

PUBLIC SUBMITTED PROPOSALS: STAC REVIEW, ANALYSIS, AND RECOMMENDATION MATRIX

BOARD OF EDUCATION OF HARFORD COUNTY – COMPREHENSIVE ELEMENTARY SCHOOL REDISTRICTING INITIATIVE

DATA DATE: REV#3: 02.04.2011 (01.07.2011, 01.14.2011, 01.28.2011)

NOTE: THIS IS THE FINAL UPDATE. THE MATRIX WILL BE DISCUSSED PUBLICALLY AT THE BOE WORK SESSION ON FEBRUARY 7, 2011.

NOTE: STAC CONTINUES TO REVIEW AND ANALYZE PROPOSALS THAT OFFER OPTIONS. MANY SUBMISSIONS FROM THE PUBLIC STATED REASONS FOR A PARTICULAR GROUP OF STUDENTS TO REMAIN AT A PARTICULAR SCHOOL, WITH DETAILED REASONS FOR THE SUGGESTION. HOWEVER, THERE WAS NOT DATA TO ANALYZE THAT REPRESENTED AN ALTERNATIVE; THEREFORE THOSE ITEMS WERE NOT INCLUDED ON THIS MATRIX. STAC WILL CONTINUE TO UPDATE THIS MATRIX AS PROPOSALS ARE REVIEWED AND/OR RECEIVED.

#	DATE RCVD	SUBMITTED BY	PROPOSAL DESCRIPTION	RESPONSE	STAC RECOMMENDATION	DATE POSTED
1	11/19/10	Madonna Manor et. al.	“Madonna Manor Community” located between Madonna Rd. and Salem Church Rd. remains in Jarrettsville ES. All Northern Harford County Elementary Schools including, but not limited to JVES, NBES, and NORES be excluded from the proposed redistricting.	SEE ITEM #18. EXCLUDING ALL NORTHERN HARFORD COUNTY ELEMENTARY SCHOOLS INCLUDING, BUT NOT LIMITED TO JVES, NBES, AND NORES WOULD NOT ALLOW THE BOE TO MEET ITS GOALS.	DO NOT RECOMMEND	01/14/11
2	11/10/10	Numerous citizens	Grandfather 4 th and 5 th graders		BOE DECISION	1/28/11
3	11/10/10	Riverside ES parent	The boundaries between Joppatowne, Riverside & Youths Benefit where they meet at Singer road, Jerusalem Rd & Mountain Road need to be revisited. Jerusalem Rd and Singer Rd. should be considered as a boundary for students to Joppatowne. The added students from Youths Benefit and Riverside to Joppatowne would help balance attendance and allow for the students who live south/west of Foster Knoll in Joppatowne to remain at Riverside particularly if the apartments in Joppatowne are rezoned to Joppatowne.	WOULD PUT RIVERSIDE OVER CAPACITY, AND THERE ARE NO SEATS AVAILABLE AT ABINGDON.	DO NOT RECOMMEND	1/28/11
4	11/10/10	Parent	I propose that we put all of Kalmia into the Prospect Mill district not just ½ of Kalmia.	ALL OF KALMIA IS PROPOSED TO ATTEND DUBLIN ES.	RECOMMEND STAC PROPOSED	1/28/11
5	11/11/10	Principal	In looking at Moores Mill Road going from Route 1 towards Route 24: According to the map, Harford Village South goes to Hickory (it is on the right side of the road) and Moores Mill Manor Condos are on the left and that stop goes to Bel Air Elementary. The rest of the road goes to Red Pump. To prevent two different buses from coming into the area, each having one stop, wouldn't it be better if the entire Moores Mill Road, from Route 1 to Route 24 go to Red Pump?	BECAUSE OF THE NUMBER OF STUDENTS LOCATED ON THE NORTH SIDE OF MOORE'S MILL RD, BAES WOULD BECOME OVER CAPACITY.	DO NOT RECOMMEND	1/28/11
6	11/11/10	Parent	Move area south of Rte 1(east to west) from YBES to Emmorton ES; Retain area between Rutledge and Pleasantville in YBES; Add area north of Derby Drive on west side of 152 to JARES.	THERE ARE APPROXIMATELY 248 STUDENTS IN THE AREA SOUTH OF RTE 1, WHICH WOULD NOT BE ACCOMMODATED IN EMMORTON ES.	DO NOT RECOMMEND	1/28/11
7	11/11/10	Various parents	Retain Stoneridge development in FGES	INCORPORATED IN RECENT STAC REVISION	RECOMMEND	01/14/11
8	11/14/10	Parent	Why can't all of Glenwood and Colonial Acres subdivisions go to Ring Factory? You can put all of the subdivisions/addresses to the left of 924 to William S. James School District and all of the addresses/subdivisions to the right of 924 to Abingdon School District. This makes much more sense for bus transportation and keeping the kids in their same generalized/localized areas. This still will alleviate the problem with overcrowding at Emmorton. This should also keep the attendance at all of these schools below 100% capacity.	ALL OF GLENWOOD MOVED BACK TO RING FACTORY WITH THE EXCEPTION OF THE SUBDIVISION OF COLONIAL ACRES	RECOMMEND	01/14/11

