How do I take a screenshot on the Chromebook?

There are two types of screenshots that can be taken on a Chromebook:

- The entire screen
- A portion of the screen

4. The screen will turn slightly gray. Click and drag the cursor around the portion of the screen you want to take a picture of (from the upper left-hand corner to the lower right- hand corner.)	Inter Rec Out G rec G F <td< th=""></td<>
5. A window will pop up that shows the screenshot you just took.	
6. If you want to paste the screenshot in a document, you can choose to Copy the Link and then paste in in your document.	
7. If you double-click on the link, it will open	_ U X Q Recent Images @ Read-only OPEN - ≪ Q ⊞ AZ :
