

## HCPS Staff VPN Access

New instructional staff laptops that request an email address at logon as shown below, will not use Global Protect and will access internal web sites applicable to them from the Office 365 portal page when off site.

**\*\*New instructional staff laptop logon screen.**

**\*\*Office 365 portal internal web apps.**

**Standard staff laptops will continue to use Global Protect which will be installed automatically and auto-update as needed to ensure we stay on the most up to date and secure version. To launch Global Protect click on the icon near the time display in the lower right corner.**
