About Harford County Public Schools

Approximately 38,000 students are enrolled in HCPS. The school system has the eighth largest student enrollment of the 24 public school systems in Maryland. Approximately 5,000 people are employed by the school system to provide the necessary educational programs and supporting services for the students.

Currently, in the Harford County public school system, there are 33 elementary schools, nine middle schools, ten high schools, Harford Academy School and Swan Creek School (a K-12 virtual school) for a total of 54 schools.

Based upon firm beliefs in the value of youth and the obligations of public education to educate each of them effectively, the Harford County public school system provides comprehensive instructional programs and related student activities for the youth who are currently enrolled. Half-day prekindergarten classes are available for four-year-olds at six of the Harford County public elementary schools. Full-day prekindergarten classes are available for four-year-olds at 16 of the Harford County public elementary schools. A systemwide kindergarten program begins public education for five-year-olds with all 33 elementary schools offering full-day kindergarten. A carefully planned and appropriately sequenced curriculum extends learning from elementary, middle and high school grades toward graduation.

Special programs and services are provided to accommodate the unique needs of each student, including those who possess exceptional abilities, talents and/or disabilities, as well as those who wish to complete a virtual education.

SWAN CREEK SCHOOL BLENDED VIRTUAL PROGRAMS: Harford County Public Schools offers an alternative learning option that any HCPS student may apply to. Blended Virtual instruction is a combination of synchronous virtual instruction and asynchronous instruction. Swan Creek School offers two programs to HCPS students:

1. eLearning program for elementary and secondary students in grades Kindergarten through 12th Grade. Students attend scheduled synchronous lessons virtually five days a week with HCPS teachers.

2. Hybrid program for secondary students in grades 6 through 12. The Hybrid program is a combination of in-person learning, synchronous and asynchronous eLearning. In-person instruction takes place at Swan Creek School, which is located at 253 Paradise Road in Aberdeen, MD. Synchronous eLearning, utilizing Microsoft Teams, and asynchronous eLearning occur in conjunction with in-person learning. The Hybrid school day runs from 9:40 a.m. until 4:15 p.m.

HCPS provides transportation to and from the school, utilizing Depot Stops.

Both programs use HCPS curriculum taught by HCPS teachers for elementary, middle, and high schools. For more information, visit the school website at https://ceo.ss18.sharpschool.com/ or call the Swan Creek School office at 410-273-5594.

COMMUNICATION: Harford County Public Schools is committed to parental, family, and community involvement in the educational process. Harford County Public Schools encourages two-way communication and strives to keep the public informed about issues affecting its schools: decisions made by the Board of Education of Harford County, and student activities through various methods of regular communication.

Mass Notification System — Harford County Public Schools utilizes the FinalSite Mass Notifications to inform parents and guardians of emergency closures and important information. Parents and guardians can manage contact information and notification preferences. Communications are also shared on the HCPS app as well as on the green News Alert on hcps.org. Pursuant to the Telephone Consumer Protection Act (TCPA), please make HCPS aware of any changes to contact information, including all phone numbers on file. Notify your student's school in a timely manner so that the above contact information may be updated.

Website & Social Media — The school system’s website, www.hcps.org, offers information to meet the needs of parents and guardians, students, staff, and the general community. The “Parents” tab at the top of the homepage includes links to useful information such as the registration process, immunization requirements, and resources for parents and guardians. The website and app serve as quick resources to the most requested information.

Follow us on Facebook (@HCPSchools), Twitter (@HCPSchools), Instagram (@HCPS_schools) and YouTube (@HCPSchools)

ELEMENTARY SCHOOL: Harford County Public Schools offers a wide variety of programs at the elementary level including gifted education and instrumental music. We have prekindergarten programs in 19 of our elementary schools designed to meet the needs of at-risk students. We offer before and after school onsite daycare centers at various locations. All of our kindergarten programs are full-day. For more information on elementary schools, please visit www.hcps.org. Official school websites can also be accessed from www.hcps.org.

FOOD & NUTRITION: To participate, each student enters the meal service line and makes choices. At the computer register, the student enters a unique number (PIN) into the PIN pad. The cashier confirms ID, confirms if a “complete” meal is chosen, records a la carte purchases and enters the transaction. Additional site-specific meal/snack programs may also be available. Examples include afterschool snack (NSLP Afterschool Snack, after school supper (CACFP), or for-purchase afterschool snacks.

All families are encouraged to create a free, secure online account for their student at MySchoolBucks. Obtain your student’s ID number, visit the website www.myschoolbucks.com and follow the onscreen directions. All student purchases and deposits are recorded in the account.

To avoid carrying cash, families may choose to “prepay” for breakfast, lunch and a la carte. Prepayments may be made in-person directly to the school cafeteria (no personal checks are accepted) or online through MySchoolBucks. With this account, families can:

• Check account balances from anywhere including the mobile app
• Elect to receive e-mail notifications for low balances
• Allow deposits to be made easily one time or automatically replenish when “low balance” threshold is reached
• Eliminate the need for student to carry cash to school
• Review student purchases and deposits

All prepaid account balances remain on the student’s account while the student(s) is enrolled in HCPS. Money remains on the student account as they advance to a higher grade and/or transfer to a different school within HCPS. Refunds and transfers for students are completed upon request by contacting the DFNS office at (410) 638-4078.

School Meals — The Department of Food & Nutrition Services (DFNS) supports student academic achievement by providing delicious, nutritious meals at affordable prices, in a safe, friendly, and attractive environment within a self-supporting operation. The Program is supported by and operated within the guidelines of United States Department of Agriculture (USDA) meal programs including the National School Lunch Program (NSLP).

All students may participate in the breakfast and lunch meal programs available at all schools. Meal prices are listed on www.hcps.org and www.hcpsmenus.com. Prices are set to ensure the program breaks even and remains self-funded.
All children are treated the same regardless of ability to pay. No child will at any school. If financial changes occur, a new application may be filed and must be completed each year. Benefits "carry over" through September during meals in addition to the breakfast and lunch items. Any item on the serving line may be purchased "a la carte" (main course, milk, fruit, vegetables, or vegetable) either by itself or in addition to the meal. Additional foods purchased for sale must meet the USDA Smart Snack standards for schools. Options vary by school but may include bottled water, 100% fruit juice pouches, chips, pretzels, whole grain rich cookies, and ice cream. Options and prices are listed on the menu website. Funds must be available to purchase these items or they will be "charged." A student may qualify for breakfast and lunch at no cost based on eligibility standards established by the federal government. Some students are automatically identified for this service based on enrollment in other federal assistance programs. When this is the case, confirmation letters are sent to the student household address. For other students, a Free and Reduced-Price Meal Benefit application must be completed each year. Benefits "carry over" through September each year to allow new applications to be processed. Once processed, approval or denial letter will be sent to the address listed with the student's school. Applications for the new school year are available after July 1 online at https://www.myschoolapps.com, downloadable from hcpsmenus.com or at any school. If financial changes occur, a new application may be filed at any time. Student confidentiality is always protected. All children are treated the same regardless of ability to pay. No child will be discriminated against because of race, sex, color, national origin, age, economic status, or disability. If a student arrives at school with no meal, no money, and has no money on account, DFNS will serve the student a complete school meal and the cost will be "charged" to the student's account creating a negative balance in accordance with Maryland legislation. The student may not choose any a la carte items when the balance is negative and cannot charge a la carte items. Legal guardians are responsible for balances generated for meals served when no funds are available. HCPS will remind guardians of balances using available means of phone calls, emails, and text messaging. Balances not paid may be referred for collection. Please note that if the student did not receive a confirmation letter of meal benefit approval, any meal served and charged until a new application is filed and processed will still be due for repayment. To avoid this issue, be sure to complete a meal benefit application. A student who requires special meal accommodations due to medically documented issues must provide the school nurse with medical information. This information will be forwarded to DFNS and a special "flag" will be added to the student account. Student progress is formally reported to parents/guardians in November, February, April, and June. In addition, teachers communicate with parents/guardians informally by means of conferences, phone calls, letters, emails, and telephone calls. The Progress Center allows parents/guardians to view student progress information via a secure website. Parents/Guardians may obtain an assigned username and password through www.hcps.org. Elementary school students receive report cards at the end of each of the four marking periods, recorded by means of the letter grades A, B, C, D, or E. Students in prekindergarten, kindergarten, and grades one and two receive a progress report that indicates the level of student progress in integrated language arts, mathematics, science, and social studies, as well as work habits/skills and social emotional development. Student progress is recorded on the report card as CE-Consistently Evident, DV-Developing, NE-Not Evident, or NA-Not Assessed. Students in grades three, four, and five earn letter grades to indicate the level of student progress in integrated language arts, mathematics, science, and social studies. All elementary students are evaluated in art, music, media, physical education, and habits and attitudes/skills using a performance rubric. Student progress for these content areas is marked on the report cards as CE-Consistently Evident, EV-Evident, DV-Developing, NE-Not Evident, or NA-Not Assessed. Students enrolled in half-day prekindergarten are assessed in physical education only, using the language above. Students in grades 4-5 receive report cards at the end of each of the four marking periods, recorded by means of the letter grades A, B, C, or D. In addition, students in grades six through eight receive a final course grade. The calculation of the final course grade can be viewed in the Final Examinations, Report Cards, and Calculation of Final Grades Board of Education Policy. The Health Services Program is an integral part of the educational support system and maximizes every student's learning potential by promoting his or her optimum health. Vision screening occurs in all schools. All K-12 students must be vision screened in kindergarten and grades one, four and eight. Further information about the distinction between vision screening and comprehensive eye examinations is available on www.hcps.org. Each school is assigned a school nurse. Please contact your child's school to speak to the nurse. Harford County Public Schools has 10 high schools that offer a variety of instructional and extracurricular programs. For information regarding graduation requirements, www.hcps.org.
HOME & HOSPITAL INSTRUCTION: Students who cannot attend school due to a physical or emotional condition may apply for short-term Home/Hospital Teaching Services. If approved, a home teacher is assigned. Verification of a physical condition by a licensed physician or certified nurse practitioner, or verification of an emotional condition by a certified school or licensed psychologist or licensed psychiatrist must be included on the application. For more information, contact the pupil personnel office at your child’s school.

Returning From a Hospitalization — If your child should require hospitalization for any reason during the school year, the principal, school nurse, or school counselor should be notified as soon as possible. When a student is being released from a mental health hospitalization/inpatient treatment facility, a parent/guardian is to inform the school counselor immediately so that a Reintegration Meeting can be scheduled and convened within three (3) school days of notification of the student’s discharge from the institution. Prior to this meeting, the parent/guardian should obtain the discharge paperwork from the institution along with a statement from the treating physician indicating that the student is ready to return to school. For more information, contact the pupil personnel office at your child’s school.

RESPONSIBLE USE OF TECHNOLOGY: Harford County Public Schools provides telecommunications resources to its students for educational purposes. Telecommunications resources shall be used in accordance with the Responsible Use Procedure (RUP). By logging in to a telecommunications platform, students agree to the terms and conditions within the Harford County Public Schools RUP. The RUP is available on www.hcps.org.

Harford County Public Schools utilizes an outside Internet filtering company to ensure the safety of our students while they access the Internet. The use of this filter system also allows Harford County Public Schools to comply with the Child Internet Protection Act (CIPA). Students are expected to demonstrate responsible and ethical behavior in the use of the resources as outlined in the RUP.

YouTube: YouTube is utilized as an instructional tool for HCPS students. YouTube is set to Restricted Mode on HCPS issued devices and the HCPS network. Restricted Mode is a setting controlled by YouTube algorithms to hide potentially objectionable content. HCPS continues to monitor, evaluate, and update YouTube settings to minimize access to inappropriate content.

RESPONSIBILITIES SPECIFIC TO VIRTUAL INSTRUCTION: Parents/Guardians and students will have the following responsibilities specific to virtual instruction:

- Teachers/Providers may not conduct a Virtual Instruction session involving only a single student unless:
  - A parent/guardian is in the student’s residence and is aware of the session; or
  - An HCPS staff member, in addition to the teacher/provider, listens to and/or views (as applicable) the session.

- Parents/Guardians and students must not record, duplicate or share/post any portion of a student’s Virtual Instruction session.

- Prior to engaging in a Virtual Instruction session, students must be in a location where the background is appropriate i.e. a location that is quiet.

- Students should mute their microphone as necessary to avoid disturbing a Virtual Instruction Session. The use of the video function in any Virtual Instruction Session is not mandatory. Parents/Guardians may opt-out of the use of the video function by turning off that function.

In some situations, a teacher/provider will request consent for specific services prior to working virtually with the student. Parents/Guardians should immediately report to the principal of the school in question any concerns, etc.

ASTHMA INHALERS AND OTHER EMERGENCY MEDICATIONS:

- Students may, while in school or in a school-sponsored activity, on a school bus, or on school property, possess and self-administer an asthma inhaler, EpiPen or other emergency drug dispensed to the student by a prescription of a health practitioner pertaining to the student’s asthma or other airway-constricting disease or which otherwise may be needed by the student on an emergency basis.

- Any student who self-administers the above described medication must have a prior written order from the student’s health care provider (Permission to Self-Carry/Administer Medication form) and, if the student is a minor, the prior written approval of the student’s parent or guardian.

- If a health care provider deems that a child must carry medication, a student who seeks to possess and administer medication as set forth above must obtain written verification from the student’s health care provider confirming that the student has the knowledge and skills to safely possess and self-administer the medication. Such written statements must be provided annually. The school nurse shall assess the student’s ability to demonstrate the skill level necessary to ensure proper and effective use of the medication(s) in school.

The Contract for Self-Administration of Medication must also be completed.

- The school nurse will notify all appropriate personnel when such exceptions are granted, including bus drivers. Back-up medications must be kept in the health suite.

- A student may be subject to disciplinary action if the student does not use the medication in a safe and proper manner.

- The health care provider’s order must be maintained in the student’s educational file at his/her school.

ALL OTHER MEDICATIONS: When a student is taking a prescribed medication, parents/guardians should make every effort to arrange for the medicine to be taken outside of the school day. However, there are occasions when it is determined by a health care provider that a student

INCLEMENT WEATHER POLICY: Any change from the normal school operating schedule because of inclement weather will be communicated through the school system’s mass communication system, email, text message, Twitter, Facebook, and provided to radio and television broadcasts. In addition, changes will be listed on the Harford County Public Schools website at www.hcps.org. No telephone calls or media announcements will be made when schools are operating on a normal schedule.

Some weather conditions make it advisable to delay the opening time of schools.

