Warning Regarding
Current Vape Products

ALERT

E-CIGARETTES MAY CONTAIN **DANGEROUS SUBSTANCES!**

THAT INCLUDES VAPES!

Baltimore County Department of Health has recently received reports of people, including youths, being hospitalized after using vape products that may contain cannabis and related substances, such as delta-8 and hemp.

Be careful when sharing vapes, as they may contain unknown substances or other dangerous products.

Many vapes and the liquid that goes inside of them are not regulated by the FDA. They may result in illness and, in extreme cases, death.

SYMPTOMS CAN INCLUDE:

- **Seizures**
- **Vomiting**
- **Hallucinations**
- **Drowsiness**
- **Abnormal Heart Rate**
- **Confusion**

CANNABIS RELATED PRODUCTS TO LOOK OUT FOR:
