

Elementary

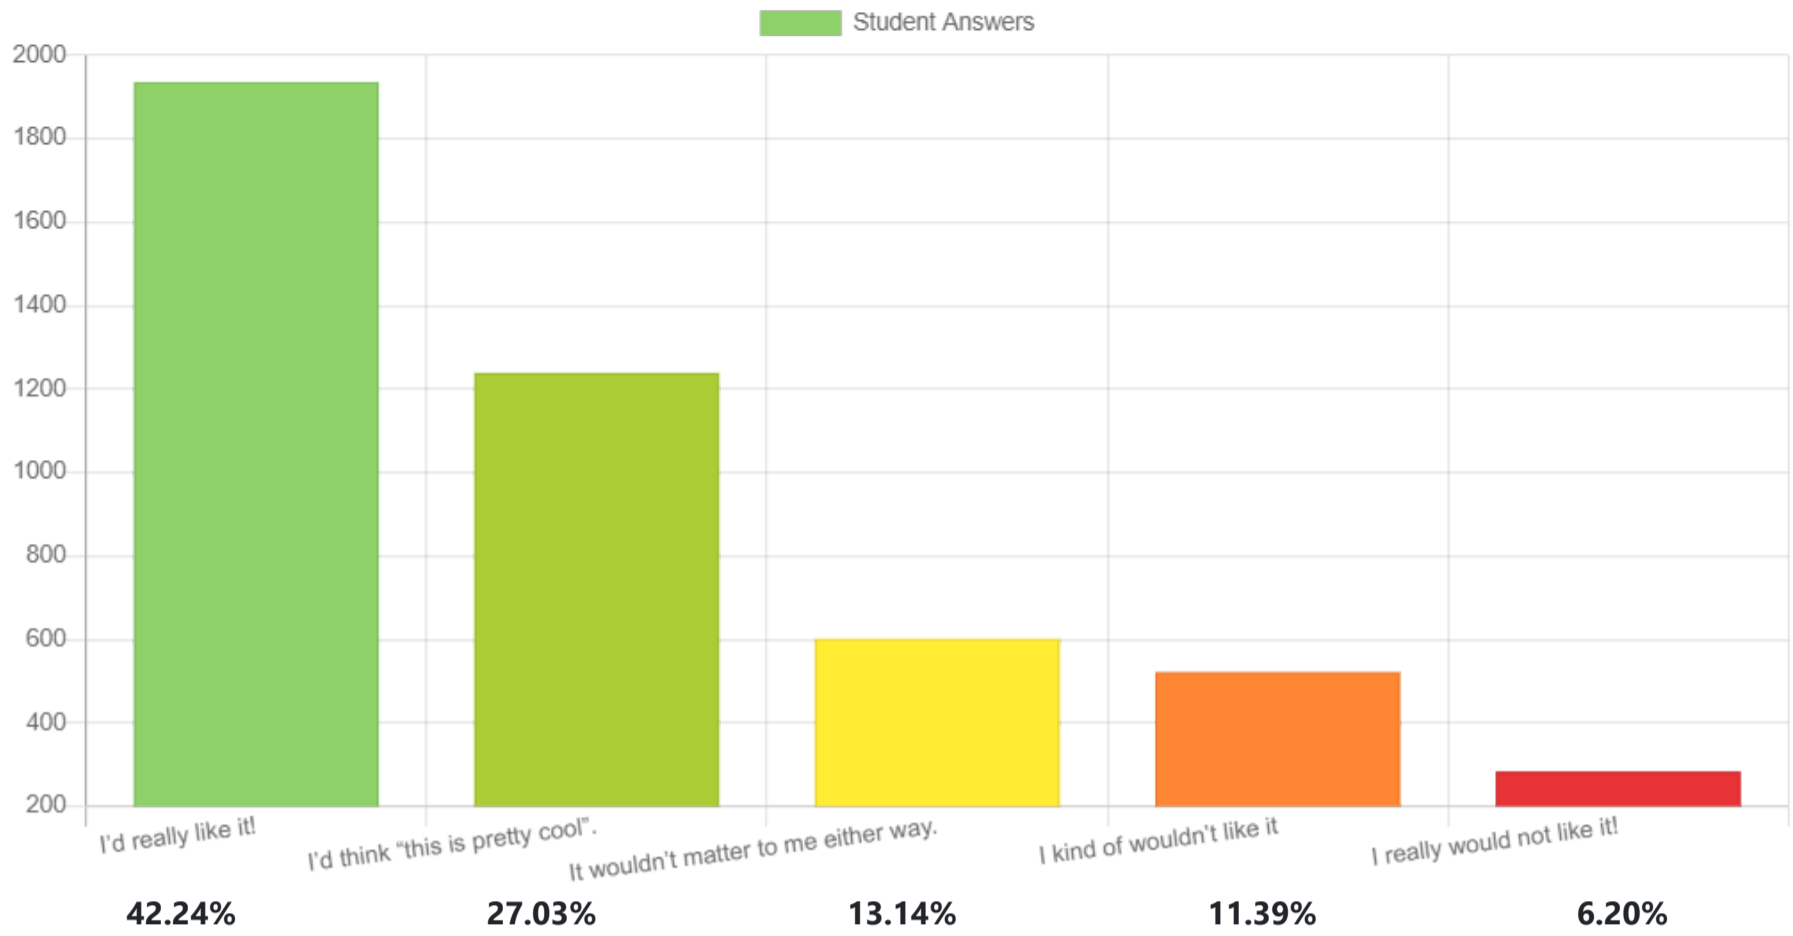

1. If my teacher said, Today, you will be doing a virtual activity, in a small group, with your classmates, I would feel

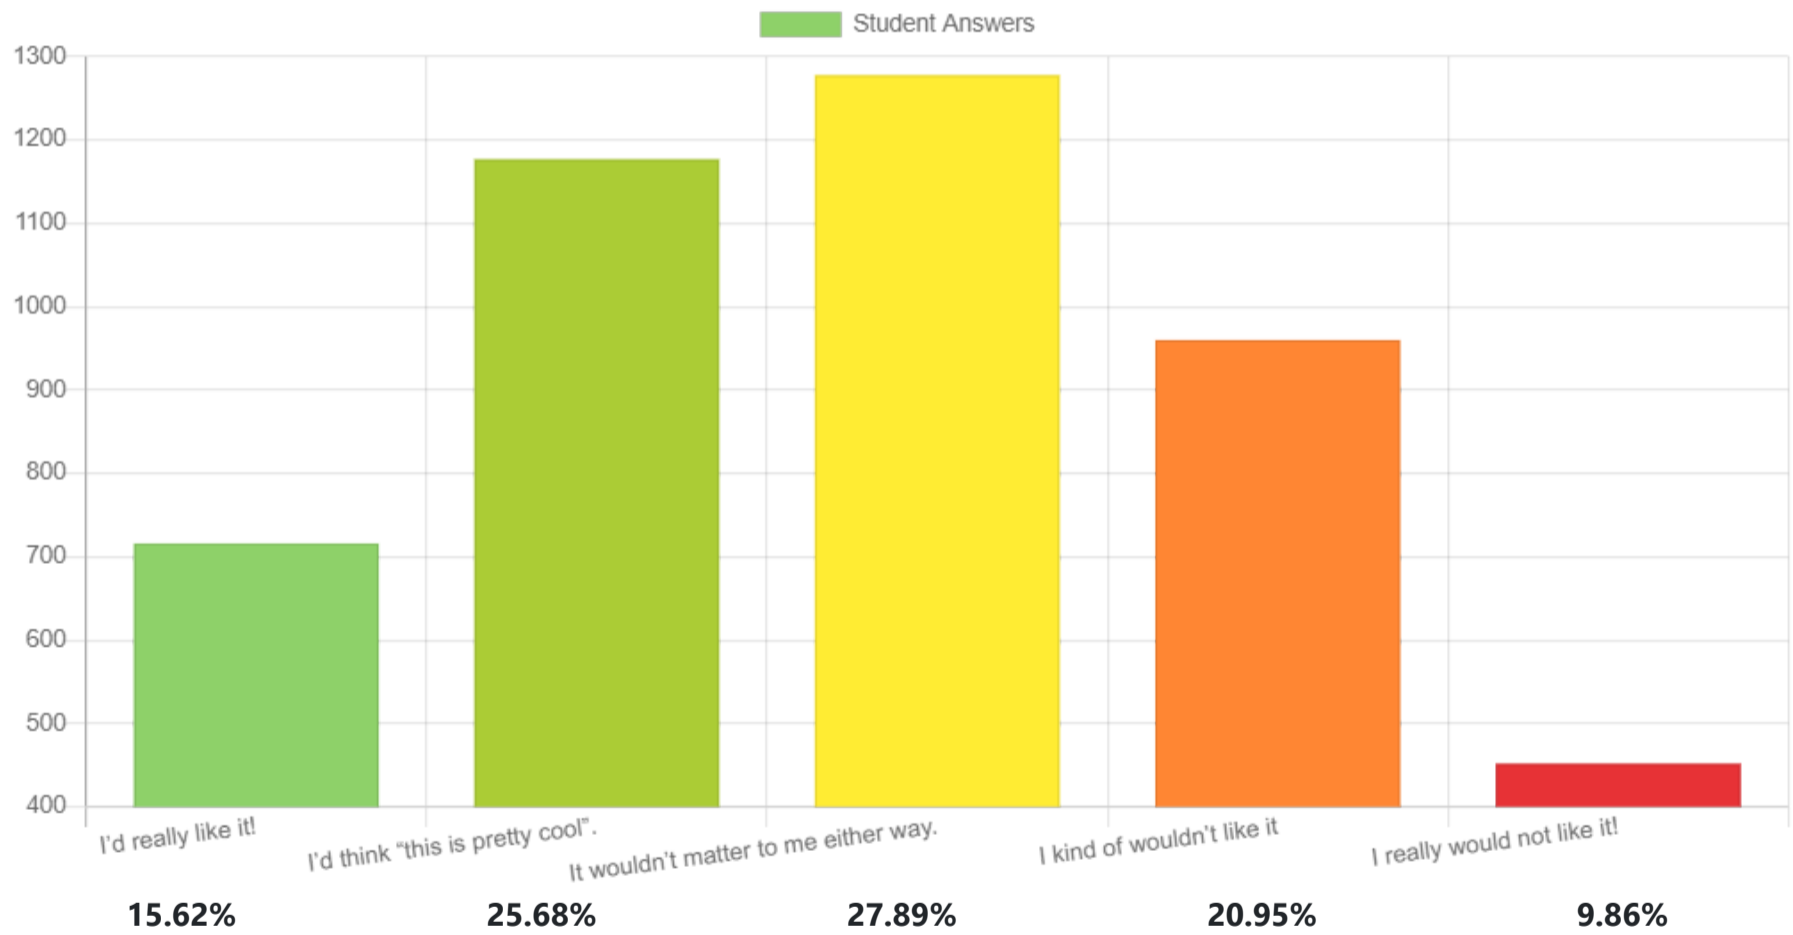

2. This is how I would feel if my teacher said, Today, you're going to be playing virtual learning games. You'll be playing these by yourself independently.

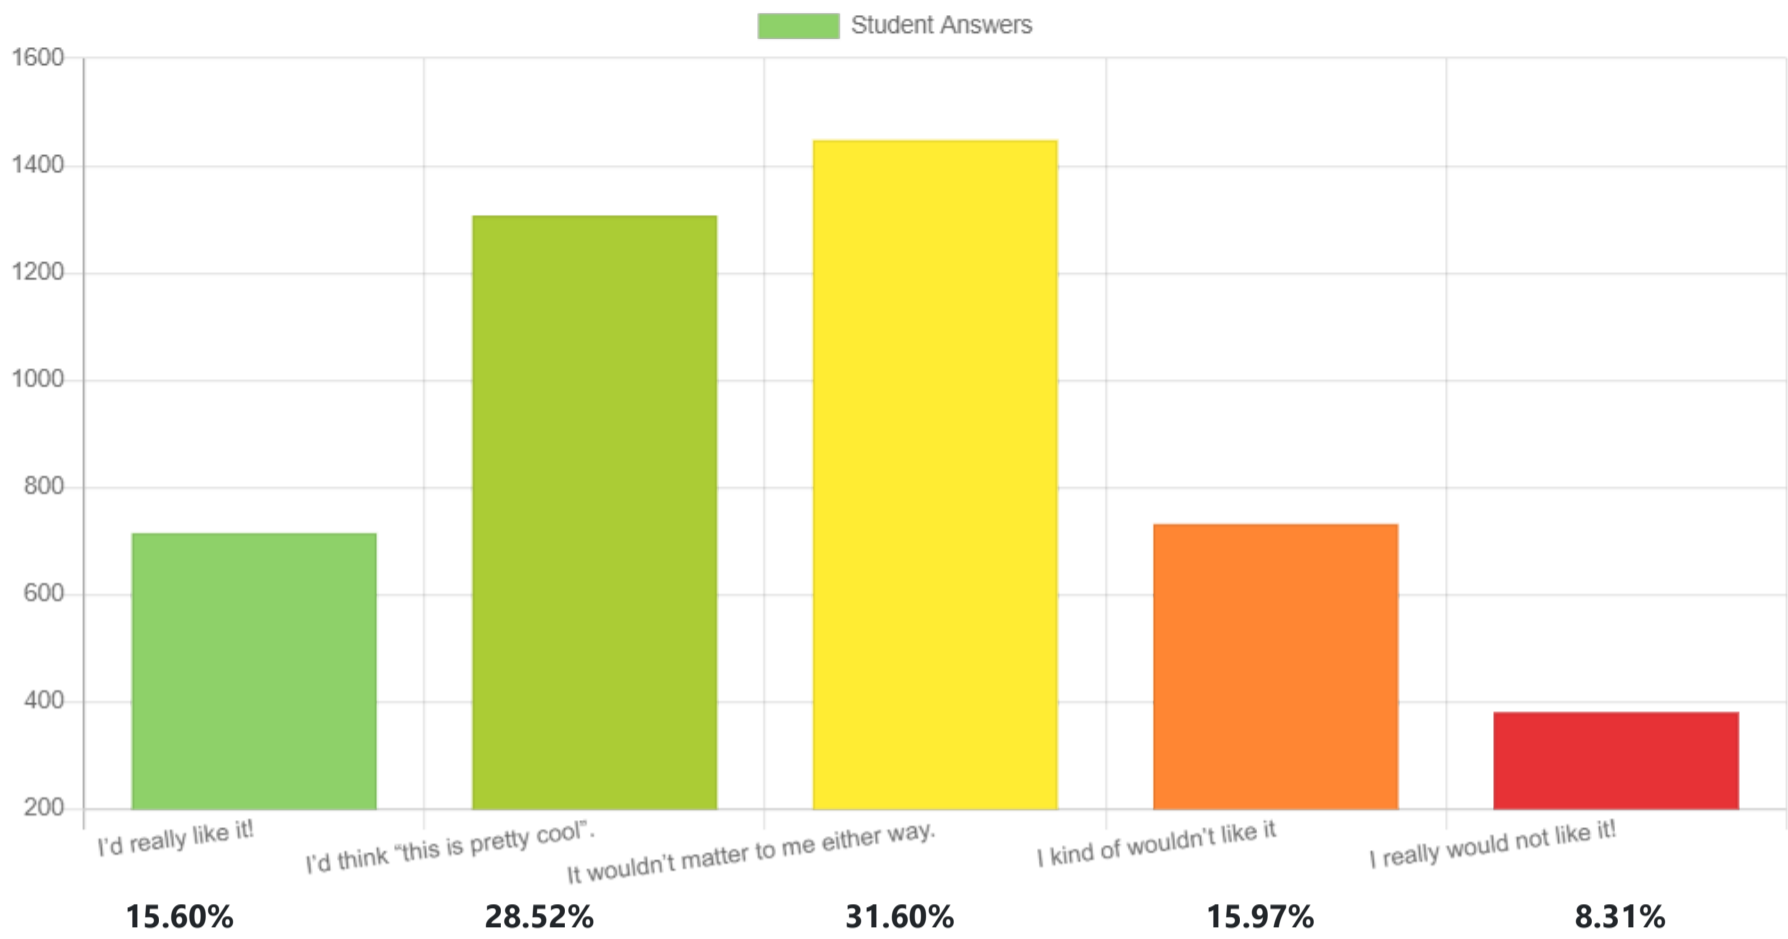

3. If my teacher said, Today, you will be playing a virtual competition game against your classmates, I would feel

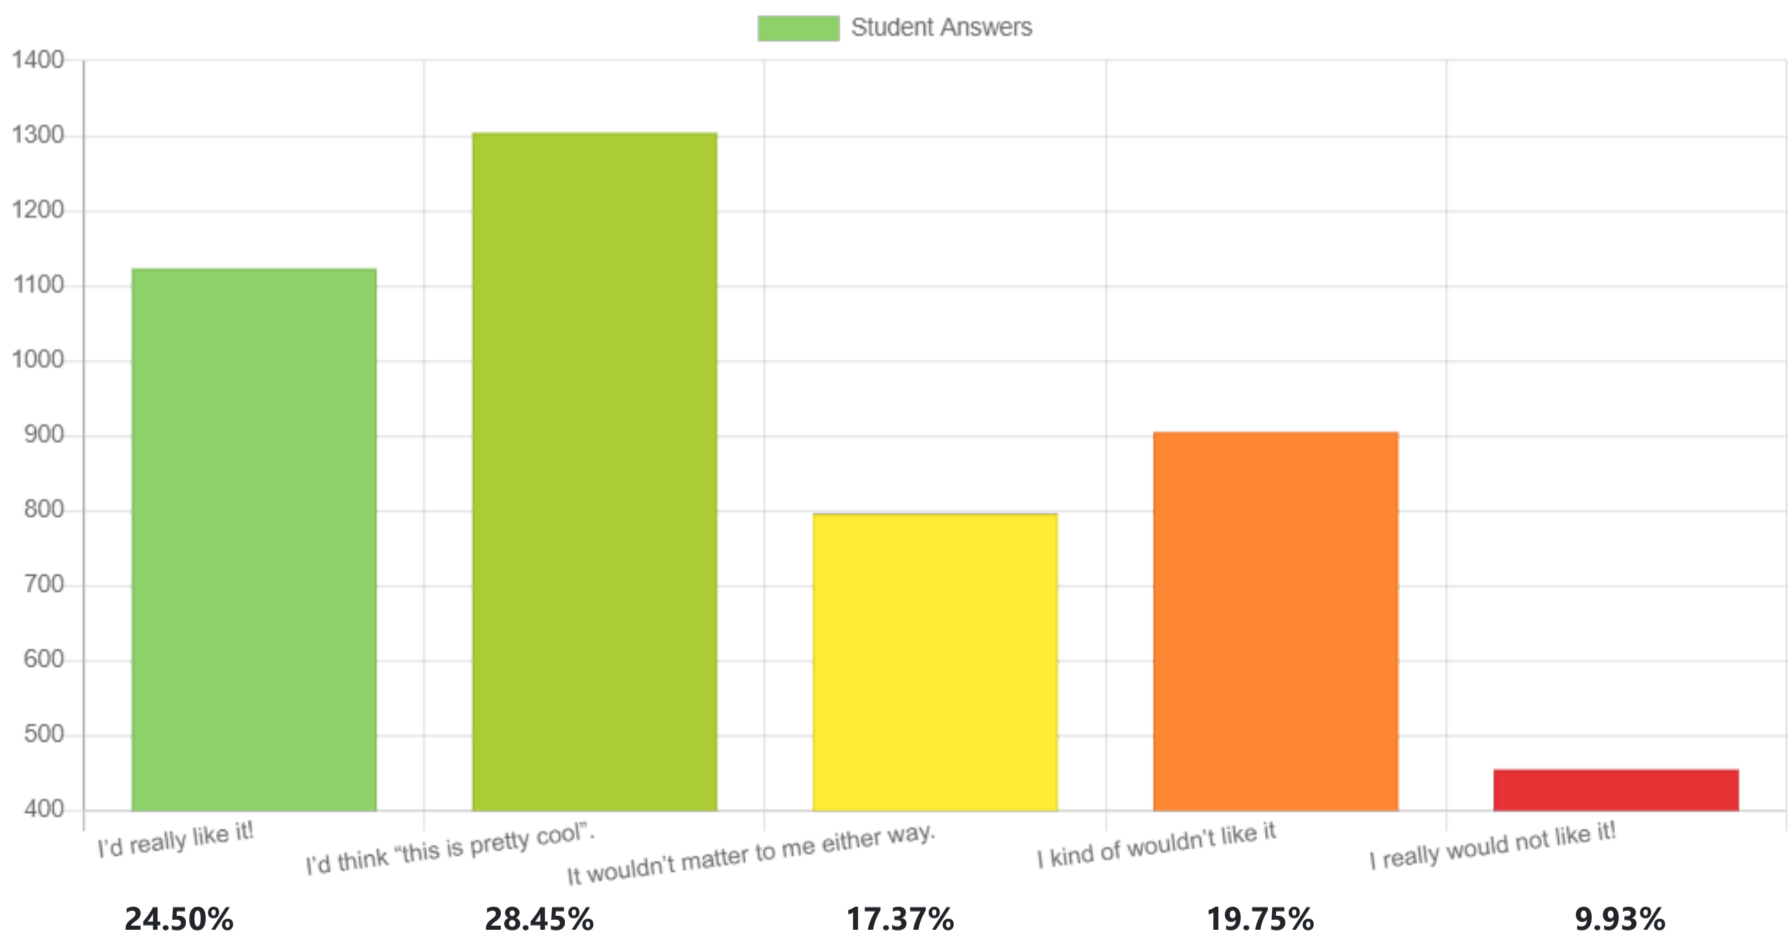

4. If my teacher said, Today, you will make sight word cards or math fact cards using index cards, I would feel

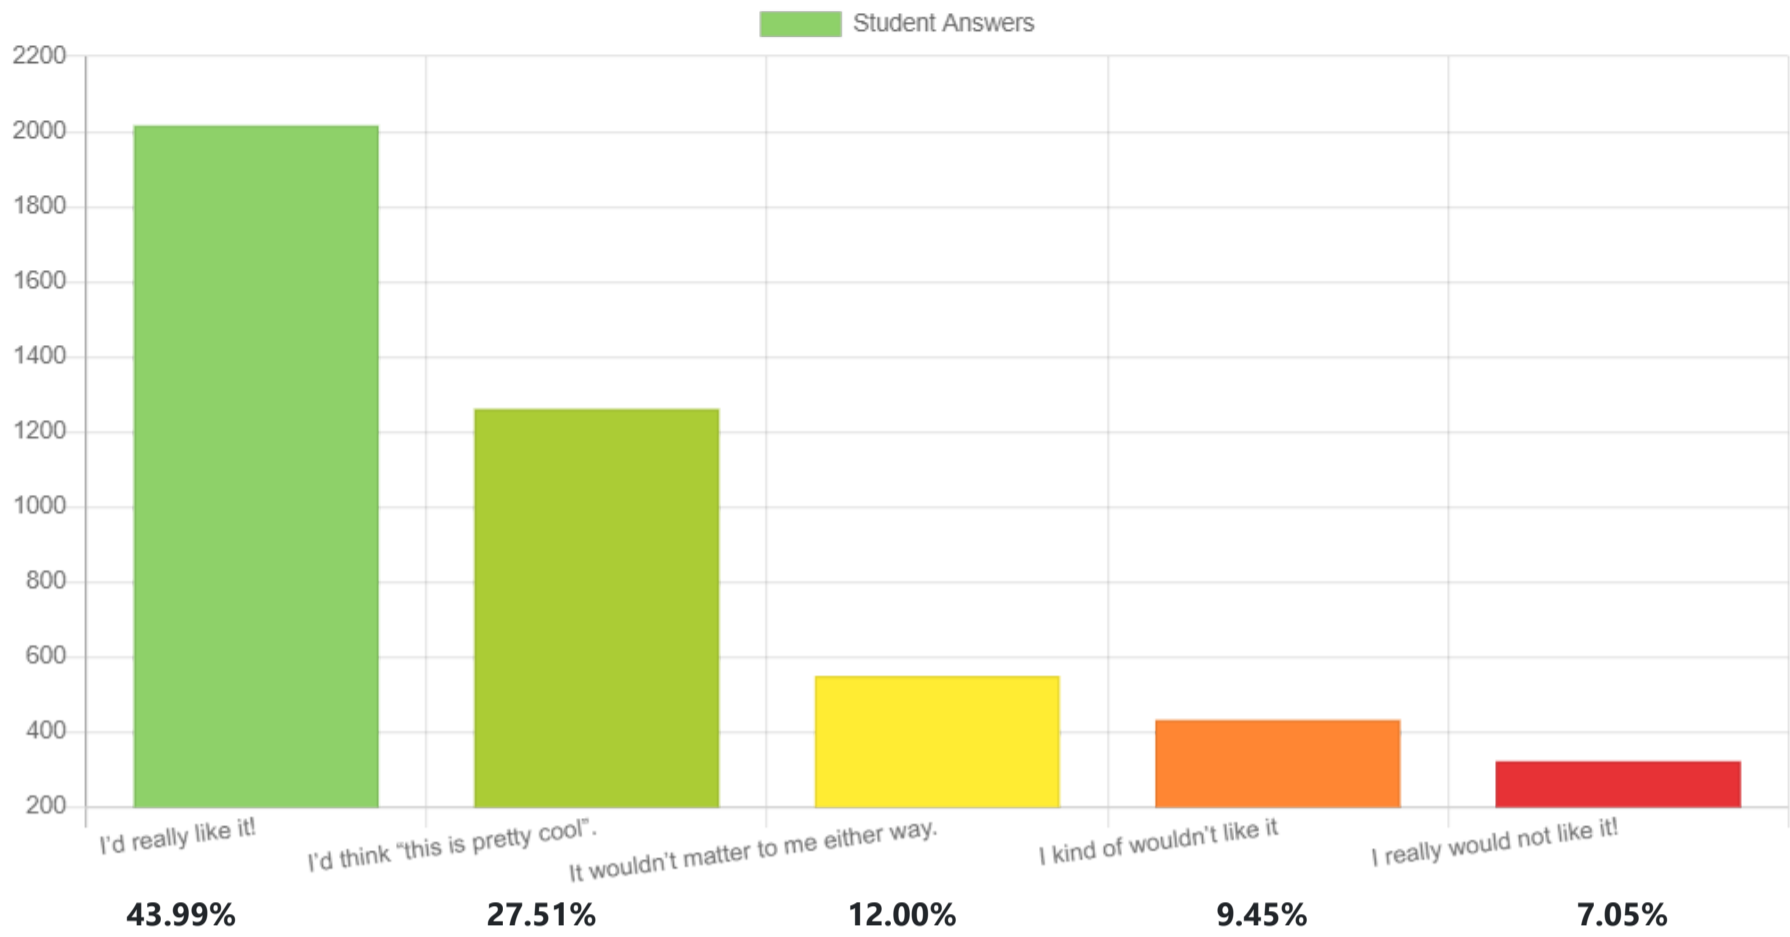

5. If my teacher said, Watch the video I made of myself teaching and ask questions if you have any, I would feel

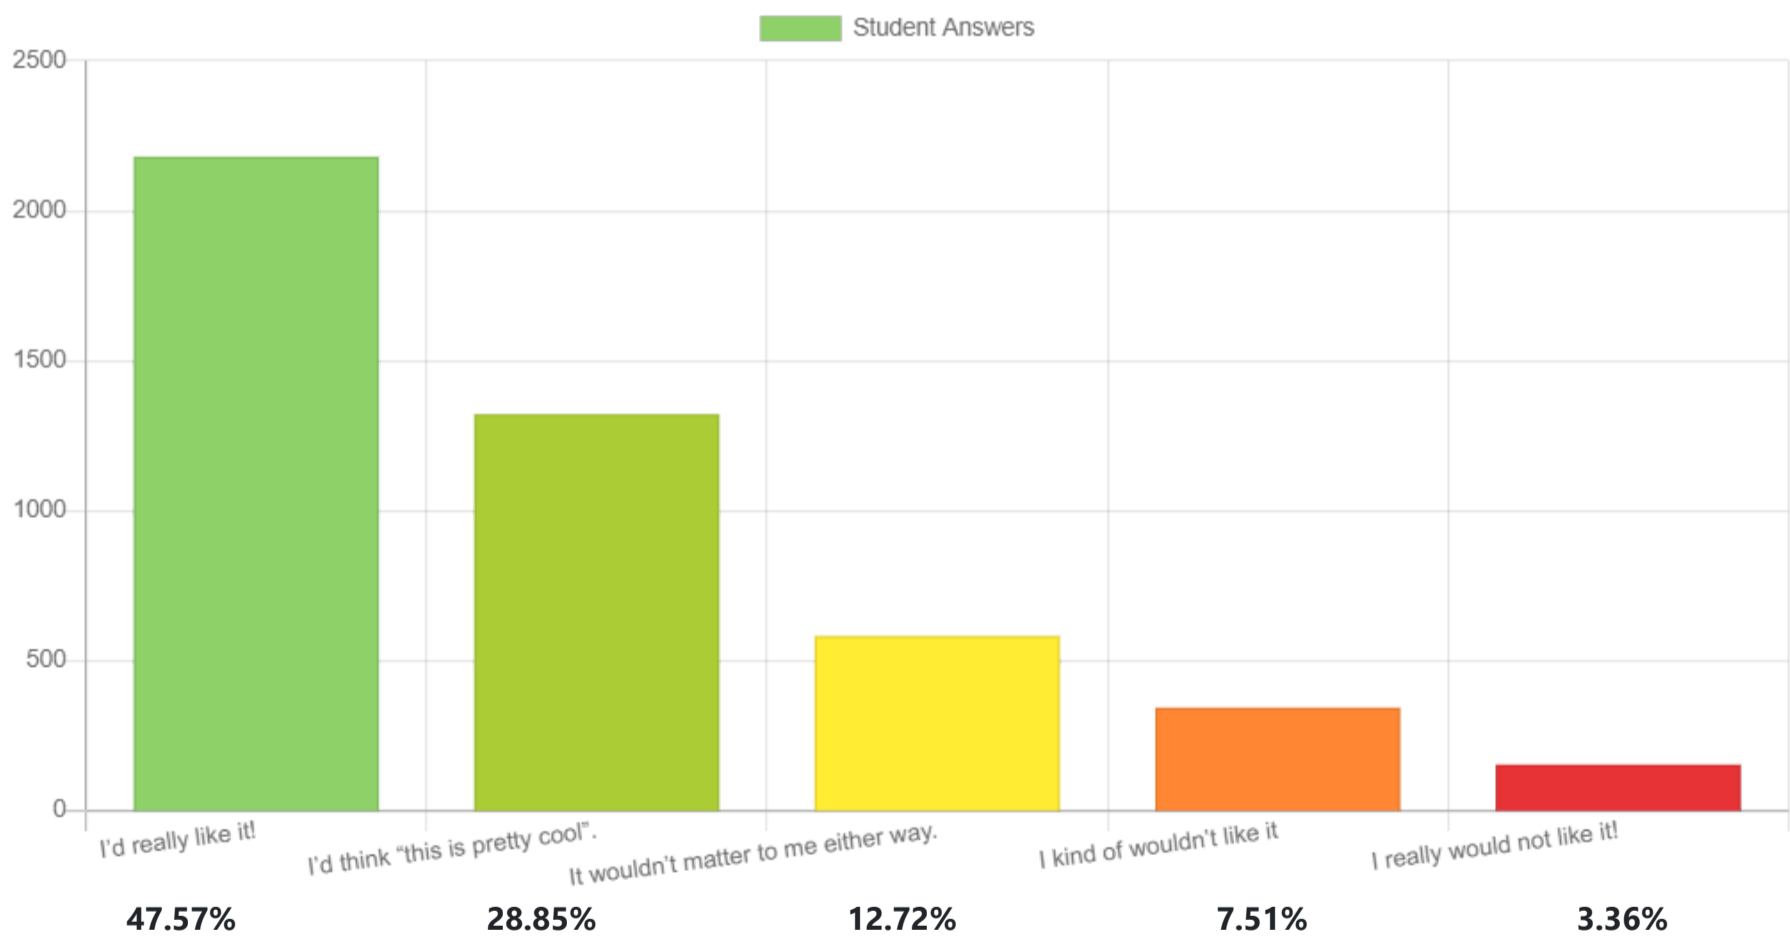

6. If my teacher said, This week, you will be making your own video to show me what youve learned, I would feel

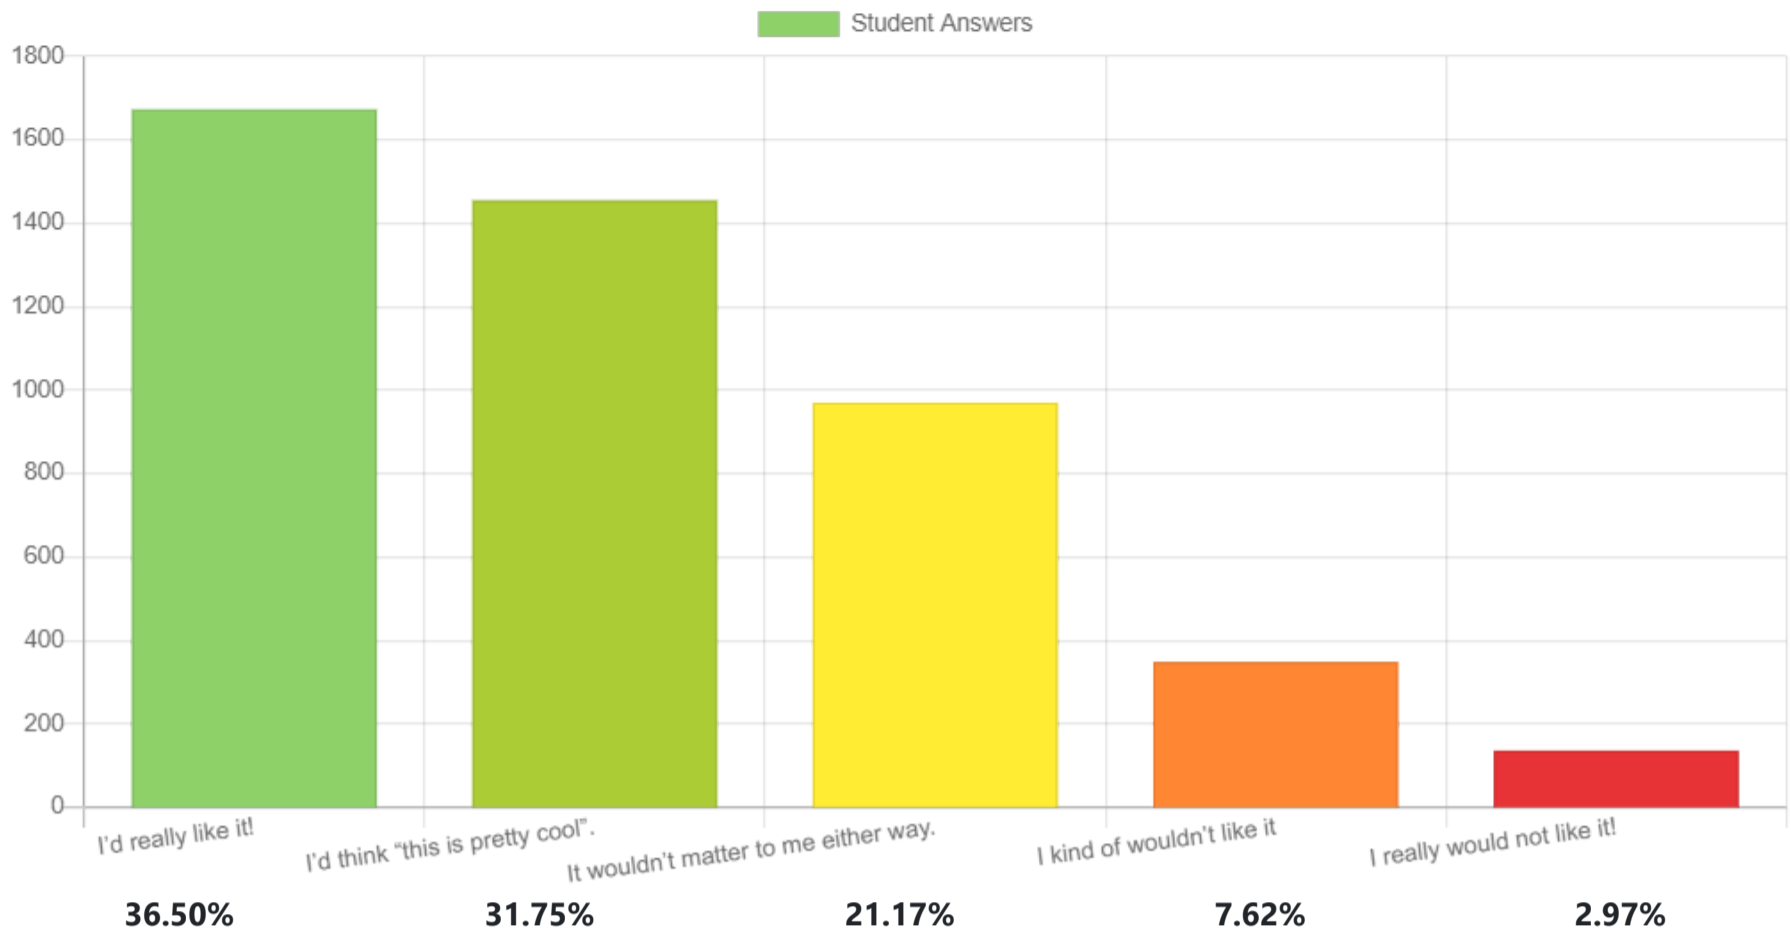

7. If my teacher said, Today, we are going to have a guest speaker present to the class, and then well go on a virtual field trip, I would feel