- If schools are delayed one hour, morning half-day prekindergarten will start at 10 a.m.; afternoon half-day prekindergarten will proceed as originally scheduled; and fourth tier schools will begin at 10:30 a.m.

- If schools are delayed two hours, there will be no morning half-day prekindergarten or early intervention programs; afternoon half-day prekindergarten will proceed as originally scheduled.

- If schools have a scheduled teachers’ planning/early dismissal and there is a two-hour delay, students will NOT be dismissed early and will remain in school for the regular school day. Half-day prekindergarten programs will not meet.

- If schools are delayed, there will be no before school childcare.

Parents and guardians always have the right not to send their children to school if they feel travel conditions are unsafe. The student will be marked as lawfully absent.

Announcements will only be made when schools will be closed, have delayed openings, or early closings. No telephone calls or media announcements will be made when schools are operating on a normal schedule. To keep school telephone lines open for emergency calls, parents and guardians are urged not to call the school concerning delays or closings. This information will be reported as soon as possible using the communication vehicles listed above.

The school system website, www.hcps.org, is always kept up to date with school system and individual school delays, closures, and early dismissals.

NOTE: This calendar contains the potential for 186 student days — six more than the state minimum requirement of 180 days. If schools are closed six days or more due to emergency conditions, weather related or otherwise, it may be necessary to alter the school calendar. The calendar may be reduced if inclement weather makeup days are not needed to meet the state-mandated minimum required days.
must receive prescribed or over-the-counter medication during the school day, either on a regular schedule or in the event of an emergency. When this circumstance occurs, the following guidelines apply.

All medication must be accompanied by a written authorized health care provider’s order. These instructions must contain the student’s name; name of the medication; the route of administration; the exact dosage; time; and circumstances of administration; length of time the medication is to be continued; reason for administration; possible side effects; health care provider’s name; time and frequency of administration; and date of order. Parents/Guardians must also provide written authorization to administer medication to their child. For your convenience, a form is available from the Harford County Public Schools website (www.hcps.org). No medication may be administered to a student without the required health care provider’s order and parent/guardian permission. Faxed medication orders are acceptable. In some circumstances, orders written on health care provider’s letterhead or prescription pad are acceptable.

• The parent/guardian should give the first dose of any new prescription or over-the-counter medication at home (except for emergency medication, e.g., auto-injectable epinephrine).

• Medication must be in its original prescription bottle, properly labeled by the pharmacy. Pharmacies can provide a second labeled bottle to accommodate multiple medications that are given at school. Siblings may not share medication. Only FDA approved or state mandated medications will be administered in schools.

• Discretionary medications are available for occasional use only to students who have a signed permission slip on file in the health suite. Medications may be administered under the guidelines of the physician from the Harford County Health Department and at the discretion of the school nurse. Students are permitted to carry cough drops in the urgent care cart, but this requires written parent/guardian permission. No health care provider’s order is required. Students are permitted to apply FDA approved sunscreen lotion with written parent/guardian permission. Students must provide their own sunscreen in the original container (no sprays are permitted) clearly marked with the student’s name. Students are not permitted to share sunscreen with other students.

• Discretionary medications that are required on a more than occasional basis must be accompanied by an order from an authorized health care provider and supplied and transported to the health suite by the parent/guardian.

• Parents/Guardians or their designee must bring the medication to the school personally, and students are not permitted to carry medication on school buses or onto school grounds except as stipulated above in the Asthma Inhaler and Other Emergency Medications section. Bus drivers may not carry medications for students under any circumstances, with the exception of auto-injectable epinephrine (no medications may be stored on school buses).

• No medication will be stored over the summer. A parent/guardian must pick up all medication by the end of the school day on the last day of school. Any remaining medication not picked up by a parent/guardian will be destroyed. No medication will be sent home with a student.

• A new authorized health care provider’s order and parent/guardian permission form is required for medications at the beginning of each new school year, and for any changes during the school year.

The following measures are taken to ensure the safety of the student taking medications:

• All medications are kept in a locked cabinet in the health suite at all times.

• Medication must be taken in the presence of the school nurse, principal or designee.

• Records are maintained documenting the medication taken, date, time and the person who administered it.

• Immunization requirements can be found on page 10.

Epinephrine Availability — In accordance with Maryland law, each school is stocked with epinephrine that will be administered to students during unanticipated anaphylactic emergencies. If there is a medical concern that requires your child to have or carry any emergency medication, such as an inhaler or auto-injectable epinephrine, the parent/guardian must supply the medication and an order from your student’s health care provider.

Administration of Medical Cannabis to Students — In 2020, the Maryland General Assembly codified the Annotated Code of Maryland, Education Article, §7-446. Guidance for public schools allowing the administration of medical cannabis to students. This law required that by December 31, 2020, the MSDE and the Maryland Medical Cannabis Commission (MMCC) jointly develop guidelines for public schools allowing the administration of medical cannabis during school hours and school-sponsored activities and while on a school bus to students who are qualifying patients. A student who is a qualifying medical cannabis patient may obtain medical cannabis only through the student’s caregiver or any designated school personnel authorized to administer medical cannabis to the student in accordance with these guidelines. Designated school personnel authorized to administer medical cannabis to a student are not required to register with the MMCC. They may administer to a student only medical cannabis that is obtained through the student’s caregiver and in accordance with dosing, timing, and delivery route instructions as provided by the certifying provider’s written instructions. A school nurse may not be required to administer medical cannabis to a student who is a qualifying patient. Beginning June 1, 2020, a caregiver may administer medical cannabis to a student who is a qualifying patient of the caregiver on school property, during school-sponsored activities, and while on a school bus. (See MSDE Guidelines for Public Schools Allowing the Administration of Medical Cannabis to Students, marylandpublicschools.org, citing Md. Ann. Code, Health-Gen. Art. § 13-3301, Appendix B).

Naloxone — Naloxone is available in all elementary, middle, and high school health suites for suspected opioid overdose. All school nurses follow the practice guidelines approved by the Harford County Health Department.

MIDDLE SCHOOL: All nine middle schools offer comprehensive programs of study designed to meet state grade level and graduation requirements. Harford County middle schools offer a wide and varied range of extracurricular and club related activities. These can include experiences in music, drama, fine arts, publications, intramural sports, and areas of student interest. For more information on a specific school, visit www.hcps.org.

RESOLVING SCHOOL CONCERNS:

Academic — Academic questions or concerns should first be discussed with the student’s classroom teacher at a face-to-face conference or over the phone. If the issue cannot be resolved at this level, you should contact the following personnel, in the order listed, until a resolution is achieved:

• Assistant Principal
• Principal
• Executive Director of Elementary School Instruction and Performance, Director of Elementary School Instruction and Performance, Executive Director of Secondary School Instruction

Athletic/Extracurricular — High school athletic and extracurricular questions or concerns should be addressed with the school’s athletic director, coach, or parent/guardian. For more information on a specific school, visit www.hcps.org.

Disciplinary or Other School-Based Concerns — Disciplinary or other school-based questions or concerns should be discussed with the school assistant principal, principal or the school’s athletic director, coach, or parent/guardian. For more information on a specific school, visit www.hcps.org.

STUDENT SUPPORT SERVICES: There are a variety of services available to provide assistance for children with specific needs. At the school level, the teacher, school counselor, school nurse and school assistant principal work together to meet the unique needs of each student. All individuals serve as a vital part of the educational process and are important in the support and protection of students. School counselors work with students in the classroom and in individual counseling sessions to help them develop strategies to succeed in school. School nurses are called into the school to help with more complex student needs. Additionally, all of our comprehensive schools have a school based mental health provider as a partner. These providers come into the school building and provide mental health therapy to students during the school day. Parents/Guardians who feel that their student may need special services should contact the student’s school or the Office of Student Support Services at 410-588-5334.

VOLUNTEERING AND VISITATION IN SCHOOLS:

Volunteering* — Hundreds of persons each year assist students in the schools by donating their time to work in classrooms, libraries and health rooms. These individuals make valuable contributions to the educational system by working directly with children or by performing duties that allow others to give students more individual attention.

Volunteers are selected at the school level and assigned specific duties. Before they actually begin work, they participate in meetings that are designed to help them become familiar with the school program and their new roles. Following these general meetings, the teacher and the volunteer meet to discuss classroom standards, routine operations and duties to be performed. Persons interested in donating their services should contact the schools in which they would like to volunteer.

*Due to the COVID-19 pandemic, volunteering may not occur, or may be restricted, for the duration of the 2020-2021 school year. Please contact your school’s principal for more information.

Visitors* — The Board of Education is committed to maintaining a safe and secure environment for all students, staff and other persons. The time, place and manner by which persons visit the public schools and other public school buildings are subject to such control and regulations as
the superintendent and staff deem appropriate in order to protect and secure the safety of all students, staff and others who participate in the school community.

*Due to the COVID-19 pandemic, the Board reserves the right to prohibit visitors from coming into any/all HCPS schools and/or other buildings for the duration of the 2022-2023 school year. Please contact your school’s principal for more information.

Board of Education Policies

ATTENDANCE: Daily attendance is crucial to student achievement and required in order to demonstrate mastery of material and receive credit for courses. Students are expected to attend school and all classes regularly and to be punctual. Upon returning to school from an absence, a student is required to bring a written note from a parent/guardian stating the reason for each absence within three school days of the student's return to school.

General Regulations —

• Each child who resides in this state and is five years old or older and less than 18 years of age, shall attend a public school regularly during the entire school year, except as provided by specific provisions of Maryland law or regulation.

• A student is considered in attendance at school when participating in school-sponsored activities during the school day, and when that participation is approved by the local superintendent of schools, the school principal, or their designees.

Recording Attendance —

• Present – Student in attendance for more than half of the time they are scheduled to be in attendance on a given day.

• Partial day – Student in attendance for 10-50% of the time they are scheduled to be in attendance on a given day.

• Tardy – Student not present to school on time and present for more than 50% of their school day.

• Early dismissal – Student leaves prior to the end of the school day and in attendance for more than 50% of their school day.

Recording Absences —

• Lawful Absences
  • Death in the immediate family.
  • Illness of the student – The principal may require a physician’s certificate from the parent/guardian of a student reported continuously absent for illness. Continuously absent means either a number of consecutive absences or total absences in excess of the standard for regular attendance for which, in the principal’s judgment, medical documentation is required.
  • Court summons.
  • Hazardous weather conditions – Hazardous weather conditions that would endanger the health or safety of the student when in transit to and from school.
  • Work approved or sponsored by the school, the local school system, or the State Department of Education, accepted by the local superintendent of schools, the school principal, or his/her designee, as reason for excusing the students.
  • Observance of a religious holiday – The absence of a student to participate in the observance of a major religious holiday shall not prevent him/her from achieving a “Perfect Attendance” certificate or other appropriate recognition for attendance. Major tests, field trips, the taking of student pictures and similar activities should not, insofar as possible, be scheduled during religious holidays.
  • Pregnancy and parenting.
  • State of emergency.
  • Suspension.
  • Lack of authorized transportation – This shall not include students denied authorized transportation for disciplinary reasons.
  • Other emergency or set of circumstances which, in the judgment of the superintendent or designee, constitutes a good and sufficient cause for absence from school.
  • Reasonable participation by a middle or high school student in a general or primary election campaign, for which sufficient documentation has been provided.
  • Family vacation or family trip – A family vacation or a family trip during the school year is strongly discouraged as the loss of class time may have a negative impact on the student’s academic progress and record. It is also recognized that, on some occasions, working parents/guardians have little control over the time of the year when vacations or trips may be taken. Family vacation absences are considered lawful only if they have prior written approval of the principal and do not exceed five days per school year. Written requests must be made at least ten school days in advance of the requested vacation absence and after approval, parents/guardians and students are responsible for requesting assignments. If a family vacation or trip is not approved by the school principal, the parent/guardian may contact the appropriate executive director to discuss the matter. Requests that exceed five days per year may be approved by the superintendent’s designee and may result in the withdrawal of the student for the time in which the child is not in attendance, if the absences exceed 9 consecutive unexcused days.

• Unlawful Absence – An absence, including an absence for any portion of the day, for any reason other than those cited as lawful is presumed to be unlawful and may constitute truancy.

• Truant Student – A student who is absent for a school day, or a portion thereof, without lawful cause.

• Chronically Absent - A year-to-date absent rate of 10 percent or more, including both lawful and unlawful absences.

• Repeated unlawful absences will require a school conference between the appropriate school personnel and parent/guardian and may result in a referral to the pupil personnel worker.

Standard for Regular Attendance and Actions or Consequences for Not Meeting the Standard — The standard for regular attendance is the minimal requirement for student attendance in order to permit continuity in the instructional program. The standard includes both lawful and unlawful absences within a marking period, semester or school year. Students will be defined as chronically absent if they are enrolled at least 10 days in a school and absent at least 10 percent of the time, regardless of the reason.

The actions taken when the standard is not met should reflect a continuum of consequences for increasing absenteeism. School officials may waive these actions when they are aware of circumstances beyond the student’s control, such as documented chronic illnesses, etc. In addition, students who receive services under an Individualized Education Plan (IEP) or 504 Plan may not necessarily be subject to the consequences for failing to meet the attendance standard.

• All Schools - Beginning with the fourth absence, early dismissal and/or tardiness, the parent/guardian will be notified in writing.

Continuing absence and/or tardiness of the student will result in the initiation of one or more of the following actions:

• Conference with the parent/guardian, student and the principal or designee.

• Probationary time period - verbal agreement.

• Written contract.

• After-school detention.

• Saturday school (non-teaching day attendance).

• Removal of school privileges.

• Restriction of extracurricular activities.

• In-school suspension (due process procedures followed).

• Referal to the Office of Student Support Services and/or the pupil personnel worker for appropriate intervention.

• Referal to the Office of Student Support Services for possible outside referral to court for violation of the compulsory attendance law or to Juvenile Services for intake services.

• High Schools – Following the second day of unlawful absence in a semester course, the parent/guardian will be notified in writing of the imminent danger of loss of the one-half credit for the course. On the fifth day of unlawful absence, the student may lose credit for the semester course. Parents/Guardians will be notified in writing of the loss of credit and made aware of the appeal process.

Following the ninth day of unlawful absence in a full-year course, the parent/guardian will be notified in writing of the imminent danger of loss of the full one-credit for the course. On the 18th day of unlawful absence, the student may lose credit for the full-year course. Parents/Guardians will be notified in writing of the loss of credit and made aware of the appeal process.

• Elementary and Middle Schools – Students who have been absent 20 days by the end of the third quarter must be reviewed for possible retention during promotion/non-promotion conferences.

Make-up Work Procedures — Make up work should be provided to students after an absence, unless it was determined the student was truant or unlawfully absent. The make-up work policy for absences shall be:

• It is the responsibility of the student/parent/guardian to request missed assignments within the requested timeframe.

• Students shall be given the number of days equal to the number of days absent to turn in completed make-up work. Assignments may be provided, when possible, in advance of a lawful absence if requested by a parent/guardian at least five days in advance of the absence and approved by the principal or designee. Submission of the make-up work provided in advance is required upon the return of the student to school unless extenuating circumstances have been documented.

• The teacher shall provide the required make-up work in accordance with the method chosen by the teacher and shall collect and correct the make-up work. A reasonable timeline for the completion of the work will be established by the teacher. It is recommended that this exchange of completed and newly assigned work be done on a weekly basis.

• The student will be accountable to complete all assigned make-up work.

• All make-up work will be graded in accordance with the regular classroom grading policy as long as it is completed within the established timeline.

• The make-up work requirements for students who have been suspended or expelled shall comply with COMAR 13A.08.01.11 as follows:
  • Students who are suspended or expelled, and who are not

FACILITY INFORMATION:
Use of School Facilities — The Board of Education of Harford County encourages the use of HCPS facilities by the school community in accordance with Section 7-108 of the Education Article of the Maryland Annotated Code and the HCPS Use of Public School Facilities (UOF) Procedure. Please utilize the UOF application at www.hcps.org or call the Use of Facilities Specialist at 410-894-9068 if you have any questions.

Integrated Pest Management and Notification of Pesticide Use in a Public School Building and on School Grounds — Integrated Pest Management (IPM) is a system of controlling pests that does not depend on automatic application of pesticides. As implemented by Harford County Public Schools, pests are monitored by routine inspections. The program utilizes a system of inspection, documentation, communication with building occupants, and evaluation of any required actions. An effective pest control program is currently in place.

The IPM program places a priority on non-chemical pest management techniques. However, there will be occasions when pesticide application is necessary. Application will be done in a manner sufficient to minimize potential exposure to occupants and the building environment.

In compliance with regulations as set forth by Maryland Department of Agriculture, notification will be made to the parent(s)/guardian(s) of all elementary students and secondary students and staff on the school’s notification list. If you are the parent/guardian of a student attending a school for one of the years for which you were notified of all pesticide applications, contact school administration to request a copy of the notice.

In addition, notification of pesticide applications will be provided to parents/guardians and staff members through the use of the Internet, phone, or email. For those parents/guardians or staff members who do not have access to the Internet, phone, or email, or who wish to receive the notification via non-electronic formats, the school district will provide paper copies of the pesticide list and notices of pesticide application.

Information about pesticides or bait stations that may be used in school buildings or on school grounds when non-chemical techniques are exhausted or inappropriate can be obtained through the Facilities Management Department, 2209 Conowingo Road, Bel Air, MD 21015. The Executive Director of Facilities Management serves as coordinator and maintains product labels and safety data sheets for each product.

Currently, these pesticides and bait stations include (by common name) Piperonyl Butoxide, Amorphous Silica Gel, Borate, Borax, Bromadiolone, Bromophos, Carbaryl, Carbon, Chlorfenapyr, Cyfluthrin, Cypermethrin, D-Trans Allethrin, Deltamethrin, Dihydrochloride, Dimethyline salt of 2,4 and 5Nitrofen, Glyphosate, Hydramethylnon, Hydroperine, Imidacloprid, Methoprene, s-metochlor, Napthalene, Orthoboric Acid, Oxadizion, Permethrin, Potassium Salt of Fatty Acid, Pyrethrins, Resmethrin, Sodium Nitrate, Pramintol 25E and Sulfur.

The public can review this information by contacting the program coordinator at 410-683-4088. Copies can be obtained for the cost of reproduction. A more detailed description of IPM techniques employed by HCPS may be found in the IPM manual located at each school site.

For further information regarding Harford County Public Schools IPM program, contact the Executive Director of Facilities Management at 410-683-4088.

Notification of AHERA Inspection & Management Plan Compliance — This notification is to inform interested parties such as teachers, school personnel and parents/guardians about the Asbestos Hazard Emergency Response Act (AHERA) requirements and the actions taken by Harford County Public Schools to comply with AHERA regulations. On October 30, 1987, the AHERA regulations were published in the Federal Register, pages 41826 to 41888, titled “Asbestos Containing Materials in Schools.” These regulations require a building inspection to locate asbestos containing material (ACM) within each school building and a management plan for each building. Building inspections have been conducted by an Environmental Protection Agency accredited Building Inspection Management plan. Management plans have been written by an Environmental Protection Agency accredited management planner for each school, cataloging ACM found by the building inspection.

Building inspections and management plans have been completed for all Harford County Public Schools. These documents have been submitted to the State of Maryland in compliance with AHERA’s May 9, 1989, deadline. The individual building reports include schedules...
for periodic surveillance of ACM, re-inspection to be conducted by an accredited Environmental Protection Agency building inspector, and action plans planned, as well as those already completed. The first re-inspection of HCPS buildings were completed in 1992; and subsequent re-inspections were performed in 1995, 1998, 2001, 2004, 2007, 2010, 2013, 2016, 2019 and 2022.

Management plans are available for public review at school administrative offices. To minimize confusion, and in order for a representative of the school system to be available, all who wish to review the reports are requested to make an appointment with school administrators. Public viewing is at no cost to the individual. Copies of the various reports are available for a fee based upon the copying costs of the individual report requested.

Many Harford County public schools do have ACM, and all schools that do have ACM have identified and catalogued it in their management plans. Those materials are monitored by school and facilities staff, and re-inspected every three years by certified inspectors. In the event that deterioration is noted, our maintenance action in the area of the materials requires that the ACM be removed. It is removed only by certified contractors, with monitoring by a separate industrial hygiene contractor. No one other than certified contractors, nor school staff, nor teachers, nor students, nor parents/guardians should EVER take it upon themselves to remove known or suspected asbestos containing materials for any reason.

Notification of Sampling for Lead in Drinking Water — Medical research shows lead to be a toxic metal which can be harmful to human health even at low exposure levels. As evident by research, young children, infants and fetuses are particularly vulnerable to lead exposure at lower exposure limits than adults. The effects are observed in physiologic and behavioral symptoms.

The degree of harm from lead depends upon the total exposure to lead from all sources, and is cumulative over your lifespan. Children, as well as adults, continue to be exposed to lead from a number of sources, including drinking water lead paint, soil, food, and water. For more information on these sources, please contact the Harford County Health Department at 410-838-1500, or the Maryland Department of the Environment at 410-537-3000.

In October 1988, Congress passed the Lead Contamination Control Act in order to prevent lead contamination of drinking water in schools and daycare centers. The Act required the Environmental Protection Agency (EPA) to publish a list of water coolers that were known to contain lead. It also required schools and daycare centers to take actions to reduce lead from other sources of drinking water to no more than 15 parts per billion.

The Lead and Copper Rule required small water systems to complete initial testing for lead in drinking water within 180 days of being certified. A sample size of 15 to 30 must be taken from each type of water source. Testing requirements are based on the results of the initial testing. If the action levels are exceeded, in most cases, the water system will be required to implement a corrective action plan. These plans must be designed to reduce lead levels in water to acceptable levels. The corrective action plans are specific to the water system and are designed to meet the requirements of the EPA. The plans must be submitted to the EPA for review and approval.

