

XELLO FAMILY

FOR PARENTS/GUARDIANS

Xello is an engaging online platform used by students to help them plan for life after high school. It features activities designed for every grade level that empower students to better understand themselves, identify their strengths, and explore various pathways including college, career, and military options. In the process, they build key skills and prepare for success in the workforce of tomorrow.

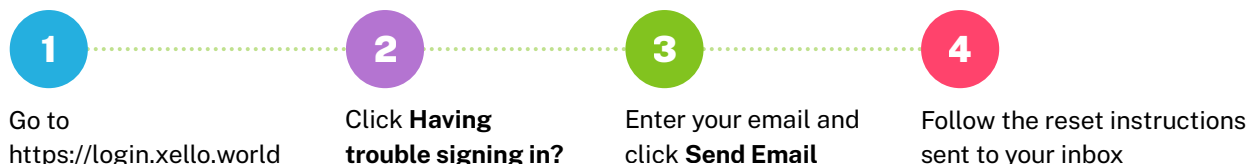

Xello Family connects students, families, and educators through a user-friendly platform that ensures everyone stays informed and involved. While it's essential for students to take charge of their future planning, the support of trusted adults in their lives is just as vital. With a Xello Family account, you can explore your child's progress and support them in setting and achieving meaningful goals for their future.

USING YOUR XELLO FAMILY ACCOUNT

HCPS has created a Xello Family account for all middle and high school families. You've received an email including a link to **activate your account within 17 days** of receiving it. All you'll need to do to get started is set a password.

Note: If you haven't received the activation email, it may have been redirected to your spam folder. Make sure to remove "xello.world" from your email spam settings to receive this and future messages from Xello.

NAVIGATING YOUR DASHBOARD

Once logged in, you'll land on your dashboard, where you can manage your personal settings, view your child's work, or explore Xello's student experience.

Customize Your Account

Access your profile in the top right corner to update personal details, upload a profile picture, set your preferred language, or add a mobile number.

Explore Your Child's Progress

Click on your child's name to view their activities and achievements. If you have multiple children using Xello, each will have their own profile.

Experience Xello as a Student

Curious about what your child is doing? Choose a grade level and try out a lesson, complete an assessment, or browse career options.