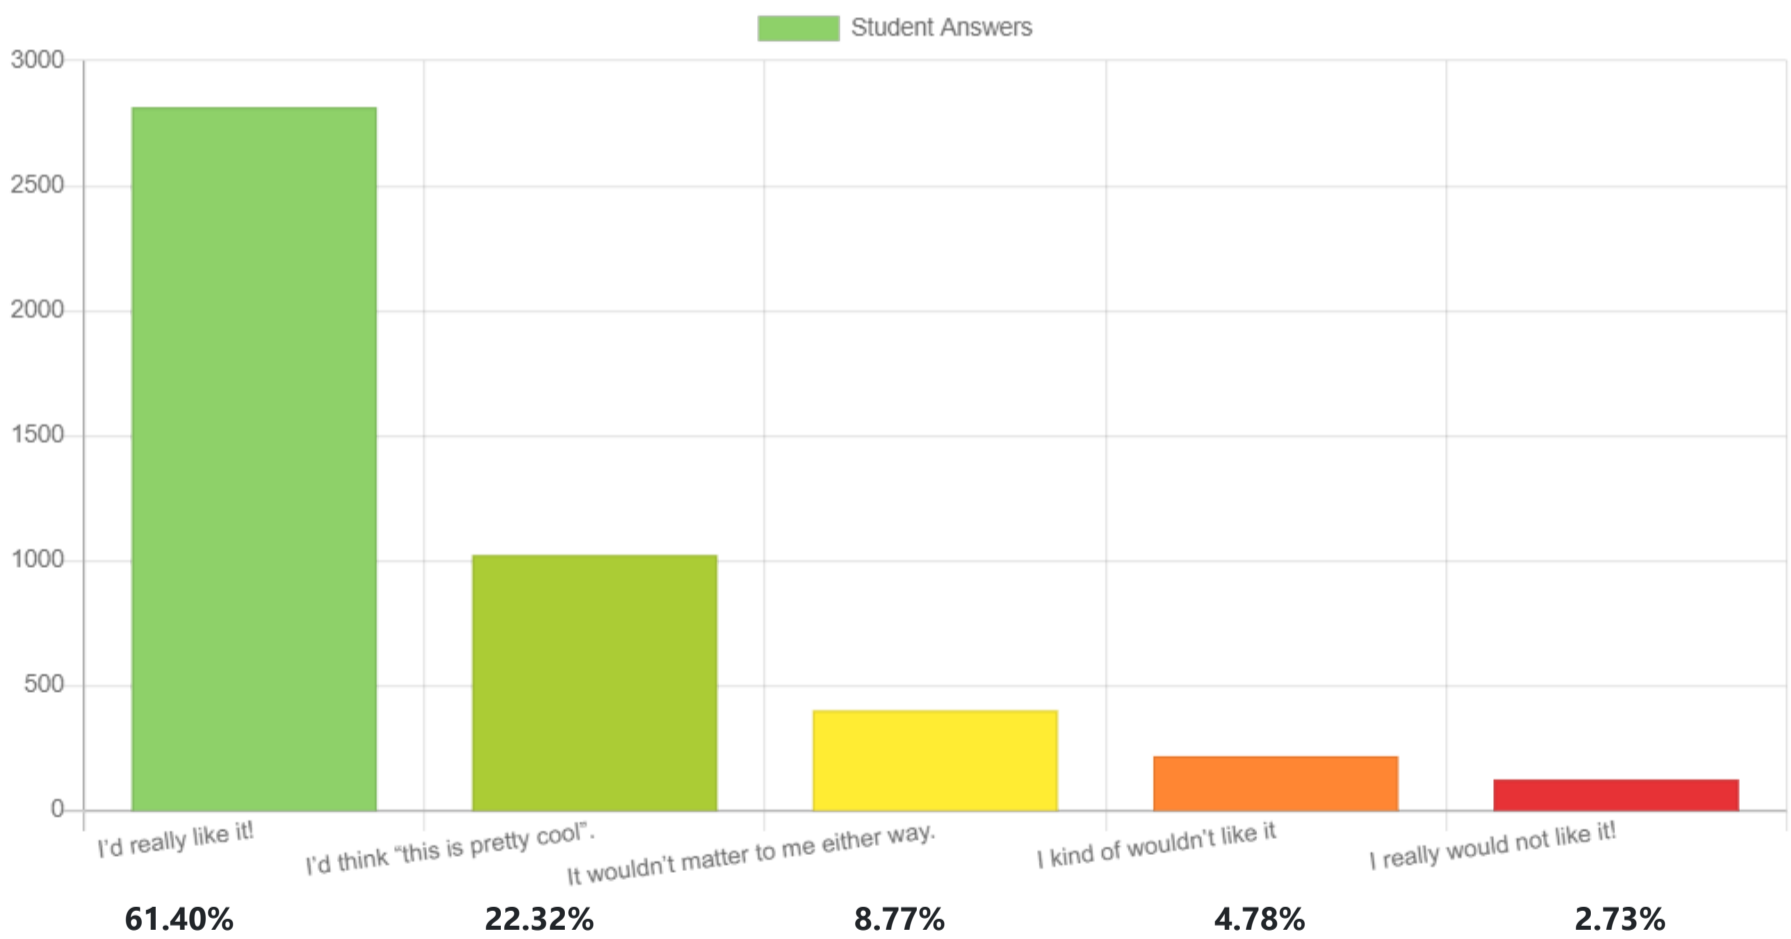

8. If my teacher said, Today, we will be doing a project using paper, crayons, scissors, glue, tape, paint, and markers, and then upload it to itsLearning, I would feel

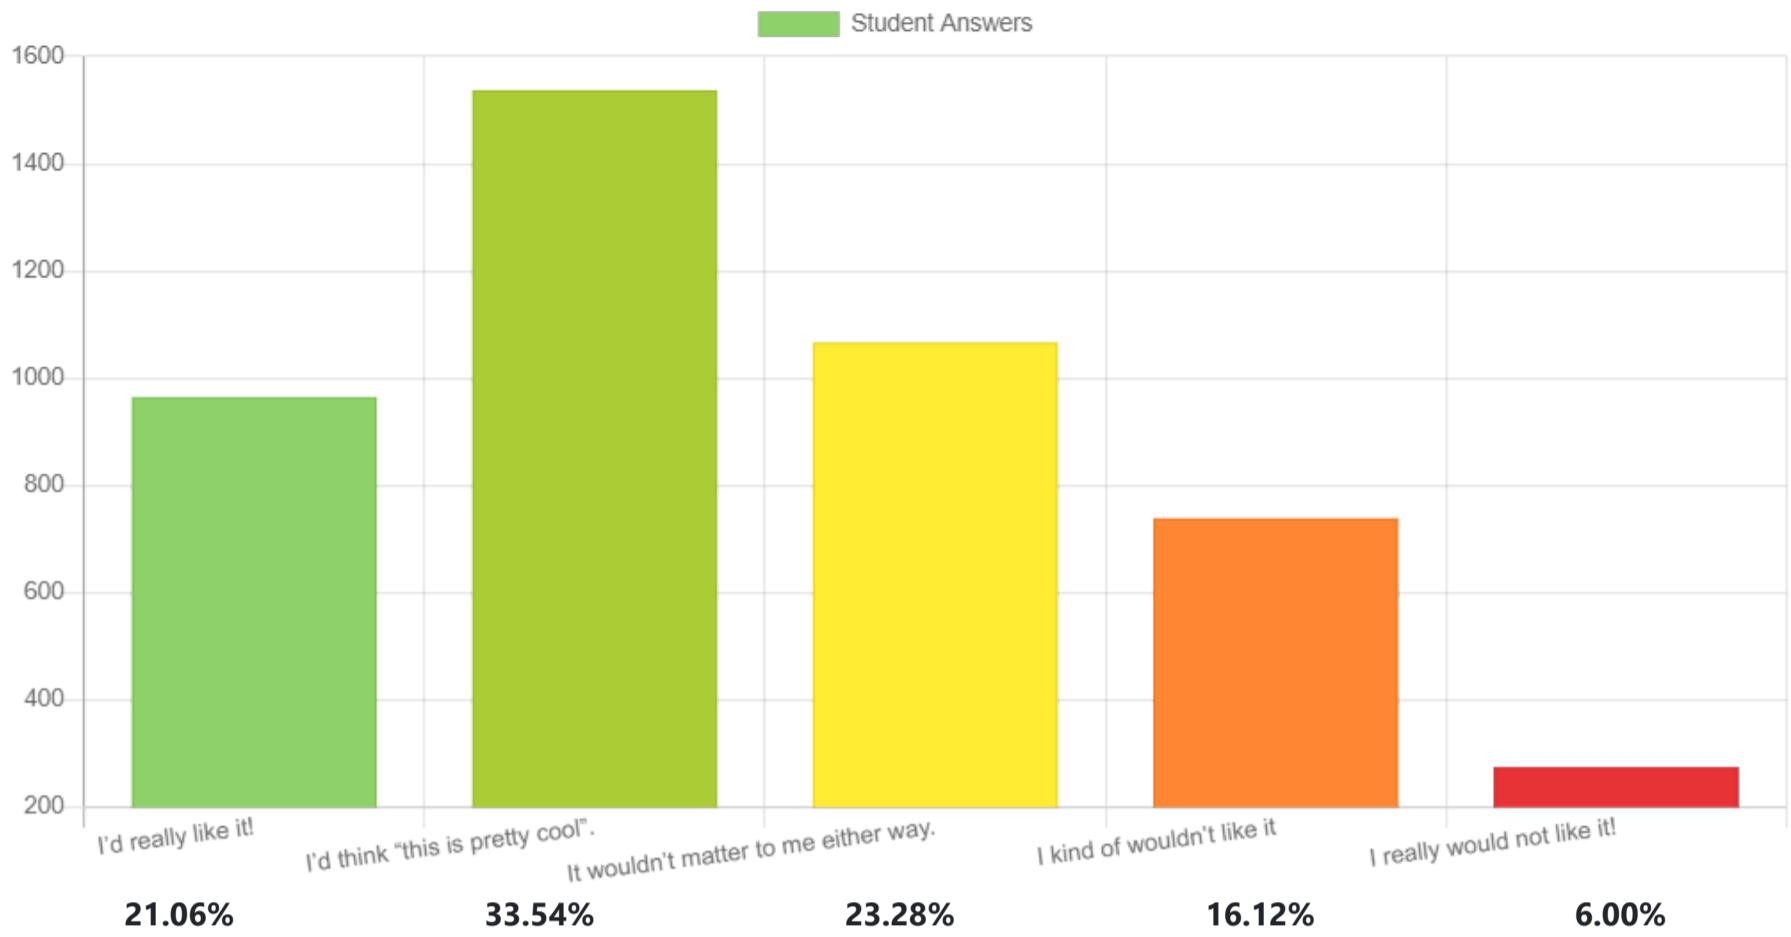

9. If my teacher said, Sometime, during class, we will all take a brain break, like doing jumping jacks, running in place, stretching, or breathing exercises, I would feel

