plan, the employer pays a per-employee premium to someone else (an insurance company) to take on the risk that they will pay out more in benefits than they collect from you in premiums. The insurer collects the premiums and pays the health care claims based on your policy benefits. The covered persons are responsible to pay any deductible amounts or copayments required for covered services under the policy.

If an employer-sponsored plan is self-insured:
The employer assume the financial risk and acts as its own insurer and is ultimately responsible for the health care costs, and pays for all of those costs plus administration fees. Self-insured plans often contract with an insurance company or other third party to administer the plan, but the employer bears the risk associated with offering health benefits.

Harford County Public Schools (HCPS) self-insures all medical and dental plans offered
This means we assume the risk for every dollar of health care expense our employees and their families incur. We use the dollars collected through your payroll contributions and HCPS’s contributions to pay employees’ claims and the administration costs of the plans. In addition we also share in costs with employees at the point of care, through the plan’s benefit features (e.g., coinsurance and copayments). Our third party administrators are CareFirst and Delta Dental.

Self-insuring our medical and dental plans benefits HCPS and our employees in many ways:

- **Our benefit dollars go toward benefits.**
  Built into the cost of any insurance policy is the insurer’s profit. When we self-insure, we eliminate the middleman—the insurer—and its built-in profit. Though third-party insurers administer our plans, they do so on a fee-for-service basis; they take no financial risk for paying our claims. And since HCPS is not making a profit by providing health insurance coverage to you, every dollar of your and HCPS’s contributions are used to pay claims and the administrative expenses for our plans.

- **We have more flexibility.**
  When we self-insure our plans, HCPS, and not an insurance company, decides how our plans work. This provides us with more flexibility in designing our plans (e.g., deciding on copayment and coinsurance levels) to fit the needs of our employees. The insurance carrier is responsible for negotiating rates with in-network providers and the processing of claims

- **We have more control.**
  Self-insured plans are subject to federal regulations, while fully-insured plans are regulated by the state in which the plan operates. This exempts HCPS from providing for state-mandated benefits in our plans (which can be costly) and from paying state-mandated taxes on health care premiums (an additional expense for the plans).

Even though HCPS plans are self-funded, HCPS does not assume 100% of the risk for catastrophic claims. Rather, we purchase what is known as Stop-Loss insurance to protect against large individual claims as well as total claims which exceed the expected level for our group of covered persons.

The total cost of a self-funded plan is the fixed costs plus the claims expense less any stop-loss reimbursements.