Re-inspection to be conducted by an independent industrial hygiene contractor. If the re-inspection demonstrates that the corrective action plan has been effective, the water system will be re-inspected every three years. If the re-inspection demonstrates that the corrective action plan has not been effective, the water system will be re-inspected every year. A water system that fails to meet the requirements of the EPA will be required to take corrective actions that will bring the water system into compliance with the Lead and Copper Rule.

The following definitions apply to the Pregnant and Parenting Students Policy (024/05-4000):

- Pregnant student — A student who is the mother, father, or legal guardian of a child.
- Parenting student — An event under the control and supervision of HCPS which is a component of instruction, and which is not a regularly scheduled component of the student’s school day.

Pregnant or parenting student absences due to pregnancy or pregnancy-related conditions shall be excused. Examples are labor, delivery, recovery, and prenatal and postnatal medical appointments. In addition:

- At least ten (10) days of excused absences shall be provided for a parenting student after the birth of the student’s child.
- Parental leave occurs due to an illness or medical appointment of the student’s child, including up to four days of absences per school year for which the school may not require a note from a physician, shall be excused.
- Any absence due to a legal appointment involving the pregnant or parenting student that is related to family law proceedings, including adoption, custody, and visitation, shall be excused.
- In addition to home and hospital services, a school may allow the pregnant or parenting student to make up the work that the student missed in a time period that equals at least as many days that the student was absent and allow the student to choose one of the following alternatives to make up work that was missed: retake a semester; participate in an online course recovery program; or allow the student six weeks to continue at the same pace and finish at a later date.
- Additional make-up work alternatives may be considered at the sole discretion of the school.

Each high school must provide a private lactation space at the school that is not a bathroom or closet and that has at least one seating option with a flat surface and an electrical outlet nearby to accommodate placement of a breast pump device. A school is not required to construct an addition or new facility but must ensure that the student has close proximity to the private lactation space. A parenting student must be excused from class to use the lactation space to nurse or express milk.

At least one staff member will be designated to connect pregnant students and parenting students with resources for safe, affordable, and reliable childcare; early education services; and transportation to and from school.

Notice for Disclosure of Directory Information — FERPA requires that Harford County Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Harford County Public Schools may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow Harford County Public Schools to include this type of information from your child’s records in certain school publications.

In addition, two federal laws require local educational agencies receiving assistance under the Elementary and Secondary Education Act of 1965 to provide military recruiters, upon request, with the following information — names, addresses and telephone listings — unless parents/guardians have advised the local school system that they do not want their student’s information disclosed without their prior written consent.

If you do not want Harford County Public Schools to disclose directory information from your child’s education records without your prior written consent, you must notify the student’s principal in writing within 10 school days of the first day of school.

Harford County Public Schools has designated the following information as directory information:

Except with respect to questions regarding child abuse or neglect, whenever investigative questioning of students is permitted during the premises, the school official shall promptly advise the parent/guardian and the local superintendent’s office of the nature of the investigation and such other details as may be required. School officials are not required to notify parents/guardians of investigations on school premises involving suspected child neglect and suspected child abuse.

In the absence of an arrest, school officials may not authorize the removal of a student from school for the purpose of investigative questioning without the consent of the parent/guardian, except as provided below:

- A student may be removed from school premises if that student is a suspected victim of child abuse or neglect and the local department of social services has guardianship of the child or a court order to remove the child. The superintendent or the superintendent’s designee shall ensure that prompt notification of a student’s removal from school under this section is made to the student’s parent/guardian.

SPECIAL EDUCATION: Special Education in Harford County
Public Schools is a collaborative effort involving schools, families and community agencies working together to provide a free appropriate public education (FAPE) to all children with disabilities, birth through age 21. Special education is defined as specially designed instruction, provided at no cost to parents/guardians, in order to meet the unique needs of a child with an educational or developmental disability. Services are provided in the least restrictive environment (LRE) to the maximum extent appropriate.

Children who are determined eligible for special education are evaluated in accordance with the Individuals with Disabilities Education Act (IDEA) and the Code of Maryland Regulations (COMAR) as meeting criteria for an educational disability and may be in need of special education. This means that, through the Individualized Education Program (IEP) team decision-making process, it is determined that autism, deaf-blindness, deafness, multiple disabilities, developmental delay, emotional disability, hearing impairment, intellectual disability, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury and/or visual impairment is adversely affecting a student’s educational performance resulting in the need for specialized instruction through the provision of special education and related services.

Least Restrictive Environment — The Harford County Public Schools Department of Special Education believes that individuals with disabilities achieve in a comprehensive and coordinated birth-to-21 system of services emphasizing ambitious and challenging expectations for all students. Harford County Public Schools seeks to improve the performance of children with disabilities and assist in narrowing achievement gaps by ensuring equal access to curriculum and differentiated instruction in the least restrictive environment. The service delivery continuum includes, but is not limited to, consultative supports; inclusion utilizing a co-teaching model; instructional or related services provided outside of the general education setting; self-contained learning environments; regional programs and/or placement in a separate day school. Programming options include:

- **Infants and Toddlers:** Family-centered services provided to children with disabilities and their families, birth through age 3 (age 4, if on extended Individual Family Services Plan), in home, community or center-based settings.

- **Post-Secondary Services:** Services provided to youth with disabilities ages 18 to 21 in comprehensive high schools, community settings and/or a separate day schools.

Child Find — Child Find is an ongoing process used by Harford County Public Schools to identify children with disabilities, birth through age 21, who are suspected of having an educational disability and may be in need of special education and related services. The HCPS Child Find process ensures that, at no cost to the parent/guardian, all children with a suspected disability or identified disability residing or attending school in Harford County, Maryland, are located, evaluated, and if determined eligible, identified as a student with an educational disability. The Harford County Public Schools’ Child Find process includes referral, prescreening to determine the need for assessment, an initial evaluation or reevaluation to determine eligibility and the development of an IEP or Service Plan if appropriate. This process begins with a referral to the HCPS Child Find Center initiated by the parent/guardian or by an individual familiar with the child’s development. Parents/Guardians of children enrolled in private school or who are homeschooled should contact the Child Find Center if they suspect their child may have a disability. Parents/Guardians of children enrolled in Harford County Public Schools should contact their local school if they suspect their child may have a disability requiring special education services. For more information related to Child Find, contact the HCPS Child Find Center at 410-638-4386/87. Infants & Toddlers — The Harford County Infants and Toddlers Program, serving children with developmental delays or disabilities, birth through age 3 to 4, is designed to meet the needs of high-risk infants and toddlers through multidisciplinary early intervention services. Through family centered services, parents and caregivers are provided guidance and coaching to help their child be successful at home and in the community.

Parents, or other individuals who are concerned about a child’s development, may make a referral to the Harford County Infants and Toddlers Program at 410-638-3823 or through the Maryland Infants and Toddlers online referral link at http://referral.mdinfq.org/. Upon referral, developmental evaluations are completed to determine initial special education eligibility for multidisciplinary early intervention services. Health and developmental needs may be identified in the areas of hearing, speech, language, physical development, cognitive development, social-emotional development, and/or self-help skills.