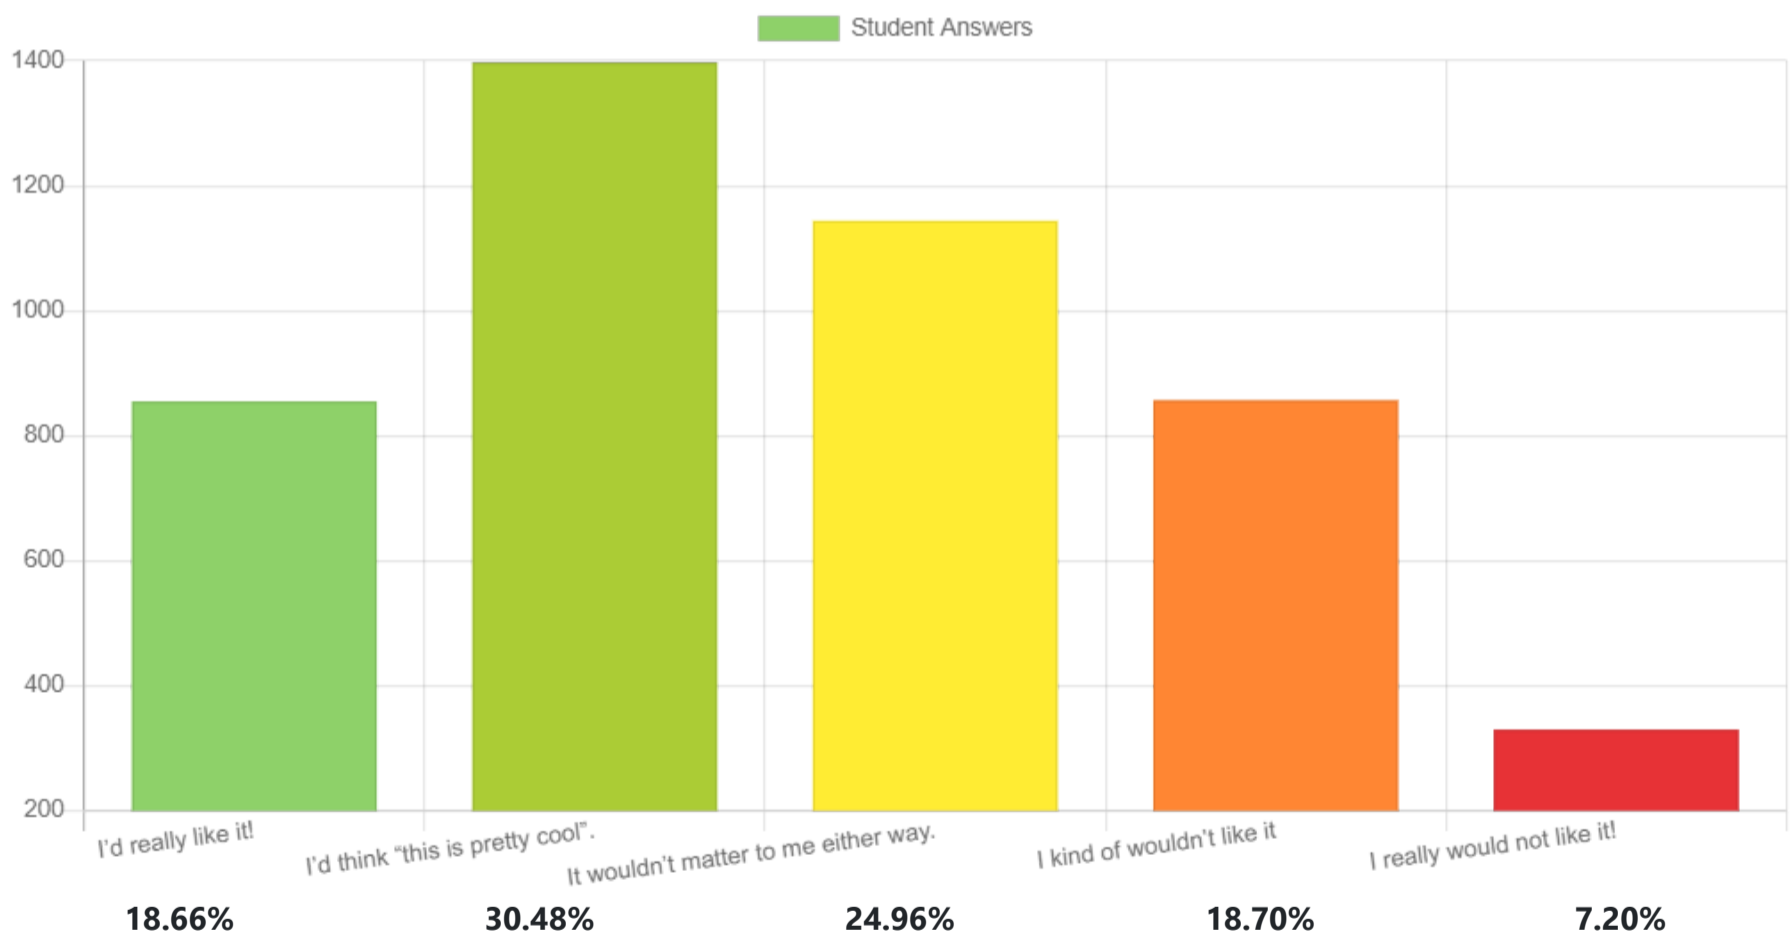

10. If my teacher said, Today, we will be doing all our work outside, I would feel

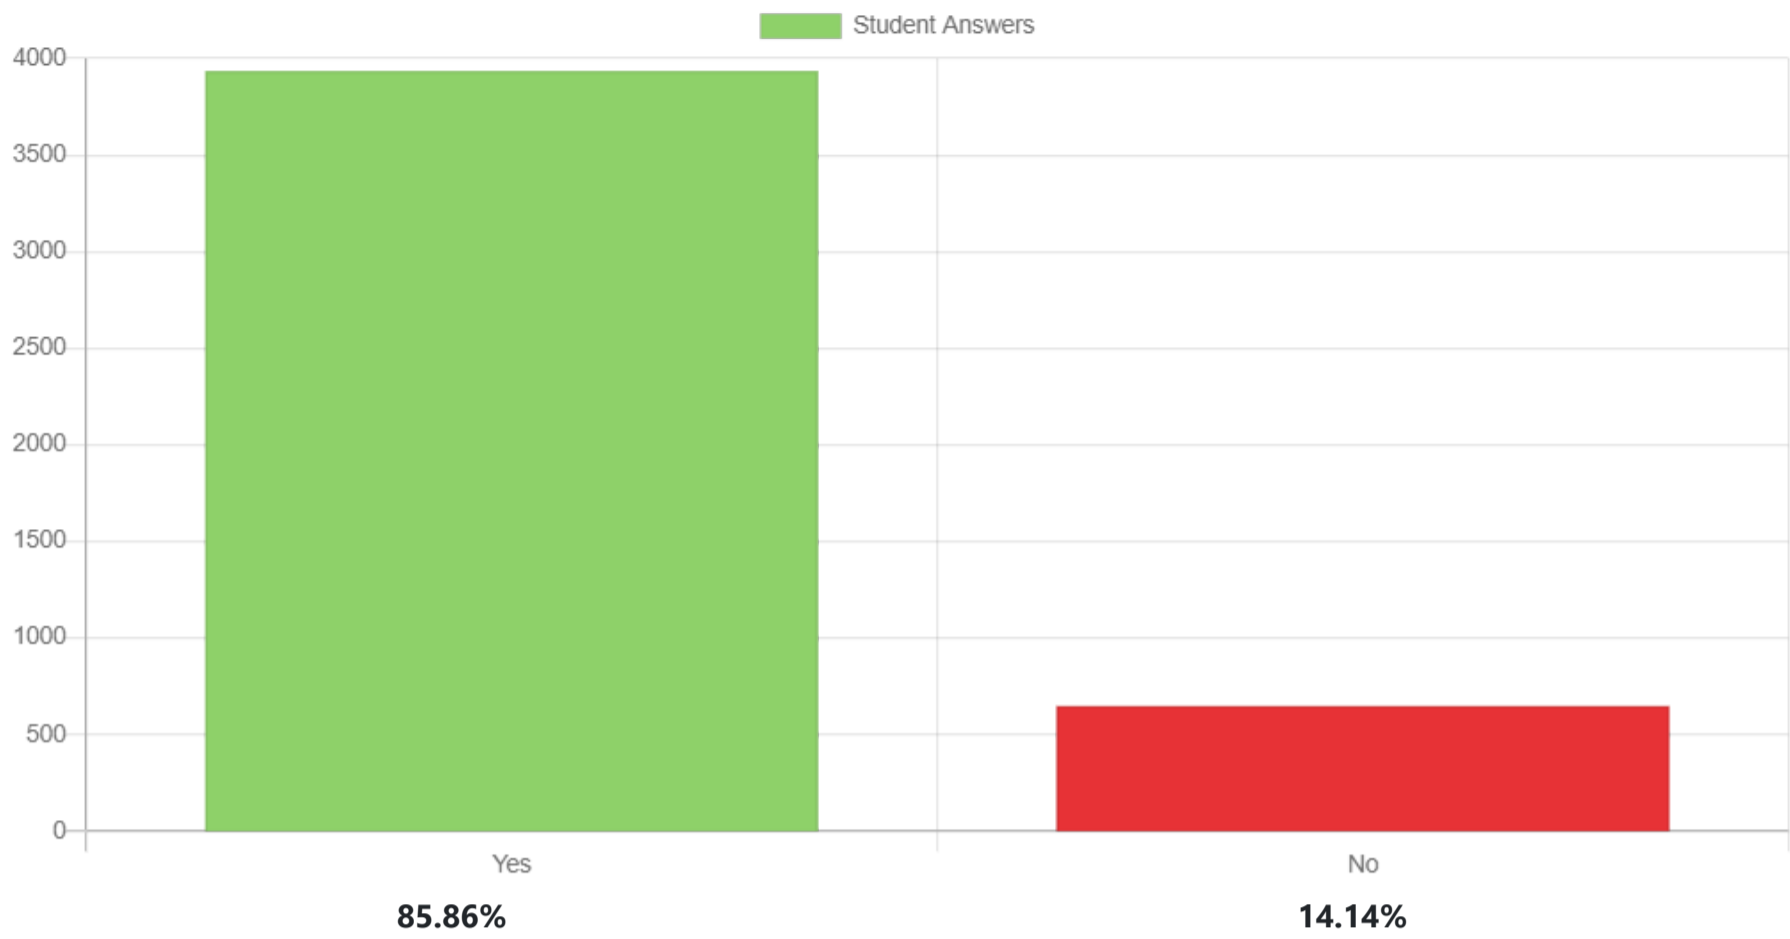

11. If my teacher said, Today, you are going to be presented with a problem, research a solution and build a prototype or model of the solution, I would feel

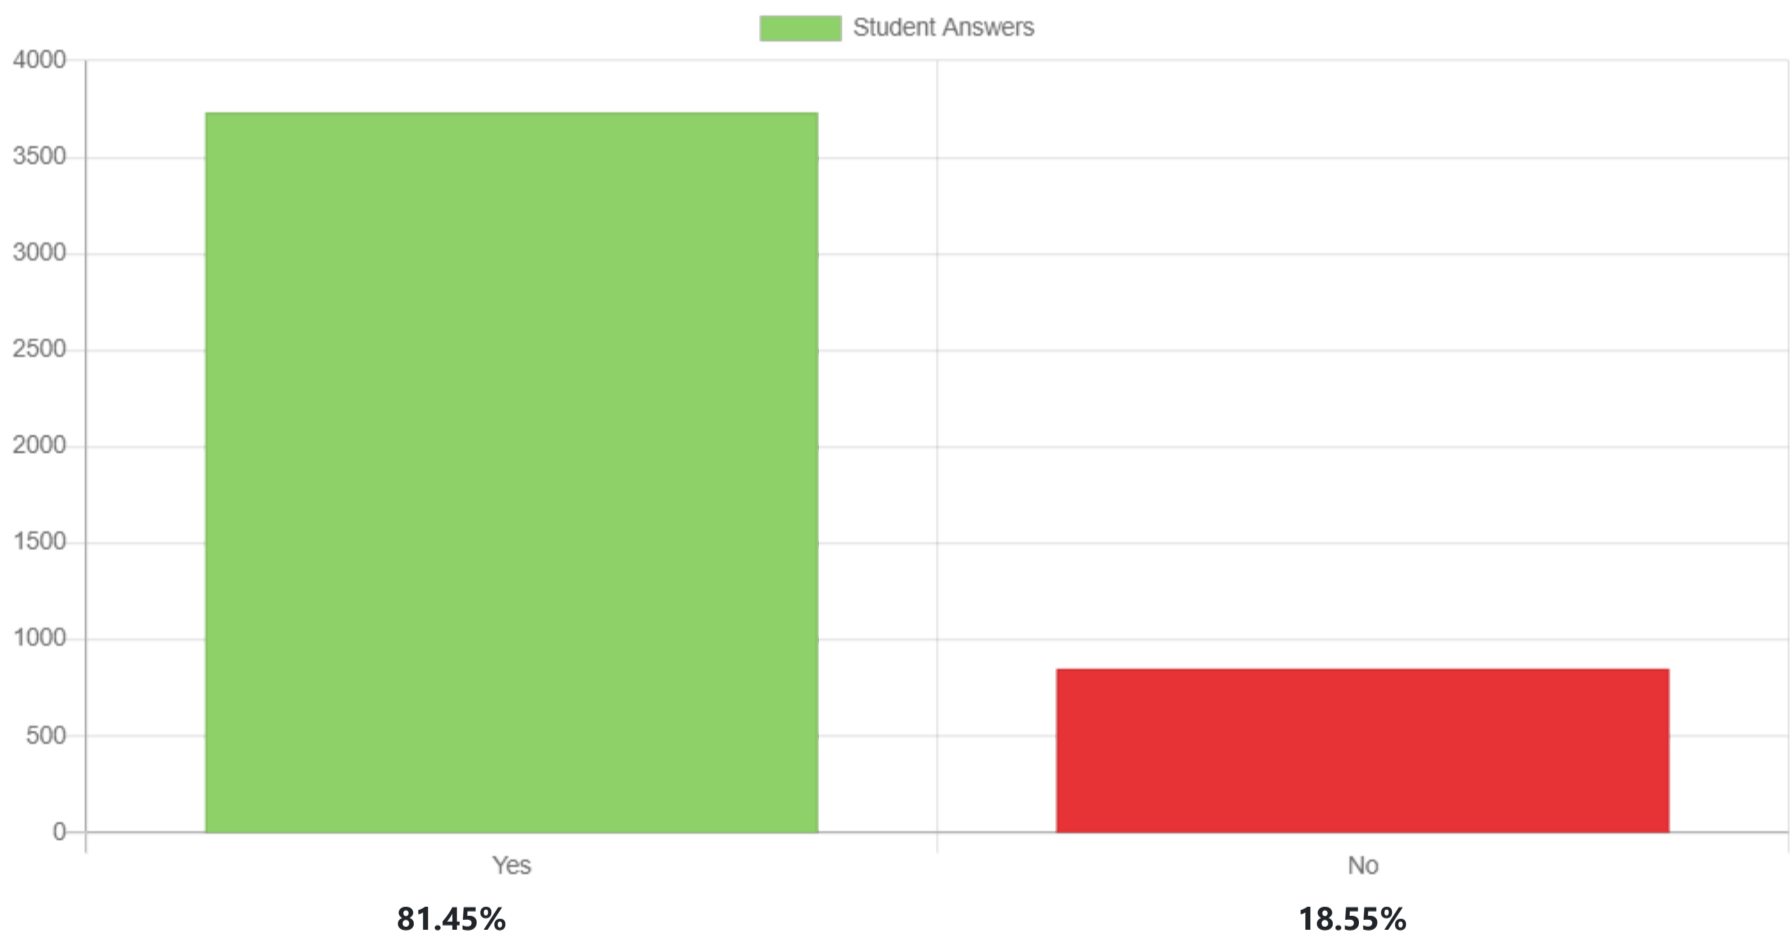

12. If my teacher said, Today, you are going to present a prototype or model of the solution to the class, I would feel

13. I was actively connected to learning materials because of the strategies my teacher used. (Cognitive Engagement)

14. I felt connected to and valued by my teachers, peers, and my school. (Emotional Engagement)

15. I was present in my classes (physically or virtually) and put effort into participating in discussions and completing tasks and assignments. (Behavioral Engagement)