9	11/16/10	Vine Hill Development	I live in a newly developed community, Vine Hill Estates. There are half a dozen pre-school aged and school aged children in the community so far, with several lots still for sale. We are zoned for Homestead Wakefield but feel as though we should be zoned for Ring Factory Elementary School. (see attached: RFES_Proposed).Vine Hill Estates shares one driveway into the community and the addresses are as follows: 294, 296, 298, 300, 302, 304, 306, 308, 310, and 320 Patterson Mill Road. My address is 296 Patterson Mill Road. The entrance to Vine Hill Estates is located to the left as Patterson Mill Road turns into a One Way road, just past the King's Charter Gillingham Drive entrance. The one way section of Patterson Mill Road past our community extends .8 miles to E Wheel Road and is a gravel road that is fairly steep and narrow. It is with this reasoning outlined above that we feel Vine Hill Estates should be rezoned to Ring Factory Elementary School.	INCORPORATED IN RECENT STAC REVISION	RECOMMEND	01/14/11
10	11/16/10	Parents	Our entire "peninsula" to be moved back to FLES would put FLES around 107%. Without knowing hard numbers I'm estimating about 35 kids on our child's bus which picks up from Sparks, Cosner, Cannongate, and Wales of Harford and another 20-25 from Pleasant View Farms, Pleasant Ridge, and Montford Glen which comes from a different bus. Can you provide me with more concrete number on this? The 20-25 children from Pleasant View Farms, Pleasant Ridge and Montford Glen could attend Youth Benefit. This would increase YBES to only 98% but more importantly the main concerns from parents which include school proximity, safety crossing Rt.23 and the social aspects of avoiding "small pockets" of students from one elementary school feeding into a different middle school would all be gone. The children on Phillips Mill, Old Federal Hill, Morse, and Cooptown that are currently at North Bend but slated to go to Jarrettsville could stay at NB since our "peninsula" would not be attending.	THESE STUDENTS ARE RECOMMENDED TO REMAIN IN FLES.	DO NOT RECOMMEND	1/28/11
11	11/29/10	Parent	Here is one solution to consider. North Bend's proposed student population after redistricting is 504 but the cap is 500, so as highlighted earlier this will put NBES at 100.8% capacity. If you subtract the 33 impacted students from FHES that brings NBES to a student population of 471 or 94.2% capacity. Leaving the 33 students at their current school of FHES would result in the student population at FHES being 556 or 95.6% capacity. By making this adjustment to the proposed plan, you would create less disruption and ultimately move closer to the goal of keeping the Elementary Schools at 90% to 95% capacity.	PARTIAL IMPLEMENTATION BY STAC. AREA ON WEST SIDE OF RTE 24 TO BAILEY RD AND NORTH TO REMAIN AT FHES. AREA IN NORTHWEST PORTION (FROM TRESTLE TO CURRENT BOUNDARY) ATTEND NORTH BEND ES.	RECOMMEND	01/14/11

