Listed here are courses available for **9TH GRADE STUDENTS**. You should make these selections based on teacher advice and consent of your parents. Be sure to refer to graduation requirements for your class in the [Student Education Planning Guide](#) available at HCPS.org. In the case of conflicts, alternates may replace any of the electives listed. Courses may be dropped due to insufficient enrollment. **The last day of school will be the last opportunity to change any course selection. Changes in course requests cannot be guaranteed after the last day of school.**

**\*You must choose a total of 8 credits and 3 alternate courses** (Place a ✓ in the box next to your required selections in English, Math, Social Studies, Science and Electives). For alternates, write the course name in the alternate course selection area, #1 for first choice, #2 for second choice, #3 for third choice. If choice 3, then a counselor will meet with the student.