Children, birth through age 3 to 4*, are eligible to receive Individualized Family Service Plan (IFSP) services, if a developmental delay or diagnosed condition that has a high probability of resulting in developmental delay is identified during the IFSP Team Process. The IFSP provides the “what, when, where, why, and how” of early intervention services to be provided to the child with a disability and his/her family. In collaboration with families, the IFSP is implemented and monitored by service providers of the Harford County Infants and Toddlers Program.

*Children ages 3-4 are provided services through Harford County Infants and Toddlers Program upon meeting the requirements of the Maryland Extended Individual Family Service Plan options.

Medicaid — The Office of Third Party Billing, Business Services Office, works in conjunction with the Department of Special Education to complete the Medicaid billing and reporting. **Offenses** — The school principal has the right and authority to discipline students including suspension up to 10 days for offenses including but not limited to use/possession of alcohol, inhalants (including, but not limited to, a vaping device, hookah pipe or e-cigarettes), drugs, tobacco; other gun use/possession; other weapons; threat to an adult; attack on a student; threat to a student; fighting; extortion; sexual attack; sexual harassment; sexual activity; arson fire; false alarms; bomb threats; explosives; disrespect; harassment/bullying; disruption; academic dishonesty; inappropriate use of electronics; theft; trespassing; destruction of property; acts that jeopardize the safety or security of students, employees or others.

The school principal has the right and authority to suspend students for 10 days and refer the students to the Superintendent for further disciplinary action for (1) chronic and extreme disruption to the learning environment and or (2) imminent threat of harm to others. Imminent threat will be evaluated on a case-by-case basis to include (1) the degree of harm and the risk of continued harm to the student or others; and (2) the risk of continuing harm after the student returns to school. Aggravated offenses are more serious violations with higher risk of harm and include, but are not limited to: possession/use/transfer of drugs, alcohol, inhalants or vape devices, or other controlled dangerous substances; arson; explosives; threat/attack on adult; threat/attack on student; threats of mass violence; fighting; firearms; other types of guns; weapons; serious bodily injury.

**Suspension and Expulsion** — Under Maryland law, school principals have the authority to suspend students for improper conduct for periods of 10 school days or less. Suspensions of longer than 10 school days are
within the authority of the superintendent of schools or his/her designee. Md. Code Ann., Ed., Art. 7-305 and COMAR 13A.08.01.11 set forth the procedure to follow in the event of a short-term suspension, long-term suspension, extended suspension or expulsion.

Students in prekindergarten through, and inclusive of, second grade, may be suspended out-of-school, for up to five (5) days per incident, only when the following conditions are met:

- The student has violated the discipline code of HCPS or the school; and
- The principal of the school, in consultation with the school psychologist or other mental-health care provider, determine there is an imminent risk of serious harm to other students or staff that cannot be reduced or eliminated through interventions and support if the student remains in school.

The superintendent may deny attendance to any student who is currently suspended or expelled from another school system for a length of time equal to that suspension or expulsion. Also, information relating to the discipline of a student, including information on an expulsion of a student, will be forwarded to another school system upon request.

Under Maryland Annotated Code 4-205 the Superintendent has the authority to place students transferring from juvenile or adult detention in a manner that allows for the safe and orderly operation of the school system. An individual analysis of facts will be considered when determining placement. Students with low risk of danger or disruption at school may be considered for immediate enrollment into the school of residence. Students with more risk of danger or disruption may be provided a step-down transition that includes, but is not limited to the Swan Creek eLearning School and/or the Swan Creek In-Person School.

The transition from each school is not solely a function of time served, but will be based on the student’s performance factoring student and staff safety. In addition, Code 4-205 authorizes the Superintendent to transfer a student to another placement to maintain safe and orderly learning environment. This application will be considered when the ISP Team determines the IEP may be implemented in the placement school.

The principal may suspend the student for up to 10 school days. If the nature and severity of the off-school property behavior warrants it, the principal may refer the student to the office of the superintendent. With the recommendation for further disciplinary action, the superintendent concurs with the findings of the principal, a long-term suspension/expulsion may be imposed.

Behavior which has taken place off school property and/or beyond the school day for which a student may be subject to school disciplinary procedures includes, but is not limited to: committing or attempting to commit murder, rape, assault with a deadly weapon, assault, robbery, theft or larceny, tampering, destruction or disposal of, or sale of on or on the property of Harford County Public Schools, or a school sponsored activity.

**FEDERAL IMPACT AID — STUDENT/PARENT SURVEY TO IDENTIFY FEDERALLY CONNECTED STUDENTS:**

Each year, Harford County Public Schools seeks information from federally connected parents/guardians (in active military, living on federal property, or on federal property) for its application for federal financial assistance through the Federal Impact Aid Program. This information is requested on a form known as the Federal Impact Aid Survey Form.

**What is Impact Aid?** — Impact Aid is a federal formula grant program designed to assist school districts that have either lost property tax revenue due to the presence of tax-exempt federal property in the district or experienced increased expenditures due to the enrollment of federally connected children. The presence of federal installations in Harford County brings additional children to the community for which the public schools must provide educational programs. Since federal properties are exempt from local property taxation, the federal government provides funds which partially pay for the education of these additional students. The amount of funds received is based on the results of the completed and signed survey forms and the attendance of those students identified as “federally connected.”

**Who receives a survey form?** — Not every student receives a federal impact aid survey form. Only students who have a data element in the student information system that indicates that they may be eligible (“federally connected”) are provided a pre-printed survey form with their basic information (name, address, school, grade, etc.) already completed. In addition, school offices have access to a blank survey form to provide to any students who did not receive a pre-printed form and may be federally connected. Data elements in the student information system related to federal impact aid are populated based on questions answered on the parent/guardian permissions survey form, information from previous years’ impact aid surveys, address and knowledge of school office staff.

**What kind of information is needed?** — The survey form, which potentially eligible students bring home in October of each year, includes questions about your place of employment, the name of your employer, your work location and whether you are in the active military.

**Why is this information needed?** — The place of your employment and work location are needed to determine how many persons are needed to ensure proper and effective use of the medication in school.

A student and/or his/her parent/guardian who qualifies to possess and self-administer emergency medication pursuant to this policy shall complete such forms as the superintendent/designee may direct in order to meet the needs of the student and protect the safety of the overall school environment, including contracts for self-administration of medication. The health practitioner statements described above and required under this policy shall be provided to the student for school at least annually and shall be maintained in the student’s file. A school nurse shall assess the student’s ability to demonstrate a skill level necessary to ensure proper and effective use of the medication in school.

A student and/or his/her parent/guardian who qualifies to possess and self-administer emergency medication pursuant to this policy shall complete such forms as the superintendent/designee may direct in order to meet the needs of the student and protect the safety of the overall school environment, including contracts for self-administration of medicine. Except as allowed above, no student shall possess or administer emergency medication or medication. All medications and emergency medications not authorized per policy shall be delivered by parents to the school; stored by the school nurse; and administered by the appropriate school personnel.

**Transference —** Transference is the act of passing a controlled dangerous substance, medicine, alcohol, paraphernalia, or a substance misrepresented to be a controlled dangerous substance to another person. A student who has been found to be either in possession of or to be using a controlled dangerous substance, medicine, alcohol, or any other intoxicant, or to be in possession of paraphernalia or a substance misrepresented to be a controlled dangerous substance or alcohol may be suspended for 10 school days by the principal and referred to the office of the superintendent of schools for further disciplinary action. If the superintendent concurs with the findings of the principal, an extended suspension or expulsion will be imposed after considering the nature and severity of the behavior and other factors related to the student’s school record. In addition, the appropriate police agency will be notified promptly.