12	11/30/10	Parent	I suggest that the redistricting line for Red Pump Elementary stop at Bel Air Road! It shouldn't cross it and come down Tollgate Rd. Instead take one of the closer neighborhoods that are in the blue area, WHICH is MUCH closer to the school & have them go to Red Pump.	PART OF THIS AREA HAS BEEN ADJUSTED IN RECENT REVISIONS.	PARTIAL RECOMMENDATION – SEE STAC REVISION#2	1/28/11
13	11/30/10	Parent	FLES, YBES, et. Al. (See accompanying maps with 3 proposed options.	DOES NOT MEET THE GOALS IN THE ADJACENT ATTENDANCE AREA.	DO NOT RECOMMEND	1/28/11
14	12/5/10	Parents	HES; Pellhamwood; Marywood; Dublin (see attached proposals)	PELLAMWOOD TOO MANY KIDS. ALL OF MARYWOOD WILL ATTEND RED PUMP;	PARTIAL RECOMMENDATION. SEE STAC REVISION#2	1/28/11
15	12/8/10	Parent	I would like to suggest the idea of using the zip codes to determine the school district. I know some areas like Kingsville and Baldwin and maybe a couple others will have to be determining by the vicinity to the nearest school.	THERE IS NO ALIGNMENT OR RELATIONSHIP BETWEEN ZIP CODES AND SCHOOL ATTENDANCE AREA BOUNDARY LINES. ZIP CODES WERE CREATED IN THE 1960'S FOR THE U.S. POSTAL SERVICE TO AID IN MORE EFFICIENTLY SORTING OF MAIL.	DO NOT RECOMMEND	01/14/11
16	12/13/10	Willow Vale Farm Community	Retain in current YBES attendance area	DOES NOT SUPPORT THE GOALS OF THE INITIATIVE.	DO NOT RECOMMEND	1/28/11
17	12/19/10	HighPoint/Pleasantville Community	Please see the attached document which outlines our Community's Alternate Redistricting Proposal for your review, consideration, and implementation. We believe our Plan is a win-win for the communities of High Point / Pleasantville, Stone Ridge / Fountain Green, Homestead-Wakefield, Marywood, Red Pump, and Forest Lakes, as well as for the STAC and BOE.	ALL OF THESE CHANGES HAVE BEEN PROPOSED IN THE RECENT REVISION.	RECOMMEND	1/28/11
18	12/22/10	Churchville ES Focus Group	Retain Campus Hills Estates at PMES; Keep only Cool Spring at CES; Leave portion of Rte 543 north of Wheel Rd. in FGES; Leave CES eastern boundary intact.			
19	12/30/10	Stop the Swap	After careful review of the STAC's Proposed Redistricting Plan, it is our recommendation that these two communities be omitted from the current proposal for the benefit of the 72 students affected as well as the overall objective of a more balanced enrollment throughout the county. The 72 students affected represent two basic communities; Madonna Manor / Salem Church community of Jarrettsville (see attached Map 1 Section A) and the Cooptown / Sharon Acres community of Forest Hill (see attached Map 1 Section B). We respectfully request that the STAC and the Board of Education Stop the Swap. Leave the boundaries lines for the Madonna Manor / Salem Church community of Jarrettsville and for the Cooptown / Sharon Acres community of Forrest Hill as they currently exist.	INCORPORATED IN RECENT STAC REVISION	RECOMMEND	01/14/11
20	12/20/10	Parents	Chambers Circle is the only small neighborhood being moved and only affects 11 students.	NOT CONSISTENT WITH THE GOALS OF THE INITIATIVE.	DO NOT RECOMMEND	1/28/11
21	12/2010	Hampton Ridge / Leeswood Garth communities	While we support the county-wide redistricting initiative, we do not believe it is in the best interests of our children to be redistricted to Bel Air Elementary School. 1. Keeping another community currently slated to be redistricted for Hickory at Prospect Mill and shifting our community to Hickory Elementary. If there is insufficient capacity to keep a community such	1. WON'T SUPPORT RELIEF REQUIRED AT PMES. 2. DEER RUN AND DEER MANOR WILL REMAIN IN HICKORY ES.	DO NOT RECOMMEND	1/28/11