Students who are suspended from school are not permitted to ride the school bus. Parent/Guardians of students who are found to have damaged the bus or equipment beyond normal wear and tear will be held financially responsible. Transportation service may be suspended until the invoice for any damage is received. Invoices that remain unpaid may be subject to debt collection service.

**Transportation Rules For Students** — The following transportation rules apply to all students riding buses to and from Harford County Public Schools. In addition, all policies adopted by the Board of Education regarding student behavior on school property will be enforced on Harford County Public Schools’ buses including but not limited to the “Rights and Responsibilities of Students.”

School bus transportation will be withdrawn from a student who is excluded from the classroom as a result of a condition that presents a clear and direct health risk to others. Some examples may include head lice, bloody nose, measles, fever and vomiting, etc.

**Boarding cards may be required for students to access the bus.** Students are required to:

1. Follow directions given by the bus driver. Insubordination or disrespectful behavior will not be tolerated.

14. Use designated bus stop assigned by the Transportation Department.
15. Arrive to the bus stop five at least (5) minutes prior to the scheduled arrival.
16. Be prepared to present any required pass or boarding card.
17. When/if using any personal electronic device, students are required to use earbuds/headphones and must refrain from
making calls, taking video or photographs while on the school bus.

18. Appropriately utilize any additional safety equipment such as seat belts or safety vests.

Transportation Discipline Procedures — Students who are assigned to ride Harford County Public Schools’ buses assume certain responsibilities. Misconduct, carelessness and thoughtlessness are hazardous to the safe operation of the school bus. The bus is an integral part of the school day and the driver, who is an adult in a position of authority, will insist on appropriate behavior. “Transportation Rules for Students” will be reviewed and explained to the students on an annual basis by school personnel. Violation of these rules will be reported to the school administration for appropriate disciplinary action. Parent/Guardians of students who are found to have damaged the bus or equipment beyond normal wear and tear will be held financially responsible. Transportation service may be suspended until the invoice for any damage is received. Invoices that remain unpaid may be subject to debt collection service.

Parent/Guardian Transportation — Parents/Guardians who choose to drop their child off at the school are responsible for the safety of their child until the school is open for students. Parents/Guardians who are not aware of the time that students are allowed to enter the school must contact their respective school directly for the information.

Parent/Guardian Responsibility — Each parent/guardian has a role in the safe and efficient operation of the HCPS student transportation system. Parents/Guardians shall assume their responsibilities with the transportation system and extend cooperation and support to the people charged with its operation. Any interference with the official duties of the school bus driver may result in suspension of service and/or criminal charges.

Parents/Guardians should be aware that the privilege to ride a school bus may be temporarily or permanently revoked if the “Transportation Rules for Students” are violated.

• Parents/Guardians are responsible for the safety of their children from the time they leave home in the morning until the time they board the school bus and, at the end of the school day, from the time the school bus drops the student off at their bus stop. For those students in a non-service area, getting to and from the school safely is a parental responsibility.

• Parents/Guardians should check the bus routes prior to the start of the school year to review the accurate bus information. Bus stop information can be found on the HCPS website. Bus routes and stops are subject to change.

• Parents/Guardians shall never to board the school bus unless authorized by the bus driver to do so and are never to create any disruption to the transportation system. Parents/Guardians who interfere with the official duties of the bus driver may be subject to suspension of bus service and/or criminal charges.

• Parents/Guardians should be aware that students are required to arrive to the bus stop at least five (5) minutes prior to the scheduled arrival time.

• Parents/Guardians should be aware that students are required to utilize the designated bus stop assigned by the Transportation Department. Requests may be made for the use of another bus stop to the principal for emergency situations and approval must be provided to the bus driver in writing.

• Parents/Guardians should be aware that large items or personal belongings that interfere with other students’ seating are not permitted on the school bus.

• Parents/Guardians shall be responsible for any damage or destruction of the school bus. Any destruction to the school bus may result in withdrawal of transportation services until the cost of the damage is settled.

• Only during a mid-day bus run is adult supervision is required for PreK students at the bus stop until the child is picked up, and at the time a child is dropped off.

• Adult supervision may also be required for before and after school programs.

• Parent/Guardians of students who are found to have damaged the bus or equipment beyond normal wear and tear will be held financially responsible. Transportation service may be suspended until the invoice for any damage is received. Invoices that remain unpaid may be subject to debt collection service.

Transportation Department Responsibility —

• Assign bus stops and route buses efficiently within the established guidelines and attendance areas. Routes are subject to change.

• Collaborate with school administration, parents/guardians, students, and community stakeholders to ensure compliance with all transportation rules, procedures and policies.

• Oversee bus driver and attendant certification and training programs in compliance with federal, state and local laws.

Bus Driver and Attendant Responsibility —

• The bus driver and attendant are in full charge of the bus and students on the bus, except in the presence of a teacher or administrator, who shall then oversee the students.

• The bus driver is required to pick up and drop off students at the designated bus stop assigned by the HCPS Transportation Department.

• The bus driver or attendant has the authority to assign seats or make changes to seat assignments at their discretion.

• The bus driver or attendant is required to report infractions of the rules to the proper administration.

School Administration Responsibility —

• When administration is advised of a violation of the “Transportation Rules for Students” and where the administration determines, as a result of their investigation, that a violation of the “Transportation Rules for Students” has occurred, appropriate disciplinary action may be taken. Please refer to the HCPS Transportation Bus Rule Violation Consequence Levels: HCPS Transportation Bus Rule Violation Consequence Levels.pdf

Harford Technical High School — A consolidated stop system for school bus transportation is utilized for all students attending Harford Technical High School:

• Students who live within walking distance (one and one-half miles) of their assigned elementary, middle or high school might be required to meet their bus at the local school.

• Stops for developments are located at the entrance of the development.

• Students are required to be at their bus stop ten (10) minutes prior to the stated pickup time.

• The school needs to have the student’s current address and telephone number. Changes cannot be given to the Transportation Department or bus driver by the parent/guardian or student.

• Students not utilizing morning bus service for a period of ten (10) consecutive school days will be dismissed from the morning bus route to provide the shortest ride time for students who are utilizing bus service.

• Students not utilizing afternoon bus service for a period of ten (10) consecutive school days will be dismissed from the afternoon bus route to provide the shortest ride time for students who are utilizing bus service.

• Parents/Guardians are responsible for contacting the school to restart bus service once a student has been dismissed from the bus route due to lack of use.

• Students are permitted to only ride the bus they are assigned, utilizing their designated bus stop.

• On inclement weather days (even when schools are on time) buses may be delayed.

*Services are designed to provide transportation from home to school and back home (or daycare).

Magnet Program Transportation Guidelines — The following guidelines pertain to Harford County Public Schools magnet programs: the Global Studies Program/International Baccalaureate Diploma Program (IB) at Edgewood High School, the Information Technology Oracle Academy (ITOA) at Havre de Grace High School, the Natural Resources and Agricultural Sciences (NRAS) Magnet Program at North Harford High School, Pathways in Technology Early College High School (PTech) at Joppotawome High School, Swan Creek School, the Science and Mathematics Academy (SMA) at Aberdeen High School, and the Teacher Academy of Maryland (TAM) at Edgewood High School and Harford Technical High School.