			<p>as the Villages of Thomas Run or Tudor Manor at Prospect Mill, you could consider moving the Emerald Hills community, which is located behind Safeway on the other side of Rte. 22, from Prospect Mill to Fountain Green to open additional room.</p> <p>2. Moving the communities of Deer Run/Deer Manor from Hickory to Bel Air Elementary (as those students are currently among the only students at Hickory who feed into Bel Air Middle and High) and shifting our community to Hickory.</p>			
22	1/19/2011	Upper Crest Estates and Upper Crest Townhouses	Do not move these developments as currently proposed.	NOT CONSISTENT WITH THE GOALS OF THE INITIATIVE.	DO NOT RECOMMEND	1/28/11
23	1/21/2011	Fallston/Upper Cross Roads	<p>Option I – Leave YBES “as is” today; use existing relocatable classrooms until modernization is complete.</p> <p>Option II – Develop an “8 mile by 2 mile zone” with YBES as the center of the zone, extending 4 miles north and south of YBES, and 2 miles east and west of YBES. Only move approximately 72 students from outside the zone (from unspecified neighborhoods) both from the north and from the south to relieve YBES.</p>	<p>OPTION I – AT THIS TIME THERE IS NO DATE CERTAIN ESTABLISHED BY THE FUNDING AUTHORITIES TO COMPLETE THE REPLACEMENT/MODERNIZATION AT YBES. THERE ARE CURRENTLY 7 RELOCATABLES BEING UTILIZED ON THE SCHOOL SITE.</p> <p>OPTION II – THE SOUTHERN AREA OF YBES IS CONSTRICTED BY ADJACENT SCHOOLS THAT ARE OVERCROWDED OR HAVE BEEN RELIEVED BASED ON A SERIES OF MOVES FROM THEIR ADJACENT ATTENDANCE AREAS.</p>	<p>OPTION I - DO NOT RECOMMEND</p> <p>OPTION II – RECOMMENDATION WILL BE MADE ON 2/7/11 TO BOE FOR PARTIAL MOVEMENT OF AREA BETWEEN PLEASANTVILLE RD NORTH TO BALDWIN MILL RD, BETWEEN MOUNTAIN RD. AND PUTNAM RD.</p>	2/4/11
24	1/19/11	Parent	Proposes 4 tiers: tier 1 – Area north of Engle and Hess Rd. to JES; Tier 2 – Stocton Rd/Mountain Rd area from YBES to AbES; Tier 3 – Area bounded by Pleasantville Rd. To Baldwin Mill Rd. and Mountain Rd. to Putnam Rd. remain at YBES, area northeeast of Putnam Rd. to JARES; Tier 4 – Old Joppa Rd./Hollingsworth move to ABES.	TIER 1 AND TIER 3 – NOT ENOUGH STUDENTS IN THESE TWO TIERS TO OFFSET THE NUMBERS IN TIERS 2 AND 4 TO MOVE YBES ENROLLMENT UNDER 100% CAPACITY.	RECOMMENDATION WILL BE MADE ON 2/7/11 TO BOE FOR PARTIAL MOVEMENT OF AREA BETWEEN PLEASANTVILLE RD NORTH TO BALDWIN MILL RD, BETWEEN MOUNTAIN RD. AND PUTNAM RD. AND TO MOVE AN AREA NORTH AND EAST OF PUTNAM ROAD FROM PLEASANTVILLE RD. TO THE CURRENT NORTH WESTERN YBES BOUNDARY LINE.	2/4/11
25	No Date on Proposal	Parents	Woodsdale community from current WM PACA/OPR to ABES.	NOT CONSISTENT WITH THE GOALS OF THE INITIATIVE.	DO NOT RECOMMEND	2/4/11
26	No Date on Proposal	Parents	Retain all of current enrollment in Forest Hill ES	LATEST REVISION PROPOSED TO BOE ON 2/7/2011 WILL SIGNIFICANTLY MODIFY THE FHES ATTENDANCE AREA, RETAINING MUCH OF ITS ORIGINAL BOUNDARIES, BUT GAINING SOME OTHERS TO THE NORTH.	RECOMMENDATION WILL BE MADE ON 2/7/11 TO BOE	2/4/11
